ARTICULATION AGREEMENT BETWEEN

**Davis College
Graphic Design Associate Degree
and
College for Creative Studies
Bachelor of Fine Arts – Graphic Design**

**Article I
Agreement on Principle**

College for Creative Studies (CCS) and Davis College agree that students, who choose to earn an associate degree and transfer to CCS to earn a bachelor's degree, should be provided with a smooth curriculum transition that minimizes loss of credit and duplication of coursework. Therefore, College for Creative Studies and Davis College agree to enter into this program articulation agreement for students who complete the Graphic Design program at Davis College and transfer to CCS's Graphic Design program. Both partners enter into this agreement as cooperating, equal partners who shall maintain the integrity of their separate programs.

**Article II
Agreement on Program Specifics**

Davis College and College for Creative Studies agree that any student who has completed the Graphic Design program at Davis College may transfer the credits indicated on the attached Articulation Guide toward a Bachelor of Fine Arts in Graphic Design at College for Creative Studies. The bachelor's degree graduation requirements for students who follow this transfer agreement are as follows:

1. Complete the Associate in Applied Business in Graphic Design at Davis College and complete the coordinated program of study for the Bachelor of Fine Arts in Graphic Design at College for Creative Studies, as noted in the attached Articulation Guide.
2. The academic transcript and the quality of the student's portfolio determine transfer credit. Only courses with a grade of "C" or better (2.0 on a 4.0 scale) will be accepted for transfer to CCS.
3. When applying to CCS, an official transcript from Davis College must be sent to CCS's Admissions Office.
4. Under this agreement, students may transfer additional courses beyond the total for the associate degree. A minimum of 60 credit hours must be taken at CCS and a minimum of 126 credit hours, completed in-residence or accepted in transfer, is required for graduation.
5. Students must meet all admission requirements at the time of admission to CCS, including submitting a portfolio, and transcripts from all previously attended colleges indicating a 2.5 cumulative grade point average.
6. Students interested in transferring to CCS should contact the Admissions Office at CCS early, before completing an admission application to CCS. To facilitate the evaluation of transcript(s), students should bring a copy of this articulation agreement to all advising sessions.

Article III
Agreement on Communication

Davis College and College for Creative Studies agree to cooperate in communicating with each other and with their common and respective publics concerning the established relationship between the two institutions. Communication may include the development of various kinds of publications to inform those who might benefit personally or professionally from the opportunities provided by this agreement. Faculty and staff at both institutions will share the information in this agreement with interested and qualified students and both institutions will provide counseling and advising to students and prospective students.

Article IV
Maintenance and Review Body and Procedures

At least one administrative or faculty member from each institution will be appointed to act as agents for the implementation of this agreement, to speak for the institutions and to communicate changes to respective faculty members, advisors, counselors, and others to whom the information is pertinent. Davis College will designate an official or officials who will be responsible for all aspects of the articulation agreement and CCS will designate the Vice President for Enrollment and Student Services to take responsibility for all aspects of the agreement.

Davis College and College for Creative Studies agree to communicate annually any curriculum changes in their respective programs that may affect this articulation agreement and to review the agreement for revision and possible renewal during the third year.

Students, who began Davis College's program prior to the effective date of this agreement, may use the agreement to the extent that the program requirements followed are consistent with this agreement.
