Vital Information

Mission

The College for Creative Studies nurtures the creativity that is vital to the enrichment of modern culture. The College educates visual artists and designers, knowledgeable in varied fields, who will be leaders in creative professions that shape society and advance economic growth. The College fosters students' resolve to pursue excellence, act ethically, embrace their responsibilities as citizens of diverse local and global communities, and learn throughout their lives. The College engages in community service by offering opportunities for artistic enrichment and opening career pathways to talented individuals of all ages.

B.F.A. Program Goals

All College for Creative Studies graduates will master the following:

- A high level of technical proficiency in students' chosen media and an in-depth knowledge of their chosen area of specialization.
- Ability to make valid assessments of artistic style and design quality.
- Ability to utilize both intuitive and critical thinking skills in their work and in the evaluation of the work of others.
- Ability to use words to receive and express ideas adequately.
- Ability to recognize, comprehend and apply basic design principles, concepts and terminology in their own work and in the analysis of the work of others.
- Skill in drawing that is sufficient to communicate visually their ideas appropriately for their specialization.
- Broad knowledge of the history of art as a product of culture.
- Basic understanding of other major areas of human achievement, and the thinking which underlies these disciplines.
- A clear understanding of the citizenship responsibilities inherent in their profession.
- Awareness of the necessity of flexibility, and the desirability of continued learning and self-actualization.
- A basic knowledge of technological developments applicable to their chosen disciplines.

Community Arts Partnerships

CCS is committed to making art and design education accessible to the community. The Community Arts Partnerships (CAP) program cultivates collaborations between CCS and metro Detroit community organizations to bring CCS' educational resources to underserved populations. CAP programs are individually crafted, providing unique and effective art and design education and enrichment programs for young people from diverse background. Each program is solidly based in a strong visual arts curriculum that emphasizes hands-on art making, team teaching and learning through the introduction of new art and design technologies, while inspiring Detroit youth to embrace art in everyday life.

Continuing Education

The Continuing Education program at CCS offers classes for youth, high school students, teachers and other individuals interested in developing their skills or learning about art and design. The Continuing Education program provides training for our area's workforce, and offers computer courses that keep designers and aspiring designers up-to-date with current technologies as well as offers portfolio development programs. Continuing Education programs include a young artist program for ages 6+, summer pre-college programs for high school students, Michigan teacher continuing education credits, certificate programs, and diploma programs.

A Brief History

In 1906, the year Pablo Picasso's *Les Femmes d'Alger (O. J. R. Version O)* heralded the Cubism movement and automobiles made the first tentative trips through Detroit's streets, a group of local civic leaders founded the Society of Arts and Crafts. Inspired by the English Arts and Crafts movement, the Society dedicated itself to keeping alive the ideals of beauty and craftsmanship in an industrialized world—in their words, to “encourage good and beautiful work as applied to useful service.”

The Society offered informal classes in basic design, drawing and woodcarving beginning in 1911, and opened a gallery to display and sell work by students and eminent modern artists.

In 1926 the Society became one of the first Arts and Crafts organizations in America to offer an educational program in the arts. From its inception, the school sought outstanding faculty and brought in noted painters, sculptors and craftspeople from around the world. In 1933 the Society made national news by recognizing the automobile as an art form. Industrial design and commercial art were soon added to the school's curriculum.

Recognizing the need to be part of Detroit's cultural center, the school moved in 1958 to its current location. In 1962, when the Michigan Department of Education authorized the granting of a Bachelor of Fine Arts degree in Industrial Design, the school officially became a college.

In 1975 the Detroit Society of Arts and Crafts changed its name to the Center for Creative Studies-College of Art and Design. The Kresge-Ford Building was completed in the same year. In 1997 another building, the Academic Resource Center, was added to campus. In 1999 CCS built a parking structure and in fall 2001 inaugurated the new Walter B. Ford II Building for design and two renovated historic homes housing the administration and admissions offices.

Over the years, CCS' student enrollment grew along with its physical campus: more than 1,300 students are now working toward B.F.A. degrees in ten studio majors. Within those ten majors, the College offers the opportunity to achieve state certification as an art educator.

In July 2001 CCS changed its name to the College for Creative Studies to better reflect what the College does—educate talented students to become artists and designers and leaders in their fields. The new name also encapsulates the sweeping changes made in the past several years—new facilities, new technologies, new curricula and an expanded community focus—which have converged to create a virtually new CCS, proud of its tradition of innovation.

Accreditation

The College for Creative Studies is a nonprofit, private, four-year art college authorized by the Michigan State Department of Education to grant Bachelor and Master of Fine Arts degrees. CCS is an accredited institutional member of the National Association of Schools of Art and Design and is accredited by the Higher Learning Commission and a member of the North Central Association. Documents regarding accreditation are available in the Executive Office upon formal request.

In order to make the accreditation process responsive to a broad range of constituents, the accrediting agencies invite the public to provide written comments about the College's qualifications for re-accreditation.

If you wish to make comments, send them by letter or e-mail to the following address:

The Higher Learning Commission
30 North La Salle Street, Suite 2400
Chicago, Illinois 60602-2504
www.ncahigherlearningcommission.org

Nondiscrimination Policy

The College for Creative Studies subscribes to the principle of equal opportunity in its admissions, employment and educational practices and strives to provide an educational environment and workplace free from unlawful harassment or discrimination. Discrimination, including harassment, because of age, race, color, national origin, religion, sex, sexual orientation, marital status, disability or any other characteristic protected by law is strictly prohibited.

The following person has been designated to handle inquiries regarding the nondiscrimination policy as it relates to students:

Michael Coleman, Director of Student Life
Office of Student Life, Art Centre Bldg.
201 E Kirby, Detroit, MI 48202-4034
313.664.7676

Requirements for Application and Admission

Freshman Applicants

- Prospective students must demonstrate commitment, maturity and a readiness to work and grow in an educationally creative environment.
- Completed paper application with \$35 application fee or [free online application](#).
- Official high school transcript with a minimum 2.5 grade point average. Applicants having earned a GED must submit official results of the test scores. (A minimum of a 401 composite is required.)
- ACT or SAT scores indicating potential to succeed at the college level. (If GED is submitted, the SAT or ACT is not required.)
- Minimum 10-piece portfolio. Students submitting actual portfolios may mail them or drop them off at the Office of Admissions between 8:30 am-4:30 pm, Monday-Friday.
- Letters of recommendation are optional.
- Personal interviews are available.
- The application, transcripts, test scores and portfolio may be submitted separately.
- AP exam transcript if taken
- Official college transcript if dual-enrolled

Applicants who are unable to meet these requirements are encouraged to complete one full-time semester or two quarter terms (minimum of 12 semester credit hours) in a general liberal arts program at an accredited college and maintain at least a 2.0 grade point average prior to seeking admission. A minimum of six of the 12 credits must be in academic subjects. Occasionally, students are considered for admission on a conditional basis after an interview and careful review of the portfolio and academic information.

Home-Schooled Students

Home-schooled students may submit one the following forms of transcript documentation in place of an official high school transcript:

- Home School Agency
- State Department of Education
- Local School District or Superintendent's office.

If you do not have a transcript from one of the sources listed above, please contact the **Admissions Office** at 800-952-ARTS. All other application requirements, including ACT or SAT scores, pertain to home-schooled students.

Transfer Applicants

- Completed application with \$35 application fee or free online application.
- Official high school or GED transcript.
- Official college transcript(s). Applicants must have a minimum 2.0 college grade point average or meet the high school GPA requirements stated above.
- Portfolio of 10-20 pieces, depending on the number of college studio art classes completed. Include pieces reflecting your highest college-level studio work (if applicable). Studio transfer credit will be determined during the departmental portfolio review, based on the course work and skill levels reflected in the overall portfolio. (See Submitting a Portfolio.)
- Letters of recommendation are optional.
- Personal interviews are available.
- The application, transcripts, test scores and portfolio may be submitted separately.

Your file will be evaluated for foundation, liberal arts, studio and elective transfer credit. Acceptance of studio transfer credit and placement within the CCS studio curriculum is based on a review of the portfolio and college transcript(s). Studio credit evaluations are conducted by department chairs. Transfer credit is not granted for any subject in which less than a grade of “C” (2.0) has been earned. Students may transfer in at freshman, sophomore or junior status. The College also accepts eligible Advanced Placement, CLEP and International Baccalaureate credits whenever applicable.

International Applicants

- All Freshman or transfer student application requirements are required for international students, except for the ACT/SAT requirement. In addition, the following requirements apply:
 - Each transcript must be translated into English and must include the school's grading scale so we may convert your academic class grades. Please submit descriptions of your studies in each university studio class so we can determine their eligibility for transfer.
 - A minimum Test of English as a Foreign Language (TOEFL) score for the internet of 71 or a TOEFL with a minimum composite score of 527 on the paper-based or 197 on the computer-based test. www.toefl.org. Code 1035. Photocopied test results are not accepted.
 - Official certification from a financial institution documenting funds to cover one year's tuition and expenses (\$36,110). The actual amount available for studies must be stated in U.S. dollars.
 - I-20 forms are issued after all requirements are met. An I-20 form enables a foreign student to apply for an F-1 student Visa from an American Embassy.
 - All payments must be made by credit card, check (drawn on U.S. bank) or international money order.

Guest/Nonmatriculated Students

Students who wish to enroll in specific courses at the College but who do not apply for admission as a degree-seeking student are identified as non-matriculated. Non-matriculated students include guest students and high school students who are dually enrolled at the College and at their high school.

Non-matriculated students must meet with the appropriate department chair to obtain permission to enroll. Non-matriculated students may enroll in up to three courses per semester. Enrollment for non-matriculated students is on a space-available basis and must take place during the Drop/Add period during the first week of the semester.

Readmission Policy

Students who have been suspended, or those who have voluntarily dropped out for more than two consecutive academic years, must follow the CCS readmission policy. For readmission, students must reapply through the Office of Admissions. They must submit a portfolio of work, including work completed at CCS and any work completed during their absence from CCS. They may be required to have an interview with the Chair of the department to which they are applying. Students who were suspended because of a low GPA must submit an official transcript showing 12 credits taken at another accredited institution that are eligible for transfer to CCS .

Portfolio Requirements

An acceptable portfolio is one that exhibits technical and conceptual preparation for college-level work at CCS. All portfolios must include a minimum of 10 pieces representing your selected major or areas of strength.

General Guidelines

Portfolio guidelines specific to each major are listed on the following page.

Edit your work. Quality is more important than quantity — 10 great pieces are better than 20 that are inconsistent. Work completed within the last two years is usually the strongest.

Presentation of your work is important regardless of the format for submission. Photographs on a CD should be clear, not blurry, and should be oriented with the top facing up. Actual work on paper (drawings, graphic design, photography, etc.) should be matted or mounted, but is not required.

If drawings are included in the portfolio, please review the following suggestions:

- Draw from observation of objects, scenes and people. Include good descriptive or representational drawing.
- Include accurate line drawings and good examples of fully-rendered compositions using a complete range of light, middle and dark values.
- If possible, include figure drawing or partial figure drawing (hands, feet, etc.) or portraiture.
- Be original. We would like to see work that expresses your ideas and feelings about a subject.
- Consider the entire picture surface; try not to isolate one object in the center of the page.

If you bring your original artwork to the Office of Admissions, all work done in charcoal or pastel must be sprayed with fixative and all paintings must be dry.

For large or 3D pieces, submit high quality photographs (prints, digital images on a CD).

Portfolio Guidelines for Each Major

Advertising Design

The portfolio should include a combination of work from the following list: conceptual or observational drawing, 2D design (traditional or digital), short films or videos, software exploration (Photoshop, Illustrator, etc.), photography, lettering samples, creative writing and any other conceptual thinking.

Crafts

The portfolio should include a combination of work from the following list: ceramics, glass, metals, fiber, painting, sculpture, prints, photography, video or digital, or drawings.

Entertainment Arts

The portfolio must include five drawings. The remainder should include a combination of work from the following list: photographs, 2D design in either traditional or digital forms, live-action short films or animations, drawing, creative writing, or any 3D work.

Fine Arts

The portfolio should contain five drawings from direct observation. The remainder should represent solid examples of your best creative efforts in any medium; they may include, but are not limited to, painting, sculpture, prints, photography, crafts, video or digital.

Graphic Design

The portfolio should include a combination of work from the following list: photographs, collages, software exploration (Photoshop, Illustrator, etc.), printmaking, lettering samples, drawing, creative writing, or any 3D work.

Illustration

The portfolio must include at least five drawings from direct observation. The remainder can represent your selected major or areas of interest.

Interior Design

The portfolio must include at least five drawings from direct observation. The remainder can represent your selected major or areas of interest.

Photography

The portfolio should include a combination of work from the following list: photographs and other forms of 2D or 3D design that expresses your creative potential.

Product Design

The portfolio must include at least five drawings from direct observation. The remainder can represent your selected major or areas of interest.

Transportation Design

The portfolio must include at least five drawings from direct observation. The remainder can represent your selected major or areas of interest.

Undeclared

The portfolio must include at least five drawings from direct observation. The remainder can represent your areas of interest.

Submitting your work

Your work must be submitted in a portfolio case or other protective covering. If you deliver your work personally, please make arrangements for its retrieval as soon as possible after the final admission decision is made. Digital portfolios will not be returned. CCS cannot be responsible for lost or damaged work and/or portfolios that have not been picked up within 21 days after review. Any work submitted may be published in future CCS brochures or presentations. CCS reserves the right to print submitted works.

Work may be submitted on a CD in JPEG format at 300 DPI, DVD, email attachment, on video or original work in a portfolio case. Please label CDs and DVDs with format (Mac or PC) and software application used. Individual CD, video, or original work in a case must be labeled with the students name, address and telephone number. The work may be accompanied by an image key, including the image title, medium, dimensions and work produced.

Portfolios should be mailed to:

College for Creative Studies

Office of Admissions

201 East Kirby

Detroit, MI 48202

CCS cannot be responsible for lost or damaged work and/or portfolios that have not been picked up within 21 days after review.

Scholarships

For information on scholarships, please see the Financial Aid section.

Reserving Space

Commitment forms and housing applications are included with acceptance letters. Prospective students who wish to live on campus must submit the completed commitment form and housing application, commitment fee of \$100 and housing security deposit of \$200. Students who do not intend to live on campus must complete the commitment form and return it with a \$100 commitment fee to guarantee space in the next semester's class. The commitment fee is nonrefundable. The College's preferred reply date is May 1 for the fall semester and December 1 for the winter semester. The college follows a "rolling admission" policy and will continue to accept commitments until August 15th. Space is available until the enrollment limit of a department is reached. Departmental wait lists are then established.

Students with Disabilities

All efforts are made to assist CCS students with disabilities. Assistance in educational matters is provided through the Student Success Center. Other types of assistance for students with physical disabilities are provided through the Office of Student Life. Students with a physical and/or learning disability must provide the College with documentation of their disability before any assistance can be provided.

Tuition and Fees (2008–09)

| | |
|-----------------------------|--|
| Tuition: | \$903 per credit; \$13,545 per semester for full-time enrollment, 12–18 credits. |
| Commitment Fee: | \$100 per semester |
| Student Accident Insurance: | \$35 per year |
| Student Activity Fee: | \$100 per semester |
| Studio/Course Fee: | \$100–450 per semester depending on major and number of credits |
| Graduation Fee: | \$80 |

Average housing fees for 2008–2009 are:

| | |
|-------------------------------------|----------------------------------|
| One-bedroom: 2–3 person suite | \$2,350 per person, per semester |
| Two-bedroom: 4–more person suite | \$1,950 per person, per semester |

Tuition Payment Options

The College offers the following tuition payment options:

1. Full payment of tuition and fees at the time of registration (cash, check, money order, credit card [Visa, MC, AmEx, Discover]). International students must make payments by credit card, check (drawn on a U.S. bank) or international money order. Payments may be made on-line (using WebAdvisor), by mail, phone, or in person.
2. Deferred payment of tuition and fees. Students must make a **\$100 commitment fee payment at the time of their registration (waivers of this payment are not available)**. The balance of tuition and fees, less financial aid and scholarships, is due in two payments (see Academic Calendar for specific dates). Tuition bills are sent prior to the due dates. All payments not received by the due date will be assessed a \$25 late fee per billing.
3. Third-party billings: Students who are having a third party (such as an employer) pay their tuition must submit an approved voucher (not an application for approval) to the Business Office at the time of their registration. Students are responsible for any portion of their tuition and fees that the third party does not cover.

Financial Aid

We at CCS believe that financial aid is a way for both the student and the College to simplify the task of getting on with your education. Your college years will be some of the best years of your life. Resolving your financial concerns early will enable you to take full advantage of your experience at CCS. Ninety-five percent of CCS students receive some combination of scholarship, grant, loan and employment assistance, totaling more than twenty-three million dollars.

Scholarships

Scholarship Requirements

CCS awards scholarships based strictly on academic excellence and artistic ability. Scholarships are awarded for the purpose of assisting students with tuition costs. Students receiving tuition assistance from their employers will have their actual tuition scholarship reduced accordingly.

CCS Scholarships

Applicants are automatically considered for scholarship money upon completion of admissions requirements. Awards are based on the portfolio review and academic achievement of the applicant. Recipients must maintain a minimum cumulative GPA of 2.5 to continue receiving these scholarships.

CCS Competitive Scholarships

A competition held in February determines the winners of the CCS competitive scholarships, the highest scholarships CCS offers for the incoming fall semester. Applicants to the college, who have achieved academic and artistic excellence, may be nominated by their high school or college art instructor, or by a CCS Admissions Counselor.

Qualifications require a CD portfolio of the highest caliber with images in JPEG format at 300 DPI. Students in high school are required to have a minimum GPA of 3.2 and an ACT score of 18 or higher or an SAT score of 950 or higher. Students coming from a community college must have a 3.0 GPA or higher.

For the 2008-2009 academic year, 15 - \$20,000 per year Walter B. Ford II Award of Excellence Scholarships were given. Students must maintain a minimum cumulative GPA of 3.0 to continue receiving these scholarships. CCS awards scholarships based strictly on academic excellence and artistic ability.

Eligibility Requirements for Financial Aid

Eligibility for need-based financial aid is determined by an analysis of family resources for the most recent calendar year to assess a family's ability to contribute to college costs. Adjustments to an application can be made because of a major change in circumstances, such as death, divorce or loss of employment or benefits.

To receive federal or state financial aid from CCS, students must demonstrate financial need, be accepted for enrollment in the degree program, attend the College on at least a half-time basis, maintain satisfactory academic progress and be a U.S. citizen or permanent resident. In addition, a student must be registered with Selective Service (or be exempt) and cannot owe a refund on previous Title IV funds received or be in default on any student loan. Students enrolled in credit classes through the CCS Continuing Education program are not eligible for financial aid.

Application Procedures

All students must complete the Free Application for Federal Student Aid (FAFSA) each year to be considered for need-based financial aid. The form is available through your high school guidance office, current college or university financial aid office, CCS' Office of Financial Aid or the U.S. Department of Education website: www.fafsa.ed.gov. The recommended filing deadline for high school seniors residing in Michigan who want to be considered for state aid is March 1. Transfer and continuing students should also submit their completed applications by March 1. The financial aid cycle favors those students who file in a timely fashion and complete the required documentation early. CCS' Title IV code is 006771.

Additional Scholarship Programs at CCS

The following scholarships are offered by the College for Creative Studies to eligible students based on the criteria specified by the donor. Students who qualify for these scholarships will be notified of the award on their financial aid award letter. Students will be notified of scholarship competitions through departmental postings and campus email.

- Alumni Scholarships
- American Chemistry Council Scholarship
- Booth Family Scholarship
- Maxine Brewer Memorial Scholarship/Harry Smallemberg Scholarship
- John Broutin Scholarship Fund
- Bordinat Memorial Scholarship
- Campbell-Ewald Endowed Scholarship in Memory of Don Gould
- CCS FIRST Scholarship
- CCS Ohio Governor's Scholarship
- Collectors Foundation
- Congressional Arts Competition Scholarship
- Richard and Jean Coyne Family Foundation Scholarship
- G.D. Crain Award
- Chrysler Corporation Scholarships
- Karnig Dabanian Memorial Scholarship
- Albert and Peggy deSalle Scholarship Fund
- Detroit Society of Women Painters
- Paul and Helen Ferago Endowed Scholarship
- Benson and Edith Ford Scholarships
- Ford Motor Company Scholarships
- Ford Motor Company/J. Walter Thompson Award
- General Motors Corporation Scholarships
- James C. Gordon Memorial Scholarship
- Charles E. Greene Award
- Hagopian Scholarship
- Emmet McNamara Scholarship
- Meredith Publications

- National Art Honor Society of Michigan Scholarship
- National Scholastics Scholarship
- Carl Olson Sponsored Scholarship
- Merlin and Elenore Robertson Memorial Scholarship
- Michael J. Swancutt Endowed Scholarship
- Target Corporation Scholarship

Need-based Grants and Scholarships

Federal Pell Grant

A federally funded grant awarding \$400 to \$4,731 per academic year for undergraduate students demonstrating high financial need.

Federal Supplemental Educational Opportunity Grant (FSEOG) Program

A federally funded, College-administered grant for undergraduate students demonstrating high financial need.

Federal Academic Competitiveness Grant

A federally funded grant available to Pell Grant recipients who completed a high school program defined as rigorous by the Department of Education. Available to students graduating from high school after January 1, 2005. Maximum awards are \$650 for the first year of study and \$1300 for the second year, provided a cumulative 3.0 grade point average is achieved.

Michigan Tuition Grant and Michigan Competitive Scholarships

The Michigan Department of Education awards tuition grants and scholarships annually to Michigan residents demonstrating financial need at an independent college or university in Michigan.

Michigan Promise Scholarship

Provides up to \$4,000 to high school graduates for successfully completing two years of post secondary education, beginning with the graduating high school class of 2007. Students must have received qualifying scores on their State Assessment Test.

CCS Tuition Grant

Institutionally funded need-based grant program. Amounts vary based on need and academic achievement.

Employment Programs

Federal Work-Study Program

The federally funded program provides on-campus jobs for students demonstrating financial need.

Michigan Work-Study Program

The state-funded work program provides on-campus jobs for Michigan residents demonstrating financial need.

Student Employment Program

The College-funded work program meets campus needs and employs students ineligible under federal or Michigan work-study programs.

Selection Criteria for Federal Campus-based Recipients

Federal Supplemental Educational Opportunity Grant (FSEOG) Program

Awards will be made to eligible students with the lowest expected family contributions who receive Pell Grants in that year.

The Federal Work-Study Program

Awards will be made to eligible students with remaining need to the extent of available funds on a first-come, first-served basis.

Loan Programs

Federal Subsidized Stafford Student Loan Program

A federally subsidized, need-based loan program. The amounts received are limited by federal regulation and based on the student's grade level. Repayment begins six months after graduation, upon enrollment of less than half-time or upon withdrawal from the College.

Federal Unsubsidized Stafford Student Loan Program

A federal, non-need-based loan program available to independent students or dependent students whose parents have been denied a PLUS loan. The amounts received are limited by federal regulation and based on the student's grade level. Repayment begins six months after graduation, upon enrollment of less than half-time or upon withdrawal from the College.

Federal PLUS Program (Parent Loans)

Supplemental loans to parents of dependent students based on credit application. Repayment generally begins within 60 days after the loan is fully disbursed, though parents have the option of requesting that payments be deferred.

Alternative Loan Programs

Credit-based supplemental loans from private lenders. Contact the Office of Financial Aid for additional information.

Duration of Eligibility

Full-time students may receive financial aid for a maximum of six years (12 semesters) of full-time awards. Half-time students are eligible for a maximum of 12 years (24 semesters) of half-time awards. Students receiving State of Michigan funds may have a lower maximum number of years for both full-time and part-time enrollment. Contact the Office of Financial Aid for more information.

Satisfactory Academic Progress

In order to be eligible for financial aid, students must maintain satisfactory academic progress toward their degree as defined by the College. Students who do not meet this requirement will be suspended and their financial aid terminated. (For further details on what constitutes satisfactory academic progress and on the academic suspension appeal process, see the Academic Policies section of this catalog.)

Aid for Less Than Full-Time Enrollment/Proration of Financial Aid

Financial aid is initially awarded based on full-time enrollment. Each semester at the close of the Drop/Add period the enrollment status of every student is reviewed to determine if awards should be prorated due to less than full-time status. Scholarships from outside entities are not prorated unless required by the donor. Loans do not change unless requested by the student. Aid is prorated for less than full-time status until 100% charges apply each semester (consult the academic calendar).

11.5 – 9.0 credits – 75%
8.5 – 6.0 credits – 50%
Less than 6% credits – 0%

Please note that students must be at least half-time until 100% charges apply to receive most kinds of aid, including Stafford and PLUS loans.

Complete Withdrawals and Financial Aid

Students doing a complete withdrawal from the college may require adjustments to their federal (Title IV) and state aid after 100% charges apply each semester. Schools are required to perform a calculation up to the date that 60% of the semester is completed, to determine how much federal aid the student has earned. Unearned aid must be returned to the Department of Education. See below for more information on the regulations regarding the Return of Title IV Funds.

Return of Title IV Funds

This policy applies to students who are eligible for Title IV funds and withdraw prior to the 60 percent period (described below). This determines a student's amount of Title IV funds earned for said period.

1. The term "Title IV Funds" refers to federal financial aid programs authorized under the Higher Education Act of 1965 (as amended) and includes the following programs at the College for Creative Studies: unsubsidized FFEL loans, subsidized FFEL loans, FFEL PLUS loans, Federal Pell Grants and Federal SEOG.
2. A student's withdrawal date is the date the student began the institution's withdrawal process or officially notified the institution of intent to withdraw or the midpoint of the period for a student who leaves without notifying the institution, or the student's last date of attendance at a documented academically related activity.
3. Title IV aid is earned in a prorated manner based on calendar days, including weekends (and holidays no longer than five consecutive days), up to the 60 percent point in the semester, after which point Title IV aid is viewed as 100 percent earned. A copy of the worksheet used for this calculation can be requested from the Office of Financial Aid.
4. In accordance with federal regulations, when it is determined that the return of Title IV funds is required, they shall be returned in the following order: unsubsidized FFEL loans, subsidized FFEL loan, FFEL PLUS, Pell Grant, FSEOG, other Title IV funds.
5. The College for Creative Studies is responsible for providing each student with the information given in this policy, identifying students who are affected by this policy and completing the Return of Title IV funds calculation for said students.
6. The student is responsible for returning any Title IV funds that were disbursed directly to the student and which the student was determined to be ineligible for via the Return of Title IV Funds calculation.

The policy listed above supersedes those published previously and is subject to change at any time. Any notification of a withdrawal or cancellation and request for a refund should be in writing and addressed to the appropriate institutional office.

Student Life

Office of Student Life

The Office of Student Life is a resource for a variety of student needs and concerns, including on- and off-campus housing and student activities as well as student misconduct issues. Events ranging from new student orientation to graduation are coordinated through this office, which also advises Student Government, oversees student organizations, and offers various student programs. This office also serves as a referral office. If you do not know where to take your concern, this is a good place to start.

On-Campus Housing

Student housing is provided in the Art Centre Building, a 71-unit student residence hall located on campus. Students are housed in either 2-to-3-person or 4-or-more-person suites. All suites are furnished with apartment-style accommodations. Each suite has a full kitchen where residents can prepare their own meals.

The residential life staff is present to assist students in making the transition to student housing and are also available to help them succeed academically.

Resident Assistants are students who live in student housing and act as peer counselors and advisors. They develop programs for students living on campus and are a source of help and support for residential students.

Average housing fees for 2008–2009 are:

| | |
|-------------------------------------|----------------------------------|
| One-bedroom: 2–3 person suite | \$2,350 per person, per semester |
| Two-bedroom: 4–more person suite | \$1,950 per person, per semester |

Housing fees include all utilities. The cost of food and cable television are the responsibility of individual residents.

In order to apply for a space in the Art Centre Building for the academic year, a new student must submit a completed housing application with a \$200 housing deposit to the Housing Office. Applications are automatically mailed to new students with their acceptance packets. They are also made available to returning students in the Office of Student Life. All on-campus residents are required to have health insurance.

Application deposits are held in escrow during the time a student resides in the Art Centre Building. Cleaning, damage, lost keys and late fees are charged against the application deposit, and the balance is refunded within four to six weeks of the end of the semester in which a student moves out of the building. The deposit will be refunded in full in the event a student cannot be accommodated.

Health Services and Insurance

All registered nonmatriculating and degree-seeking students must have accident insurance. As part of the registration process, students are automatically enrolled in the College's student insurance program. The student insurance plan is active from the beginning of the semester in which the student is registered. Students who enroll in the fall semester pay a rate of \$35 and are covered for the fall, winter and summer semesters. Students enrolling for the winter semester pay a discounted premium of \$27 and are covered for the winter and summer semesters. Students who enroll for the summer semester (who were not enrolled in the preceding fall or winter term) are charged a premium of \$9 and are covered for the summer term only. This insurance provides 24-hour-a-day coverage for accidents that occur on and off campus. The current policy covers up to \$10,000 per accident for necessary medical, hospital and emergency services and up to \$500 per dental accident with no deductibles. The College assumes no responsibility for student medical or hospital expenses. The policy is required for enrollment at CCS, whether or not a student has other coverage.

All students are urged to carry medical hospitalization insurance. The College offers voluntary sickness and major medical insurance to students, their spouses and dependents at their cost. International students are required to show proof of medical/hospitalization insurance. For more information, students should contact the Office of Student Life.

Students in need of immediate medical attention are referred to the emergency room of the Detroit Medical Center, which is located within one mile of campus.

Student Activity Fee

Each semester, students are assessed an \$100 student activity fee, a portion of which is set aside for the Student Government Fund. This fund allocates money to official student groups/organizations, and enables the Student Government to offer special programs and projects on campus. Another portion of the fee goes to the Student Programming Fund, which is administered by the Assistant Director of Student Life. This fund is used for campus-wide educational and social programs throughout the year. Activities have included a weekly music series; speakers on alcohol, drug and sexual issues; drum circles; stress relief workshops, such as yoga, Tai Chi, and massage therapy; passes to movies and area museums; socials and picnics, spring carnival, Homecoming, Geek Week, and various contests and holiday celebrations.

Student Government

The Student Government is composed of elected officers from the student body. Meetings are held every two weeks and are open to all students. The Student Government organizes and sponsors several special events during the year; sponsors the U245 Gallery; and helps fund special, student-initiated projects.

Student Conduct

A complete description of student rights, opportunities and responsibilities (including policies regarding alcohol, drug abuse and harassment) is contained in the CCS Code of Conduct, which can be downloaded from the CCS website: <http://www.collegeforcreativestudies.edu>.

No-Smoking Policy

In the interest of providing a safe and healthy environment for all staff, faculty, students and visitors, and in accordance with the Michigan Clean Indoor Air Act and the City of Detroit Smoking Pollution Control Ordinance, smoking is prohibited within 15 feet of all CCS buildings, including the cafeteria.

Alcohol and Illegal Drugs

CCS is an alcohol-free campus, with the exception of special events coordinated through the Institutional Advancement and Executive Offices. At special events where alcohol is served, the legal drinking age laws are observed and alcohol will only be permitted in the designated event area. Additionally, illegal drugs and paraphernalia are not permitted on the CCS campus or at CCS-sponsored events off campus. Students found using, possessing, selling or distributing drugs will be disciplined through the campus judicial procedures and could be suspended or expelled from the College.

College Liability

The College assumes no responsibility for the loss of or damage to student property. While the College exercises great care with regard to the safety of students working in studios and shops, it cannot be responsible for injuries that may occur. Students found damaging the work of other students are subject to disciplinary measures up to and including expulsion.

Academic Advising and Registration

Academic Advising and Registration Office

The College for Creative Studies believes that academic advising is a developmental process that assists students in the clarification of life, education and career goals. The Academic Advisors assist students in the development of educational plans and provide direction to help them achieve their goals.

The Academic Advising and Registration Office provides a variety of services including assistance with course selection, student registration, guidance and assistance with registration forms and procedures, referrals to the Student Success Center, providing course equivalency guides for local colleges, resolution of transfer credit issues, documenting student absences, processing Mobility Program applications, etc. Students are strongly encouraged to meet with their assigned Academic Advisor each semester to ensure that they are taking the required courses for graduation as they strive to attain their personal and educational goals.

Academic Advisors are responsible for ensuring that students are making satisfactory progress toward their degree. Each semester, the Academic Advisors review the Academic Evaluations of all students. Students who are identified as not making satisfactory progress toward their degree will receive a letter from the Academic Advising and Registration Office indicating that an “advising hold” has been placed on their record and that they must make an appointment with their assigned advisor to address the issue(s). Students with an “advising hold” will not be allowed to register for the upcoming semester until the issue(s) have been resolved. **All incoming students will have a hold placed on their record to ensure proper course selection for the following semester.**

Incoming freshmen are sent advising packets from the Academic Advising and Registration Office. Incoming freshmen and returning students may opt to register in person at the Academic Advising and Registration Office or through WebAdvisor, the CCS online student registration system. WebAdvisor allows enrolled students to check grades, search for classes, register online, add/drop classes, and pay tuition online. Faculty can view advisees, check current class rosters, and view class schedules. Enrolled students must obtain a password from Information Technology Services before using this system.

Steps to Complete Registration in Person

1. If a staff advisor from the Academic Advising and Registration Office (AARO) has contacted you regarding your status, you *must* meet with the advisor before you can register for classes.

If you have *not* been contacted by the AARO, you can register for courses without a signature from a staff advisor by following the procedures listed below. As always, if you need assistance with course selection, you may meet with an advisor in the AARO. Appointments are preferred. The telephone number is 313.664.7672.

2. Obtain a copy of your academic evaluation (degree audit) from WebAdvisor (<http://www.bb.collegeforcreativestudies.edu/>), or the AARO to determine the classes you need.
3. Pick up the gold *Registration Form* from the AARO.
4. Pay the \$100 commitment fee at the cashier’s window (cashier closes at 4:00 p.m.). Payments can be made by cash, check, money order or credit card (Visa, MasterCard, American Express, Discover). Keep your receipt. You must pay the commitment fee before you register for classes. Waivers of this payment are not available.

5. Complete the *Registration Form*, including your name, all addresses, course selections (including alternate courses) and bring the form to the AARO at your scheduled time, or after, as listed above, but no later than the deadline to register.
 - a. Restricted courses. Students who intend to register for a course that is restricted to a particular major or class level (for example, Crafts only or juniors only) and who are not in that department or at the required class level must have the department chair or administrator complete and sign the pink *Registration Permission Form* and submit it with the *Registration Form*.
 - b. Internships or Independent Study. Students who intend to register for an internship or Independent Study must submit those completed and signed forms along with the *Registration Form* by the deadline to register for the semester. Late registration for internships or Independent Study is not permitted and will not be accepted.
 - c. Mobility or Study Abroad. Students must apply by the deadline and be accepted for Mobility or Study Abroad. Mobility students must pay the \$100 commitment fee and register for Mobility by taking the gold *Registration Form* to the AARO by the deadline to register for the semester. Please see your departmental course listings for the correct course code (for example, DFA 505).
6. Once you have registered you may change your schedule by using the blue *Drop/Add Form*. A staff advisor in the AARO must sign your *Drop/Add Form* if you are dropping a course.
7. Make sure the *Drop/Add Form* has been processed by waiting for a registration confirmation statement that reflects the added or dropped course.

Steps to Complete Online Registration

1. If you do not already have one, obtain a user id and password from Information Technology Services, located on the lower level of the Walter B. Ford building. You will need a photo ID to receive this information.
2. Log onto blackboard through your Internet browser: <http://www.bb.collegeforcreativestudies.edu/> then sign in using your user id and password. Then click on the Registration and WebAdvisor tab.
3. Under the WebAdvisor Registration module select the “Register for Classes” option. You will be given the option to use Express Registration or the Search and Register feature. Use Express Registration if you already have your courses selected and want to register by department, course, and section number all at once. Use the search and register feature if you do not know the department, course, or section number and want to select this information from the drop-down list. You may find it easier to view the schedule of classes from the PDF file first, and write everything down.
4. Select your courses and hit submit. You will receive an email confirmation that you are registered for classes.
5. Once you have registered you may change your schedule on-line up until the first day of classes. After that date you must visit the Academic Advising and Registration office and conduct schedule changes by using the blue *Drop/Add Form*. A staff advisor in the AARO must sign your *Drop/Add Form* if you are dropping a course.

Click on the “My Class Schedule” tab in WebAdvisor in order to see your completed schedule of classes.

Obtaining Grades Online

Grading is based on work performed, growth in ability, attendance and attitude. A continuous record of all students' classes is kept in the Academic Advising and Registration Office. Final grade reports are available through WebAdvisor, the on-line student registration system, the week after classes end provided there are no restrictions (holds) on the student's record.

Adding/Dropping Classes

Students may use WebAdvisor to add or drop classes up until the first day of class. After this time, if a student wishes to add or drop a course in person, students must complete the add/drop form that is available from the Academic Advising and Registration Office. Students who drop classes during the first 7 business days of classes (see Academic Calendar for specific dates) are not charged for the drop. After the 7th day dropped classes are charged on a sliding scale and those courses will receive a grade of "W" or "WN". Please refer to the academic calendar for specific tuition reimbursement information. The last day to withdraw from a course is on Friday, the thirteenth week of classes. No exceptions to this deadline will be made.

Course Overload Policy

A class schedule containing more than 18 credit hours in one semester is considered a course overload. Students who wish to register for an overload must have a cumulative grade point average of 3.0 and must be in good academic standing. Permission to take above 18 credit hours in one semester is granted by the academic advisor.

CCS Transcripts/Enrollment Verification

Requests for copies of academic transcripts or enrollment verifications must be submitted in writing (with the student's signature) to the Academic Advising and Registration Office. A \$5 charge is assessed for each transcript. There is no charge for the completion of enrollment verifications needed for insurance, loans, etc. A minimum of 3 working days is required for the processing of transcripts and enrollment verifications. No transcripts or enrollment verifications (except loan verifications) will be completed for students who have a RESTRICTION (HOLD) on their records. Students requesting "on-the-spot" transcripts will be charged \$10 for each copy. "On-the-spot" transcript requests will be accepted **only if time permits**, subject to the approval of the registrar. Students may also view their transcripts through the WebAdvisor system. Once a student accesses the Registration and WebAdvisor tab, a transcript option is available under academic profile.

Academic Evaluation

Students should review their academic evaluation at the end of each semester. A copy of the academic evaluation may be obtained through WebAdvisor or the Academic Advising and Registration Office. The academic evaluation identifies academic progress made toward a degree. Courses are identified by alpha letters indicating progress: a letter "C" next to a course indicates course completion, an "I" indicates a course in progress, "N" is a course not started, and "P" is a course pending completion of unfinished activity. Academic advisors routinely review academic evaluations to ensure progress is being made. Students with questions should contact the Academic Advising and Registration Office.

Student Responsibility/Restrictions (Holds)

Students are responsible for taking care of their financial obligations to the College. This includes full payment of tuition and fees, returning library books and materials, returning department equipment and materials and settling all bookstore charges and unpaid parking violations. Students who do not fulfill these obligations will be restricted from receiving certain services. Transcripts, enrollment verifications (except loan verifications), registrations, grade reports or graduation requests will not be processed for any student who has restrictions (holds) on their record.

Audit Policy

Students, graduates and visitors may audit a class on a space-available basis. No academic credit is awarded for audited courses. Those wishing to audit a course may register by adhering to the policy and following the procedures and guidelines listed below:

1. Matriculating (B.F.A.) and nonmatriculating (e.g., visitors, CCS graduates) students who wish to audit a class must elect to do so at the time of registration by submitting a completed Audit Registration form, available in the Academic Advising and Registration Office.
2. Students electing to audit a class may not register for that class until the first week of class for the semester. Students may not register for a class after the first week of any semester.
3. Once the election has been made to audit a class, the student may not change the registration to receive credit for the class.
4. Audited courses carry no credit and do not satisfy degree requirements. Upon completion of the course, the audit grade of X will appear on the student's transcript. (The grade of X is not used in the calculation of cumulative grade point average or course completion rate.)
5. Regular tuition rates are charged for audited courses. The refund policy for audited and credit courses is the same and is outlined in the Course Schedule.
6. Matriculating (B.F.A.) students are permitted to audit one course each semester during their B.F.A. tenure at CCS, with a staff advisor's approval.
7. Nonmatriculating students (visitors, CCS graduates) are limited to three classes per semester.

Leave of Absence

A student in good academic standing may take a leave of absence of not more than four semesters and return to the College without reapplying. Students who meet this criterion must contact the Academic Advising and Registration Office to schedule an appointment with an advisor.

After a break of more than four semesters, students must reapply through the Office of Admissions. Students are cautioned that they must satisfy the course requirements in effect at the time of their readmission; previous credits may not apply.

Graduation Requirements

To be certified for graduation, students must:

1. Fulfill all departmental and academic course requirements for graduation in his/her major as outlined in the College catalog. Students have the option of electing the requirements listed in the catalog that was in effect at the time of their most recent admission to the college or those in the catalog that is in effect at the time of their final course completion.
2. Receive departmental permission to graduate based on a final review and exhibition of their work, unless waived by the department. Departmental permission to graduate is good for one year. Students who fail to complete their degree requirements within one year of being approved to graduate must be re-approved and have their portfolio re-reviewed prior to receiving their degree.
3. Have a cumulative grade point average of at least 2.0 (C).

4. Have all official transcripts from other schools on file in the Academic Advising and Registration Office no later than the last day of the drop/add period of the semester in which graduation is to occur.
5. Be enrolled at the College for Creative Studies at the time that their degree is awarded.
6. File an Application for Graduation with the Academic Advising and Registration Office no later than the end of the fourth week of the semester in which they anticipate graduating. Early applications are appreciated.

A commencement ceremony takes place each spring. Students who have applied for graduation and have completed all their requirements for graduation within the year preceding this event are invited to participate.

Residency Requirement

Students must be enrolled at the College for Creative Studies during the semester in which they plan to graduate. If extenuating circumstances exist that would prevent a student from enrolling and he or she has 6 or fewer credits of Liberal Arts or elective credit to complete, the student may have this residency requirement waived for up to one year. After that time, students must formally appeal for a waiver of this requirement and must have their studio work re-reviewed by their department.

Privacy Policy

The Family Educational Rights and Privacy Act (FERPA) affords students the following certain rights with respect to their educational records. It is CCS' policy, in accordance with FERPA, not to disclose information from the student's education records to any party (including parents), whether the student is dependent or independent, without the express written consent of the student. Consent/Release forms are available in the Academic Advising and Registration Office.

1. The right to inspect and review their education records within 45 days of the day the College receives a request for access. Students should submit to the registrar, dean, academic chair or other appropriate official, written requests that identify the record(s) they wish to inspect. The College official will make arrangements for access and notify the student of the time and place where the records may be inspected. If the College official to whom the request was submitted does not maintain the records, that official shall advise the student of the correct person to whom the request should be addressed.
2. The right to request the amendment of the student's education records that the student believes are inaccurate or misleading. The student should write the College official responsible for the record and clearly identify the part of the record he or she wants changed, and specify why it is inaccurate or misleading.
3. If the College decides not to amend the record as requested by the student, the College will notify the student of the decision and advise the student of his or her right to a hearing regarding the request for the amendment. Additional information regarding the hearing procedures will be provided to the student when notified of the right to a hearing.

4. The right to consent to disclosures of personally identifiable information contained in the student's educational records, except to the extent the FERPA authorized disclosure without consent. One exception, which permits disclosure without consent, is disclosure to school officials with legitimate educational interest. A school official is a paid person employed by the College in an administrative, supervisory, academic, research or support staff position (including law enforcement/security unit and health staff); a person or company with whom the College has contracted (such as an attorney, auditor or collection agent); a person serving on the Board of Trustees; or a student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks. A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility.
5. The right to file a complaint with the U.S. Department of Education concerning alleged failures by the College to comply with the requirements of FERPA. The address of the office that administers FERPA is:

Family Policy Compliance Office
U.S. Department of Education
400 Maryland Avenue SW
Washington, DC 20202-4605

Schools may also disclose, without consent, “directory” type information such as a student's name, address, telephone number, date and place of birth, honors and awards, and dates of attendance. This information, however, will not be disclosed if the student requests in writing that it not be disclosed. A Student Directory Information Form for this purpose is available from the Academic Advising and Registration Office. The form must be returned to the Academic Advising and Registration Office and is good for the duration of the student’s tenure at CCS. If a student reconsiders and would like this information released, the student should contact the Academic Advising and Registration Office to have this hold removed.

Veterans

The College is authorized by the Michigan Department of Education to accept veterans as students under Public laws 634, 894, 550 and 538. To determine eligibility, veterans should contact their local office of the U.S. Department of Veteran Affairs as soon as possible. Those who are eligible should then contact the Academic Advising and Registration Office to request certification. Veterans are reminded that benefits are paid for attendance in classes required for degree completion (students enrolled in credit classes through the CCS Continuing Education program are not eligible for benefits).

It is the veteran’s responsibility to notify the Academic Advising and Registration Office in writing whenever they stop attending classes or of any changes or withdrawals. Veterans who do not notify the Academic Advising and Registration Office of the last date of attendance may be reported to the U.S. Department of Veteran Affairs as not attending class as of the first day of the semester. The U.S. Department of Veterans Affairs will also be notified of any student who is suspended or placed on probation.

Academic Policies

Catalog Year

The catalog year is given to a student when a student enters or matriculates into a degree program. The catalog year defines the program requirements to obtain a bachelor of fine arts degree from CCS. Students are obligated to follow the policies and procedures in the catalog year when they have matriculated.

The catalog year is located on the upper left hand side of the academic evaluation (also known as degree audit). On the academic evaluation students will see the word Catalog: with a year following. This is the academic program of study for a student's tenure at CCS and the catalog year coincides with the appropriate curriculum chart. If students are still unsure of their catalog year, they may contact their academic advisor.

If a student changes to a new major the catalog year is updated to the current catalog year or curriculum. Students may update their catalog year if they opt to follow requirements to an updated academic program in their department. Students may update the catalog year by using the [Department Transfer Form](#) available in the Academic Advising and Registration Office. Catalog years are not retroactive. This means that a student on a current catalog year would not be allowed to follow a past catalog year.

If a student leaves the college for more than two years (four semesters) they are required to reapply to the College for Creative Studies. Their catalog year would change upon readmission to the new date of entry and they would be obligated to complete the requirements of the most recent Catalog.

Grading

Grading is based on work performed, growth in ability, attendance and attitude. A continuous record of all grades throughout a student's enrollment is kept in the Academic Advising and Registration Office. Final grade reports are available on Blackboard the week after classes end. CCS uses the following grading system:

| | | |
|----|------------|-------------------------------------|
| A | Excellent | 4.00 grade point |
| A- | | 3.70 grade point |
| B+ | | 3.30 grade point |
| B | Good | 3.00 grade point |
| B- | | 2.70 grade point |
| C+ | | 2.30 grade point |
| C | Average | 2.00 grade point |
| C- | | 1.70 grade point |
| D+ | | 1.30 grade point |
| D | Poor | 1.00 grade point |
| D- | | 0.70 grade point |
| F | Failing | 0.00 grade point |
| P | Passing | no grade point value |
| I | Incomplete | no grade point value |
| W | Withdrawal | second through fourth week of class |
| WN | Withdrawal | after the fourth week of class |

Dean's List

Students who complete a minimum of 12 credits during any semester and who attain a minimum grade point average of 3.50 are placed on the Dean's List. A notation will be placed on the student's transcript for each semester that Dean's List status is achieved. Students on the Dean's List for two consecutive semesters will receive a certificate from the Office of Academic Affairs.

Honors

Students who have shown outstanding achievement by attaining a cumulative grade point average of 3.5 and above are graduated with honors. Those who have achieved a cumulative grade point average of 3.8 and above are graduated with high honors.

Transfer Credit

All transfer credits are evaluated for relevance to the College's programs and policies. Grades earned at another institution are not factored into the calculation of cumulative grade point average at CCS. For additional information, see Transfer Applicants in the Admissions section of this catalog.

Credit Hours

For lecture courses, three credit hours represent three hours of class time each week for a 15-week semester, with the expectation of two hours of outside work for each hour of classroom time. For studio courses, three credit hours represent six hours of class time. While the workload varies from studio to studio, students should expect to commit to at least one hour of independent work for every two hours of classroom time.

Class Level

Class level is determined at the time of admission and at the end of each subsequent semester during which the student is enrolled based on the number of credits earned. Degree-seeking students are classified as follows:

| | |
|------------|---|
| Freshmen | up to 29.5 credits completed or in progress |
| Sophomores | 30 – 65.5 credits completed or in progress |
| Juniors | 66 – 95.5 credits completed or in progress |
| Seniors | 96 or more credits completed or in progress |

Declaring or Changing Majors

If you are an Undeclared student and need to **declare your major**, or you are a student who wishes to **change your major**, you need to:

1. Meet with a staff advisor in the Academic Advising and Registration Office (AARO) to discuss your plans. Complete and sign the *Department Transfer Form*. It is best to make any changes before registering for the upcoming semester.
2. Meet with the chair of the department you intend to enter and have him/her approve the transfer of any credits from your old major to the new major (if applicable) and sign and date the *Department Transfer Form*.
3. The Department Administrator will forward the completed form to the Academic Advising and Registration Office.

Contact the Academic Advising and Registration Office at (313) 664-7672 if you have any questions regarding declaring or changing your major.

Declaring A Minor

Minors range from 18-24 credits depending on a particular department. Most studio departments offer a minor to students from other departments. Students should consult the Department Chair of the department they wish to minor in for specific information. A Declaration of Minor Form must be signed by the Department Chair and returned to Academic Advising and Registration for processing. Minors do appear on the final official transcript however do not appear on the diploma.

Junior Status Policy

Students are required to complete all 18 credits of Foundation courses and 15 credits of 100/200 level Liberal Arts courses (18 credits for students admitted in Fall 2008 and after) before they can begin their junior level departmental studio courses. Each department decides which departmental courses students must complete before progressing to junior level department courses.

For students admitted prior to Fall 2008, the following courses are required for Junior Status:

Foundation courses required: DFN 101, DFN 102, DFN 117, DFN 118, DFN 119, and 3 credits of Materials & Processes (DFN 120, 121, 122, 123, 124, 125, 128, 129, 131, 133)

Liberal Arts courses required: DEN 108 (minimum grade of C required), DEN 239, DAH 121, DAH 122, or DAH 123 (minimum grade of C required), and DAS 213

For students admitted Fall 2008 and after, the following courses are required for Junior Status:

Foundation courses required: DFN 101, DFN 102, DFN 117, DFN 118, DFN 119 and 3 credits of Materials & Processes (DFN 120, 121, 122, 123, 124, 125, 128, 129, 131, 133)

Liberal Arts courses required: DFS 100, DEN 108, DEN 239, DAH 200, DAH 201, DAS 213

Attendance Policy

Students are expected to attend every class. Attendance is taken at the beginning of each class. Students arriving 5 to 20 minutes late for any class are considered tardy. Three tardies equal one unexcused absence.

Arriving more than 20 minutes late or missing an entire class is considered an absence. This applies to all classes, regardless of class length, whether they are a 1.5 hour, 3 hour or 6 hour session.

Students who arrive late, do not return to class after break, or who leave early without the instructor's permission may be counted absent.

Three unexcused absences may result in the reduction of one whole grade from the earned grade. Four unexcused absences may equal failure in the course.

An absence may be excused if there is a medical reason, family emergency or extenuating circumstances beyond the student's control. Students seeking an excused absence may take their documentation to the Academic Advising and Registration Office. The office will send a written notice to the student's instructor(s) and department administrator notifying them that the documentation is on file. The final determination of whether an absence(s) will be excused is left to the discretion of the student's instructor(s).

Departmental Review Attendance Policy

The academic programs at CCS are designed to challenge students, prepare them for a career in the visual arts, and provide them with opportunities to express their ideas through visual and verbal presentations. At least once each academic year, students are expected to participate in a departmental review. If a student does not attend the review at the scheduled date and time, and the circumstances are beyond the student's control, he or she should immediately contact the department. Documentation regarding the circumstances may be required from the student. The department will reschedule the review at a time

convenient for the department and student. Students who do not attend their scheduled review and do not make arrangements with the department to reschedule are ineligible to register for the next semester. If a student has registered, he or she will be removed from the registered courses. A departmental hold will be placed on the student's record until the student resolves the matter with the department.

Satisfactory Academic Progress Requirements And Probation

To be considered as making Satisfactory Academic Progress (SAP) toward a degree, a student must maintain a minimum grade point average and a minimum course completion rate.

Grade Point Average (GPA)

At the end of each semester, a student's cumulative grade point average is calculated. He or she must have a minimum cumulative grade point average of 2.0 to achieve SAP.

If a student has less than a cumulative 2.0 GPA, he or she is placed on academic probation for a period of one semester. If the student fails to achieve a 2.0 cumulative grade point average at the end of the probationary semester, or is placed on probation for any other reason, he or she is suspended from the College. During the probationary semester, a student may receive any financial aid.

Required Course Completion Rate

Required course completion rate also determines SAP. Students must progress toward completion of their degree within a specified time frame. To meet this requirement, students must successfully complete, with a grade of D- or better, at least two-thirds of attempted cumulative credit hours.

Examples are as follows:

| Credits Attempted | Must Complete |
|-------------------|---------------|
| 6 | 4 |
| 12 | 8 |
| 15 | 10 |
| 18 | 12 |
| 66 | 44 |
| 100 | 66 |
| 126 | 84 |

Please note that certain courses must be passed with a minimum grade of C. Grades of F and W are not included in the calculation of credits completed.

If a student does not complete two-thirds of the cumulative credit hours attempted to date, he or she will be placed on probation for a period of one semester. If the student fails to raise the completion rate to two-thirds at the end of the probationary semester, or is placed on probation for any other reason, he or she is suspended from the College. During the probationary semester, a student may receive financial aid.

Academic Probationary Status

Students who fail to (1) meet the 2.0 cumulative grade point average requirement or (2) meet the SAP requirement are placed on academic probation for one semester. Students who do not exit probationary status at the end of the subsequent semester will be suspended. Students suspended from the College may apply for readmission after completing the equivalent of one full-time semester (12 credits) with a minimum C (2.0) grade in each class at another accredited college. The student should contact a staff advisor in the Academic Advising and Registration Office (AARO) regarding recommendations for transfer credits. The applicant must submit an official transcript and a new portfolio to the Office of Admissions to be considered for readmission.

Incompletes

An incomplete or grade of “I” may be given to a student when a minimal number of course assignments have not been completed due to unavoidable and legitimate circumstances. Students have one semester to finish any work necessary to complete the course within the allotted amount of time or it will result in a failing grade (“F”). The Incomplete Grade Verification Form must identify the reason for the incomplete grade and outstanding assignment(s). The instructor, student and department chairperson must sign the form. The instructor must submit the completed form to the Academic Advising and Registration Office at the time of grading. The final assigned grade is calculated into the student’s cumulative GPA and SAP.

Repetitions

When a course is repeated, the higher grade will be used in the calculation of the cumulative grade point average. Any course, or its equivalent transfer course, may be applied only once toward fulfillment of any and all degree requirements, including elective credit. Students who wish to repeat a course must complete the Repeat Course Request form and submit it to the Academic Advising and Registration Office.

Grade Changes

Any grade dispute must be addressed with the instructor that issued the grade. Should the instructor agree to change the grade, he or she must complete the Grade Change Form. If the dispute is not resolved, the student may initiate the Grade Appeal Process.

Grade changes must occur within 60 days of the last day of the semester in which the student was enrolled in the course. The Office of Academic Affairs must approve all grade changes beyond a 60-day period.

Grade Appeal Process

Students may appeal a grade up to 60 days after the last day of the semester in which the student was enrolled in the course. Appealing students should submit a written request to the Office of Academic Affairs identifying the course, instructor, and an explanation of the circumstances and reason for the request. The request will be reviewed and decided upon by the Committee on Academic Performance.

Academic Honesty (Plagiarism)

Plagiarism and cheating are serious offenses that erode the academic environment. The College condones no form of plagiarism—defined as the use of another’s words, ideas, visual or verbal material as one’s own without proper permission or citation. Students should make sure they have a clear understanding of this important issue and how it applies to both Liberal Arts and studio classes.

Students who violate the standards of academic honesty face serious disciplinary consequences, including letters documenting the incident in their permanent record, immediate course failure and/or dismissal from the College.

Deletion/Destruction of Student Work

The deletion or destruction of digital files, another student’s artwork or college property is considered a serious offense. All students must refrain from altering work that does not belong to them, regardless of the date the piece was created or location. Students who violate this policy face serious disciplinary consequences.

Dismissal

The College reserves the right to dismiss a student at any time for academic dishonesty or improper behavior. Improper behavior is defined as, but not limited to, actions by an individual that may be detrimental to the student, other students or the College, or damaging to College property. It also includes violations of civil, state or federal law. See the Code of Student Conduct on Blackboard (www.bb.collegeforcreativestudies.edu) for further details.

Support Services

Personal Counseling Services and Student Support Groups

Counseling services and student support groups are among the many resources that are provided to students via the Personal Counselor through the Student Life Office. Licensed professional counselors are available to provide confidential counseling services aimed at addressing personal issues that may or may not be related to a student's academic progress. Counseling services are free of charge and students are welcome to see a counselor as often as necessary. Students requiring more involved counseling may be referred to an off-campus facility. Counselors are on-call for emergency/crisis counseling on a 24-hour basis.

Students interested in connecting with other students who are dealing with similar personal, social or artistic issues are encouraged to join or start a student support group. If requested, a counselor can facilitate a support group.

Mentor Program

All students are assigned to a faculty member in their chosen department who will function as their mentor during their entire CCS college career. Students are expected to meet their mentor at least twice a semester to review the quality and progress of their work and to discuss their portfolios, career options, and the expectations and demands of industry or of the art world. Mentors also provide students with valuable information regarding recommendations and selection of elective courses. If students are unsure as to whom their mentor is, they can contact the department administrator or the Academic Advising and Registration Office to obtain this information.

Mentoring activities vary from one department to another. Specific information can be obtained from the department chairperson or department administrator. Students are welcome visit the Academic Advising and Registration Office to find answers to general questions regarding the mentoring process.

Student Success Center

The Student Success Center (SSC) is a free resource for all students and provides writing, reading and drawing tutorials; skill building assistance; study/drawing groups; computer facilities and study space. One-on-one tutorials are available for virtually all classes – all majors, Liberal Arts, and Foundations – and are conducted by peer tutors who are upper-level students (Junior and Senior experts in their majors). Writing support is available for all types of materials from artist statements, reviews and resumes to research papers, short stories and essays. In addition, the Writing Studio brings CCS English faculty together with students during lunchtime appointments throughout the semester. The SSC houses a Computer lab with PCs and Macs loaded with software (Illustrator, Photoshop, Alias, Dreamweaver). Other support includes workshops, study groups and individualized skill building for time-management, reading comprehension, study skills, note-taking, and test-taking.

The SSC also supports students with specific needs. The SSC serves as the advocacy resource for students with learning differences. Once students identify and document their learning challenges, a learning specialist will meet with them to help develop plans to manage their new college responsibilities. For International students, there are opportunities to improve English skills through conversation groups and assistance with presentations and writing.

The Office of Multicultural Affairs

The primary objective of the Multicultural Affairs (MA) Office is student success. Serving as a “safety net” for academically at-risk students, the MA office works closely with the Academic Advising Office and the Student Success Center to establish a formidable troubleshooting team.

The student services offered by the Multicultural Affairs office include: academic advising, tutoring referrals, and general assistance for students academically at-risk. The Study Clinic program, launched in 1999 with a state grant, supplements the tutoring services provided by the appropriate faculty members. Study Clinics address specific areas of weakness for studio and liberal arts courses.

In an effort to establish CCS as a premier school for drawing, free figure drawing clinics are provided virtually every Saturday each term for all registered CCS students, faculty and alumni. As an open drawing session, instruction is available, upon the student’s request, from the Director of Multicultural Affairs or any other faculty member in attendance. Attendees work in their sketchbooks, complete class assignments or just work to improve their figure rendering skills.

Issues, such as cultural identity, cultural awareness and inclusion are critical to the operations of the MA office. As administrative advisor to CCS student groups such as the Multicultural Student Collective (MSC) and Black Artists Researching Trends (BART), the MA Office strives to help students adjust to college life and appreciate the cultural richness of the campus and thereby promote a sense of community. Events like “Culture Shock”, a culturally rich social experience and “The Color of Success”, where art and design careers are discussed, provide the vehicles for CCS students to identify their goals and to develop the artistic and social skills needed to succeed.

International Student Services

The Office of International Student Services is committed to bringing the global community to CCS through the enrollment of international students, and promoting study abroad programs for domestic CCS students. This office assists students with immigration, admissions, as well as academic advising. International Student Services takes an active role in helping assimilate international students into the academic and creative environment at CCS with orientation sessions and housing assistance provided by student life. International Student Services also facilitates study abroad opportunities for junior and first semester seniors in good academic standing.

Career Services

Career Services supports both current students and alumni in their search for full-time, part-time and freelance employment opportunities and internships. The Career Services staff also serves as a liaison between the business community and CCS students and alumni.

Through the online Job Book, students can search job postings and available internships, as well as upload their resume and samples of artwork. In addition to the online Job Book and Internship listings, Career Services provides guidance on resume, curriculum vitae and cover letter preparation, interview skills, job search techniques and the various career paths open to designers and artists.

Career Services also maintains a resource center devoted to professional publications, including ART Deadlines List. This monthly newsletter provides information on art contests and competitions, art scholarships and grants, juried exhibitions, art jobs and internships, calls for entries/proposals/papers, writing and photo contests, residencies, design and architecture competitions, auditions, casting calls, fellowships, festivals, funding and other opportunities (including some that take place on the Web) for artists, art educators and art students of all ages. Salary survey and freelance resources are also available.

Employer On-Campus Recruitment

Many employers come to the College for Creative Studies to participate in individual on-campus recruitment days, portfolio critiques, or the larger Student Showcase events. These are opportunities for organizations to interview candidates for internships or full-time positions, present information about the organization, and provide feedback on students' work. Many employers are from the metro Detroit area, while others are national and international firms.

Professional Topics Series

Career Services offers workshops to CCS students on topics such as Resume 101 to Interview Skills to Business Etiquette and everything in between! Guest Speakers are also part of this series.

Internship Program

Career Services works closely with the College's departments to coordinate and administer the Internship Program. The Internship Program allows qualified students to earn academic credit while gaining first-hand experience in their chosen fields. Students must have junior or senior ranking with the completion of all freshman and sophomore studios. Students must also have a minimum cumulative grade point average of 2.80 to be eligible to participate in the program.

Student Ombudsman

The Student Ombudsman provides students with a consistent, centralized point of contact for questions, concerns and/or problems they may be experiencing on campus. Students are expected to adhere to standard office and academic procedures elsewhere on campus, however the Ombudsman provides a supplemental resource for students. The Student Ombudsman's primary role is to ensure that policies are enforced fairly and that students are fully informed of what is being done and why. The Student Ombudsman will:

- Assist students in accomplishing the expeditious resolution of their problems and concerns.
- Provide confidential and informal assistance to students.
- Advocate for fairness.
- Act as a source of information and referral.

Many of the student concerns that are anticipated being heard by the Student Ombudsman are listed below. Examples of student concerns brought to the attention of the Student Ombudsman include:

- Facility issues
- Environmental safety issues within classrooms/labs
- Campus safety
- A problem with a particular faculty or staff member
- Office hours not accommodating to student needs
- Student to student issues:
 - o Harassment
 - o Vandalism of work
 - o Suspicion of theft
- Financial issues
- Questions or concerns about College policies
- Personal issues or concerns (may or may not directly relate to the College)
- Academic issues or concerns

Special Programs

Mobility Program

Through the College's affiliation with the Association of Independent Colleges of Art and Design (AICAD), juniors or first-semester seniors with a cumulative grade point average of at least 2.7 have the opportunity to spend a semester (usually Fall or Winter) studying at another member institution in the United States or abroad. Seniors in their final semester may not participate. Departmental approval is required.

Students must meet with the Mobility Coordinator in the Academic Advising and Registration Office to start the application process no later than March 1st for the Fall semester or October 1st for the Winter semester. Applications must be complete by March 26 and October 20, respectively. **Deadlines are not negotiable and there are no exceptions.**

Study Abroad

Junior or first-semester senior students, with a cumulative grade point average of 3.0, have the opportunity to spend a semester (Fall or Winter) or a full year of study at an accredited institution abroad.

Students must meet with the Director of International Student Services and their department chair no later than March 1st for Fall or October 1st for winter. Students must complete the Study Abroad Approval Form, available from the Director of International Student Services, obtain the required signatures on all forms and submit the forms to the Academic Advising and Registration Office, along with the Registration Form. The office of International Student Services is located on the second floor of the Administration Building, corner of John R. and Ferry Streets.

Faculty-Led International Courses

Junior and senior students with a cumulative grade point average of 3.0 can participate in faculty-led international courses during the summer months.

These exciting courses include travel to a range of countries. In each CCS program, students work with well-known artists and designers, visit studios and museums, and immerse themselves in local art and culture. Qualified students are eligible for three undergraduate or graduate credits. For more information on these programs, please contact International Student Services.

2008-2010 Academic Calendar

Fall 2008

| | |
|------------------|--|
| September 2 | Fall 2008 classes begin |
| November 27 - 29 | <i>Thanksgiving Break</i> -No Classes |
| December 1 | Preferred deadline for applications for admission to the Winter 2009 |
| December 13 | Last day of Fall 2008 semester |

Winter 2009

| | |
|--------------|---|
| January 12 | Winter 2009 classes begin |
| January 19 | <i>Martin Luther King Jr. Day</i> -No Classes |
| March 1 | Preferred deadline for 2008-2009 financial aid |
| March 1 | Preferred deadline for applications for admission |
| March 8 - 14 | <i>Spring Break</i> – No Classes |

Catalog Year 08/09

Total Credits

126

ADVERTISING DESIGN

DAD 110 GRAPHIC DESIGN FOR ADVERTISING

Projects explore typographic and layout styles that create effective graphics for advertising. Students develop design skills relative to specific strategic, contextual and communication goals. Ideas are refined as tightly drawn comprehensives and on the computer. Students also study the technical aspects of graphics from digital management and output, prepress and 'on press' production.

Prerequisite(s): DGD 151

DAD 234 BEGINNING ART DIRECTION I

This course introduces the student to advertising, the creative process and the role of the art director in the creation of an advertising message. Students practice brainstorming techniques, dissecting a strategy brief, idea generation, concept sketching and presentation skills. They examine multiple approaches to advertising and begin their understanding of solving a marketing problem from strategy to idea to image.

Prerequisite(s): DAD 110, DGD 152

DAD 235 BEGINNING ART DIRECTION II

This course builds on the process skills from Art Direction I. Students are exposed to a variety of marketing problems and use problem solving techniques to create compelling advertising solutions appropriate for the target and product. They are introduced to different categories of advertising including consumer, public service, business to business, and brand image. Students also begin to assemble a portfolio that will be assessed regularly for growth, creativity, and quality throughout their studies at CCS.

Prerequisite(s): DAD 234

Co-requisite courses: DAD 283

DAD 283 MARKETING COMMUNICATIONS

Marketing provides the foundation for all advertising and design communications. Students will study brands, positioning, target analysis, strategy development and research techniques. They will practice writing and analyzing creative strategy briefs. Through practical assignments, students are taught the business of successful communications by solving problems for new brands, current brands and old brands needing new life. Must be completed by the fourth semester.

Prerequisite(s): DAD 234

Co-requisite courses: DAD 235

DAD 285 SPECIAL PROJECT: 100/200

The Special Projects class is offered on an occasional basis, with course content specific to the area(s) being explored.

DAD 321 INTERMEDIATE ART DIRECTION I: CAMPAIGN DEVELOPMENT

In this course, students solve complex marketing problems and create campaigns in print and across a varied media mix. Increased emphasis is placed on the continuous improvement of conceptual skills. Students practice leadership and management skills needed by the art director through team projects. Creating professional samples for the portfolio is a goal of the course.

Prerequisite(s): DAD 235, DAD 283, DAH 261

DAD 322 INTERMEDIATE ART DIRECTION II: TELEVISION CONCEPTS & DESIGN

This course explores the strategies, processes and techniques used to create effective television advertising. Students solve broadcast specific assignments by developing concepts, writing scripts and drawing storyboards. Current trends in broadcast are reviewed including web-based communications, graphics, special effects, post-production techniques, music, editing, acting and storytelling. Creating storyboard samples for the portfolio are emphasized and presentations specific to television ideas are

practiced on a regular basis. This course provides the necessary skills should the student wish to continue with broadcast production in the senior year.

Prerequisite(s): DAD 321

DAD 325 INTRO TO DIGITAL CINEMA

This course is an introduction to the world of video production. With an emphasis on storytelling, students engage in a series of exercises designed to prepare them for writing, planning and directing their own short video productions. Storyboarding, blocking, lighting, cinematography and editing are emphasized in this course. Additionally, students will analyze selected films and videos and begin to develop a critical awareness of cinematic language.

Prerequisite(s): DAD 235, DAD 283

DAD 353 COPYWRITING I

Students are introduced to the fundamentals of writing advertising copy. Particular emphasis is on learning to think verbally about solutions to a communications problem. This course explores the various techniques available to a copywriter that achieves the advertising goals for the selected products or services.

Prerequisite(s): DAD 235, DAD 283, DAH 261

DAD 365 DIGITAL ADVERTISING

The digital age has changed the traditional marketing and media mix. Students study how the internet and other digital devices pose unique marketing and creative opportunities. Projects include development of strategic and creative solutions that employ cell phones, websites, web-enabled media, Bluetooth, Reactrix, online entertainment and other digital communications media for message delivery and to engage the consumer. Only open to students with junior status or above. Also open to juniors/seniors in other majors with department permission.

Prerequisite(s): DAD 235, DAD 283, DAH 261

DAD 373 INTEGRATED MARKETING

Through discussion, examples, and practical assignments, students explore how the combination of numerous forms of paid and non-paid media effectively communicate a marketing strategy. Events, direct response marketing (mail and television), promotions, out-of-home and public relations are explored. Only open to students with junior status or above.

Prerequisite(s): DAD 235, DAD 283, DAH 261

DAD 374 GUERILLA ADVERTISING

Consumers today know when they are being 'advertised' to. Therefore, marketers and their agencies must invent alternative techniques and channels to communicate their messages in ways that fly under the radar. Students are exposed to and create advertising that doesn't look like traditional advertising. They develop strategies and executions that reach consumers in radical unconventional and startling ways. Only open to students with junior status or above.

Prerequisite(s): DAD 235, DAD 283, DAH 261

DAD 380 DIVERSITY MARKETING

This course focuses on creating advertising that addresses the increasing diversity in today's markets. As the world changes and evolves, advertisers must know and be sensitive to the differences that make up our society today. Assignments include campaigns targeted to different cultures and lifestyles including African-American, Hispanic, Asian-American and Gay and Lesbian. Only open to students with junior status or above.

Prerequisite(s): DAD 235, DAD 283, DAH 261

DAD 421 ADVANCED ART DIRECTION I

This course integrates all that the student has learned and focuses on creating campaigns that form the foundation for final portfolio samples. Projects include campaigns across a broad range of products, brands, and media as well as client sponsored projects, team assignments, and student advertising competitions.

Prerequisite(s): DAD 322

DAD 422 ADVANCED ART DIRECTION II

With a sharp eye on the final portfolio and transition to the professional world, assignments are customized to fill 'holes' in the student's samples. The instructor and student work together to identify specific brands, categories or projects that accomplish the student's career goals. The semester includes self-directed study, student advertising competitions, interdepartmental assignments, and sponsored projects.

Prerequisite(s): DAD 421

DAD 433 TELEVISION COMMERCIAL PRODUCTION

Students explore television advertising process and production techniques to actually create commercials for a sample reel. The course includes writing, storyboarding, shooting and editing their own commercial concepts. Only open to students with senior status.

Prerequisite(s): DAD 322, DAD 325 OR DMA 125

DAD 434 ADVANCED TELEVISION COMMERCIAL PRODUCTION

This course builds on the Broadcast Production course. Students create additional spots for their sample reel while exploring various television advertising techniques and executions. Students gain more experience in writing, storyboarding, shooting and editing their own commercial concepts. Only open to students with senior status.

Prerequisite(s): DAD 433

DAD 453 COPYWRITING II

This course builds on Copywriting I, extending the student's experience into television, radio lyric writing, jingles and long form print. Students with an interest in becoming copywriters are encouraged to take this course. Only open to students with junior or senior status.

Prerequisite(s): DAD 353

DAD 454 COPYWRITING III

This advanced copywriting course is an intense immersion into the various roles and opportunities for the advertising copywriter. Practical assignments will explore campaign writing, techniques for different media, creating radio campaigns, point of view, humor, short films, and music lyrics.

Prerequisite(s): DAD 453

DAD 460 ART DIRECTION PORTFOLIO STUDIO

This course is dedicated to preparing the graduate for job interviews, creating resumes, self-promotion pieces and identifying and contacting potential employers. The course examines agency structure, hierarchy, business practices and expectations. It also includes review and analysis of graduate portfolios and learning important interviewing skills from agency professionals, recruiters and headhunters. Specific areas are identified and developed to create a professional presentation.

Prerequisite(s): DAD 421

DAD 474 THE AGENCY

This Practicum course is open to students from Advertising Design, Entertainment Arts, Graphic Design, Illustration and Photography departments. Students work and learn together in an environment patterned after a real full-service advertising agency. They work on sponsored projects, interdisciplinary marketing and creative assignments, public service advertising and national and international collegiate advertising campaigns. Only open to students with senior status.

DAD 475 ADVERTISING DESIGN INTERNSHIP

Participation in an internship experience allows students to use classroom-learned skills in a related employment experience. Students must work a minimum of 135 hours over the course of the entire semester. Students must be of junior or senior status to participate with completion of freshman and sophomore studios. Students must have a minimum cumulative GPA of 2.8. Seniors may not be eligible to participate in an internship during their final semester. Transfer students must have attended one semester at CCS in addition to meeting the other eligibility criteria.

DAD 485 SPECIAL PROJECT

The Special Project course is offered on an occasional basis, with course content specific to the area being explored.

Prerequisite(s): DAD 235, DAD 283, DAH 261

DAD 490 INDEPENDENT STUDY

Independent Study is available to students who are at Junior or Senior level standing with a cumulative grade point average of 3.00 or above. The student may receive approval to work in an area or on a project that is not otherwise offered or addressed in the curriculum. Students may receive credit toward graduation for no more than 6 credit hours. The student must submit to the chairperson of the department in which they wish to study, an Independent Study Proposal of 150 words (no less) of the student's plan for study and her/his reason for choosing to study independently. Once the department chairperson provides approval and the instructor for the Independent Study is determined, the faculty member must write an Independent Study Syllabus with education goals, learning outcomes, meeting dates, course expectations, timelines, and due dates.

DAD 505 MOBILITY

Through the College's affiliation with the Association of Independent Colleges of Art and Design, junior or first-semester senior students with a GPA of 2.7 or above have the opportunity to spend a semester studying at another member institution in the United States or abroad. Application information is available in the Academic Advising and Registration Office.

DAD 515 STUDY ABROAD

Junior or first-semester senior students in good academic standing have the opportunity to spend a semester of study at an accredited institution abroad. Information is available from International Student Services.

ART EDUCATION

DAE 200 EDUCATION FOUNDATIONS: HISTORY AND PHILOSOPHY OF EDUCATION

This course surveys the history of American education with an emphasis on issues of inclusion, equity and access. Educational applications of research in psychology and sociology are introduced. The development of prevailing philosophies of Education, Art Education and American pedagogy are covered within a framework of theoretical understanding, art integration exercises, classroom observations, reflection and dialogue. Ten hours field experience in K-12 educational settings required outside of class. Course open to all students sophomore level and above. Course may count for Philosophy credits for those who do not pursue teacher certification.

Prerequisites: DEN 108

DAE 250 HUMAN DEVELOPMENT, CREATIVITY AND VISUAL LEARNING

Designed to convey the stages of human growth in-depth, this course approaches physical, psychological, emotional and social development in a format for teachers to use for planning developmentally appropriate instruction. The educational requirements of special needs children, and the resources available to teachers for best meeting these needs, are included throughout. Related topics covered in this course include nurturing creativity in K-12 students and fostering visual learning in diverse settings. Pre-service visual arts teachers consider the implications of the above material in field experiences in diverse instructional settings with children. Fifteen hours Field Experience in K-12 educational settings required outside of class. Course open to students sophomore level and above. Course may count for Social Science credits for those who do not pursue teacher certification.

Prerequisites: DAE 200

DAE 305 READING & LANGUAGE ARTS METHODS, TECHNOLOGY

This course is dedicated to teaching Art Education candidates the essential components of instruction for students who are learning to read. Students study theory and research frameworks for comprehending the scope and challenges of teaching for literacy, as well as practical methods for direct, explicit instruction in reading. The broader area of Language Arts instruction is examined in the contexts of arts integration and children's literature. Awareness of appropriate uses for technology and information age learning in K-12 schools is taught with applications of technology enhanced learning experiences. For this course, students assist regularly with experienced, certified Reading Teachers in K-8 classrooms. Twenty hours Field Experience in K-8 educational settings required outside of class.

Prerequisites: DAE 250

DAE 315 ELEMENTARY ART TEACHING: METHODS, MATERIALS AND CONTENT AREA LITERACY

In this course, Art Education candidates acquire further practice with professional methodologies of art instruction and facilitation for students in Kindergarten-8th grade levels. The primary focus is mastery of the knowledge and skills necessary for planning and implementing dynamic elementary art programming. Attention is directed to the multiple components of art instruction: age appropriate teaching methods, reaching and involving all students, classroom behavior management, age appropriate art materials, technology in Art Education, showing student work, inclusion and accommodation of special needs students, school diversity, art room safety, facilities management, and evaluation methods. Special attention is devoted to content area literacy and inclusion of purposeful reading experiences in the subject area. Twenty hours Field Experience in Elementary Educational Settings required outside of class.

Prerequisites: DAE 305

DAE 405 SECONDARY ART TEACHING: METHODS, MATERIALS AND CONTENT AREA LITERACY

In this class, students continue to learn professional methodologies of art instruction for youth in middle schools and high schools, grades 6-12. The course covers secondary visual arts content, approaches, techniques, materials and safety precautions appropriate for secondary level students. Classroom management, inclusion and accommodation of special needs students, technology integration, assessment, and student diversity issues are covered. Content area literacy approaches and methods for including the teaching of reading, writing and public presentations for secondary level students are integral to the course. Twenty hours Field Experience in Secondary educational settings required outside of class.

Prerequisites: DAE 315

DAE 490 INDEPENDENT STUDY

Independent Study is available to students who are at Junior or Senior level standing with a cumulative grade point average of 3.00 or above. The student may receive approval to work in an area or on a project that is not otherwise offered or addressed in the regular curriculum. Students may receive credit toward graduation for no more than 6 credit hours. The student must submit to the chairperson of the department in which they wish to study, an Independent Study Proposal of 150 words (no less) of the student's plan for study and her/his reason for choosing to study independently. Once the department chairperson provides approval and the instructor for the Independent Study is determined, the faculty member must write an Independent Study Syllabus with education goals, learning outcomes, meeting dates, course expectations, timelines, and due dates.

DAE 510 DIRECTED TEACHING

During the Directed Teaching semester, the responsibilities of a professional teacher are experienced first-hand at extended placements in school settings. This practicum involves a broad spectrum of experiences, including a combination of observation, small group work, and eventual whole class instruction. Because the Visual Arts (LQ) Endorsement certifies a teacher for K-12 instruction, placements are made for candidates at two sites, one in an Elementary setting and one in the Secondary setting. Offered for Pass (P) or Fail (F) grades only. DAE 510 is required to be taken in conjunction with DAE 520 Professional Seminar.

Prerequisites: DAE 405

Corequisites: DAE 520

DAE 520 PROFESSIONAL SEMINAR

The Professional Seminar provides candidates who are doing their Directed Teaching with further professional development and experiences that develop reflective practice. The seminar conveys a range of information essential to Visual Arts educators, including health and safety issues in Art Education, technology integration, educational law, effective teaching practices, research in the field, fundraising, and community outreach. The seminar format is intended to support student teachers in their placements and allow for reflection and dialogue regarding this professional experience. Application for Directed Teaching and Departmental permission is required.

Prerequisites: DAE 405

Corequisites: DAE 510

CRAFTS

DCE 100 CERAMIC SURVEY

This basic course is for beginning students or students taking ceramics as an elective. Forming techniques including coil, slab and slip casting as well as approaches to glazing and firing are explored. Provides an overview of a vast range of techniques, while addressing the concerns facing ceramic artists today.

DCE 105 WHEEL THROWING

Learning to use the potter's wheel as an expressive tool is the goal of this course. Traditional techniques and forms are covered, such as teapots, bowls and covered containers. The aim is for students to find their individual expression within the context of tradition.

DCE 106 CLAY ON THE WALL

Ceramic tile, murals and architectural embellishments are increasingly found in public settings. Projects in this class center on drawing and painting as well as the use of colored slips and modular formats. Layout, design, the making and firing of work and installation are covered. This course is well suited for students majoring in painting, sculpture, design, or illustration.

DCE 109 FUNCTIONAL CERAMICS

This course stresses utility as the basis for an aesthetic approach to ceramics and focuses on design issues, handbuilding and wheelthrowing mold making and slip-casting techniques.

DCE 112 SLIPCASTING

The emphasis of this course is on plaster-casting techniques for making high resolution molds. The course also explores surface glazing, colored clays and high temperature reduction salt firings. Students choose a form, which may be derived from hard edged industrial materials (i.e. machine parts or commercial products) or organic items from nature (i.e. vegetables, fruits, biomorphic shapes) and produce their concept in multiples. Works may range from sculptural assemblage to functional pouring vessels, such as teapots.

DCE 116 SURFACE MATTERS

This course explores numerous glaze processes and application techniques and provides students with an understanding of how surface relates to and enhances three-dimensional forms. Weekly demonstrations and lectures give students the basis for solving structured assignments.

DCE 125 THE ECCENTRIC TEAPOT

In this course, students are encouraged to break away from tradition by combining imagination and metaphorical imagery with practicality. Handbuilding and slipcasting techniques are utilized in creating a teapot. Throughout the term, students focus on a singular form, developing a design that can range from extremely minimal to baroque in style. The final project includes presentation of the teapot.

DCE 135 HANDBUILDING

Students are given a progressive series of projects that promote exploration of both traditional and alternative building techniques such as coil, mold, slip cast, and slab. Once these are completed, students choose a project of particular interest and expand the idea to achieve a personal contemporary expression.

DCE 175 HANDBUILDING FUNCTIONAL

This course exposes students to various hand forming and glazing techniques as it pertains to the design and production of tableware. Along with traditional methodologies, new processes are offered.

DCE 205 INTERMEDIATE WHEEL THROWING

This course places an emphasis on refinement of basic wheel throwing techniques and glazing. Students are expected to develop assembled forms and groupings within their body of work.

Prerequisite(s): DCE 105

DCE 212 INTERMEDIATE SLIP CASTING

This studio introduces the concept of the ceramic object derived from plaster cast techniques and the use of high resolution molds. The emphasis is on assembled forms and the use of groupings to present a singular statement.

Prerequisite(s): DCE 112

DCE 235 INTERMEDIATE HANDBUILDING

The focus of this course is functional and nonfunctional objects derived from expanding the traditional interpretation of forms and creative hybrids. Refinement in combining form with surface treatments is also emphasized.

Prerequisite(s): DCE 175

DCE 250 CERAMICS SOPHOMORE STUDIO

This sophomore studio covers ceramic-related projects presented through slide lectures, discussion and assigned exercises. Field trips, visiting artists and periodic meetings with all five craft major studios concerning crafts-related subjects are part of this class. Topics rotate from semester to semester and include glaze chemistry, ceramic art history, mold making and firing techniques, kiln building/ studio equipment and decal making. Must be Sophomore status.

DCE 251 CERAMICS SOPHOMORE STUDIO

This sophomore studio covers ceramic-related projects presented through slide lectures, discussion and assigned exercises. This course introduces students to professional practices relevant to the studio ceramics field. Field trips, visiting artists and period meetings with all five craft major studios concerning crafts related subjects are part of this class. Topics rotate from semester to semester and include glaze chemistry, ceramic art history, mold making and firing techniques, kiln building/ studio equipment and decal making. Must be Sophomore status.

DCE 285 SPECIAL PROJECT 100/200

The Special Projects class is offered on an occasional basis, with course content specific to the area(s) being explored.

DCE 305 ADVANCED WHEEL THROWING

Students in the advanced level of wheel throwing are expected to develop a personal voice using the wheel. Individuals refine their technical and conceptual skills while learning the fundamentals of firing their own work.

Prerequisite(s): DCE 105, DCE 205

DCE 312 ADVANCED SLIPCASTING

This advanced studio guides students toward developing a personal voice using slip casting, glazing, surface refinement and firing.

Prerequisite(s): DCE 112, DCE 212

DCE 335 ADVANCED HANDBUILDING

This course encourages experimentation with new forming techniques and combinations. Emphasis is placed on developing a personal voice within a series of works.

Prerequisite(s): DCE 135, DCE 235

DCE 350 CERAMICS JUNIOR STUDIO

This junior studio covers ceramic-related projects presented through slide lectures, discussion and assigned exercises. Field trips, visiting artists and periodic meetings with all five Craft major studios concerning crafts-related subjects are part of this class. Topics rotate from semester to semester and include glaze chemistry, ceramic art history, mold making and firing techniques, kiln building/ studio equipment and decal making.

Prerequisite(s): DCE 250, DCE 251

DCE 351 CERAMICS JUNIOR STUDIO

This junior studio covers ceramic-related projects presented through slide lectures, discussion and assigned exercises. Field trips, visiting artists and periodic meetings with all five Craft major studios concerning crafts-related subjects are part of this class. Topics rotate from semester to semester and include glaze chemistry, ceramic art history, mold making and firing techniques, kiln building/ studio equipment and decal making.

Prerequisite(s): DCE 250, DCE 251

DCE 450 CERAMICS SENIOR STUDIO

This senior studio covers ceramic-related projects presented through slide lectures, discussion and assigned exercises. Field trips, visiting artists and periodic meetings with all five Craft major studios concerning crafts-related subjects are part of this class. Topics rotate from semester to semester and include glaze chemistry, ceramic art history, mold making and firing techniques, kiln building/ studio equipment and decal making.

Prerequisite(s): DCE 350, DCE 351

DCE 451 CERAMICS SENIOR STUDIO

This senior studio covers ceramic-related projects presented through slide lectures, discussion and assigned exercises. Field trips, visiting artists and periodic meetings with all five Craft major studios concerning crafts-related subjects are part of this class. Topics rotate from semester to semester and include glaze chemistry, ceramic art history, mold making and firing techniques, kiln building/ studio equipment and decal making.

Prerequisite(s): DCE 350, DCE 351

DCE 485 SPECIAL PROJECT 300/400

The special project class is offered on an occasional basis, with course content specific to the area being explored.

DCE 490 INDEPENDENT STUDY/CERAMICS

The advanced student presents an individual project to be developed independently outside the usual studio environment. Prerequisite: departmental approval. An exhibition may be required.

DCR 101 INTRODUCTION TO CRAFT'S WOODSHOP

This course is a combination of lectures, demonstrations and hands-on experience. Students are introduced to the basic use of tools and techniques for fabrication of wood. Basic techniques of cutting, forming, joining and finishing metal are covered. All students will create a reference notebook documenting the information and/or the techniques or materials as well as physical samples demonstrating various techniques.

DCR 102 INTRODUCTION TO CRAFT'S METALSHOP

This course is a combination of lectures, demonstrations and hands-on experience. Students are introduced to the basic use of tools and techniques for fabrication of metals. The basic techniques of cutting, forming, joining and finishing metal are covered. All students will create a reference notebook documenting the information and/or materials as well as physical samples demonstrating various techniques.

DCR 110 SCULPTURAL CLAY

Students explore ways of merging clay both conceptually and structurally with other material (i.e. steel, glass, wood, etc.) through a series of technical demonstrations and projects aimed at strengthening and expanding personal expression within the ceramic medium.

DCR 170 METALSMITHING FOR INDUSTRIAL DESIGN MAJORS

Designed to acquaint the student with various metalsmithing construction and surface treatment techniques. Students broaden their understanding and use of materials in order to create a project or project series. Students work with soldering, cold joining, machining, and patination techniques.

DCR 205 BEGINNING ART AND ARTIFACT

Beginning students join advanced students in all groups activities including field trips to view the museum collection of artifacts where an object is chosen for study and inspiration. The class then learns how to assimilate this knowledge and eventually incorporate their original idea into a contemporary piece of art. The course culminates in an exhibition of original artifact and contemporary art works.

DCR 209 INTERDISCIPLINARY SEMINAR

This class is designed for students with a special interest that may not be covered in regular classes. Work may be done in any medium or combination of materials. Students will meet once a week to discuss and critique work. Instruction is on a one-on-one basis and students along with their instructor will create their own assignments. Emphasis is on developing a coherent concept and investigation of new materials and techniques that demonstrate that concept.

DCR 219 SKETCHBOOK AND JOURNAL DEVELOPMENT

Students learn to formulate their personal concepts and symbols through words and images compiled in a mixed media sketchbook/journal format, generating ideas that are invaluable resources for many other CCS courses. Classes include concept and symbol research, exercises in drawing and journal writing, motivational slide lectures and audiotapes, lectures by visiting artists and field trips to museums, galleries and drawing sites. No drawing expertise required.

DCR 224 FASHION AND FUNCTION

Students learn basic sewing machine skills, pattern drafting, finishing techniques and develop an understanding of materials. Drawing assignments provide the student with a better understanding of the fashion figure. Discussions are held on rendering fabrics for draping on the human form. The course invites guest lecturers, field trips and individual and group critiques. Personal sewing machine recommended not required. No sewing skills necessary.

DCR 229 CONCEPTS AND SYMBOLS

Students take formal, universal concepts and develop their own personal iconography. Students find inspiration from other artists, cultures, nature, and everyday events. Techniques for visualization, dream study, and active imagination are explored as a source of creativity and accessing the right side of the brain. All students maintain a sketchbook/journal.

DCR 230 MIXED MEDIA FURNITURE

This course is for students who have already developed a strong foundation, both technical and aesthetic, with clay, glass, metal, fibers or wood. The emphasis is on an assemblage approach to furniture making and stresses the intermixing of materials and the crafting of new visions of traditional furniture forms such as tables, stools, benches and cabinets.

DCR 250 SOPHOMORE INTERDISCIPLINARY MAJOR STUDIO

This sophomore studio covers interdisciplinary furniture-related projects presented through slide lectures, discussions and exercises. Field trips, visiting artists and periodic meetings with the four other Crafts major studios concerning crafts-related subjects are part of this class. Concepts and techniques taught rotate from semester to semester and will include the professional side of furniture design and/or object making, production and presentation.

DCR 251 SOPHOMORE INTERDISCIPLINARY MAJOR STUDIO

This sophomore studio covers interdisciplinary furniture-related projects presented through slide lectures, discussions and exercises. Field trips, visiting artists and periodic meetings with the four other Crafts major studios concerning crafts-related subjects are part of this class. Concepts and techniques taught rotate from semester to semester and include the professional side of furniture design and/or object making, production and presentation.

DCR 265 BEGINNING RADICAL METHODS OF FURNITURE DESIGN

What is furniture? What is art? What is art furniture? Students expand their approach to functional art and design through the investigation of tables, chairs and lamps as one-of-a-kind art pieces. Emphasis is on broadening the concept of what furniture can be while learning how to think creatively. The emphasis for 200 level students is in form development, investigating basic materials and developing drawing skills in order to communicate concepts.

DCR 285 SPECIAL PROJECT 100/200

The Special Projects class is offered on an occasional basis, with course content specific to the area(s) being explored.

DCR 290 DIRECTED STUDIO

This course enables students to design, develop and execute their own projects while receiving intensive coaching in the development of their concepts and the creation of a plan for completion of the project. Weekly discussions and critiques encourage students to develop powerful verbal and visual presentations.

DCR 305 ADVANCED ART AND ARTIFACT

Students take several field trips to view a local museum collection to choose an object for study and inspiration. The course includes drawing the object and researching its origins, function and symbology, followed by the creation of an art piece or series of works inspired by the chosen artifact. The intention is that the class culminates in an exhibition of the original artifact and the contemporary object.

Prerequisite(s): DCR 205

DCR 309 INTERMEDIATE INTERDISCIPLINARY SEMINAR

This class is designed for the advanced student with a special interest that may not be covered in regular classes. Work may be done in any medium or combination of materials. Students meet once a week to discuss and critique work. Instruction is on a one-to-one basis, and students create their own assignments.

Prerequisite(s): DCR 209

DCR 310 ADVANCED SCULPTURAL CLAY

This course guides students toward an advanced investigation of sculptural forms using traditional techniques of handbuilding and wheel throwing. Surface embellishments, glazing alternatives and structural issues are explored.

Prerequisite(s): DCR 110

DCR 316 PATTERN DESIGN AND COMPUTER IMAGING

This is a two-part class. The first part focuses on creating painted, collaged and mixed media designs on paper with an emphasis on creative designing as well as alternative techniques using gouache, Luma dyes and batik. In the second part, students use Adobe Photoshop to manipulate their designs to create a portfolio of 10-15 computer-generated works.

Prerequisite(s): DCR 219

DCR 319 ADVANCED SKETCHBOOK AND JOURNAL

A continuation of sketchbook and journal on an in-depth level. Students participate in all class activities including field trips to galleries, museums, artists lectures, visualizations, dreamwork, film and DVD viewings. Students expand their personal knowledge of material/technique explorations introduced in the first class.

DCR 329 ADVANCED CONCEPTS AND SYMBOLS

Advanced students continue to explore their own paradigm systems, develop personal concepts and symbols, do extensive research and explore new mediums. They continue to create dynamic concepts through renderings. A minimum of two pieces from the series are executed by the end of the semester.

Prerequisite(s): DCR 229

DCR 350 JUNIOR INTERDISCIPLINARY MAJOR STUDIO

This junior studio covers interdisciplinary furniture-related projects through slide lectures, discussions and exercises. Field trips, visiting artists and periodic meetings with the four other Crafts major studios concerning crafts-related subjects are part of this class. Concepts and techniques taught rotate from semester to semester and include the professional side of furniture design and/or object making, production and presentation.

Prerequisite(s): DCR 250, DCR 251

DCR 351 JUNIOR INTERDISCIPLINARY MAJOR STUDIO

This junior studio covers interdisciplinary furniture-related projects through slide lectures, discussions and exercises. Field trips, visiting artists and periodic meetings with the four other Crafts major studios concerning crafts-related subjects are part of this class. Concepts and techniques taught rotate from semester to semester and include the professional side of furniture design and/or object making, production and presentation.

Prerequisite(s): DCR 250, DCR 251

DCR 365 INTERMEDIATE RADICAL METHODS OF FURNITURE DESIGN

What is furniture? What is art? What is art furniture? Students will expand their approach to functional art and design through the investigation of tables, chairs and lamps as one-of-a-kind art pieces. Emphasis is on broadening the concept of what furniture can be while learning how to think creatively. The emphasis for 300 level students is the increasing use of detail in both design and concept development. Critiquing skills are also emphasized.

Prerequisite(s): DCR 265

DCR 390 ADVANCED DIRECTED STUDIO

Advanced students utilize 'breakthrough' technology to design projects for this course. Students present initial ideas to the group as renderings, creating a concept that is realized in a series of at least three finished pieces in any medium.

Prerequisite(s): DCR 290

DCR 409 ADVANCED INTERDISCIPLINARY SEMINAR

This class is designed for students with a special interest that may not be covered in regular classes. Work may be done in any medium or combination of materials. Students will meet once a week to discuss and critique work. Instruction is on a one-on-one basis and students along with their instructor, will create their own assignments. Emphasis is on fine-tuning student's personal development through the use of

detail in both idea development and materials and techniques. Work presented is expected to demonstrate the students ideas in both an interesting and comprehensive way. Students are also expected to provide the lead in weekly critiques.

Prerequisite(s): DCR 309

DCR 450 SENIOR INTERDISCIPLINARY MAJOR STUDIO

This senior studio covers interdisciplinary furniture-related projects presented through slide lectures, discussions and exercises. Field trips, visiting artists and periodic meetings with the four other Crafts major studios concerning Crafts related subjects are part of this class. Concepts and techniques taught rotate from semester to semester and include the professional side of furniture design and/or object making, production and presentation.

Prerequisite(s): DCR 350, DCR 351

DCR 451 SENIOR INTERDISCIPLINARY MAJOR STUDIO

This senior studio covers interdisciplinary furniture-related projects presented through slide lectures, discussions and exercises. Field trips, visiting artists and periodic meetings with the four other Crafts major studios concerning Crafts related subjects are part of this class. Concepts and techniques taught rotate from semester to semester and include the professional side of furniture design and/or object making, production and presentation.

Prerequisite(s): DCR 350, DCR 351

DCR 465 ADVANCED RADICAL METHODS OF FURNITURE DESIGN

What is furniture? What is art? What is art furniture? Students expand their approach to functional art and design through the investigation of tables, chairs and lamps as one-of-a-kind art pieces. Emphasis is on broadening the concept of what furniture can be while learning how to think creatively. The emphasis for 400 level students is in fine tuning their personal development in design, drawing and final presentation of their work. Students are expected to lead their weekly group critiques.

Prerequisite(s): DCR 265, DCR 365

DCR 475 CRAFTS INTERNSHIP

Participation in an internship experience allows students to use classroom-learned skills in a related employment experience. Students must work a minimum of 135 hours over the course of the entire semester. To participate students must be of junior or senior status with completion of freshman and sophomore studios. Students must have a minimum cumulative GPA of 2.8. Seniors may not be eligible to participate in an internship during their final semester. Transfer students must have attended one semester at CCS in addition to meeting the other eligibility criteria.

DCR 485 SPECIAL PROJECT 300/400

The Special Project class is offered on an occasional basis, with course content specific to the area being explored.

DCR 490 INDEPENDENT STUDY

Independent Study is available to students who are at Junior or Senior level standing with a cumulative grade point average of 3.00 or above. The student may receive approval to work in an area or on a project that is not otherwise offered or addressed in the regular curriculum. Students may receive credit toward graduation for no more than 6 credit hours. The student must submit to the chairperson of the department in which they wish to study, an Independent Study Proposal of 150 words (no less) of the student's plan for study and her/his reason for choosing to study independently. Once the department chairperson provides approval and the instructor for the Independent Study is determined, the faculty member must write an Independent Study Syllabus with education goals, learning outcomes, meeting dates, course expectations, timelines and due dates.

DCR 505 MOBILITY

Through the College's affiliation with the Association of Independent Colleges of Art and Design, junior or first-semester senior students in good academic standing have the opportunity to spend a semester (fall or winter) or full year of studying at another member institution in the United States or abroad. Application information is available in the Academic Advising and Registration Office.

DCR 515 STUDY ABROAD

Junior or first semester senior students in good academic standing have the opportunity to spend a semester (fall or winter) or a full year of study at an accredited institution abroad. Further information is available from International Student Services.

DFD 101 DYED IMAGRY AND IKAT

This course begins with an exploration of the various dyeing techniques used to create imagery and pattern on weaving yarns. Students explore ways to transpose the dyed color into a woven structure such as Kasuri, weft ikat, warp ikat, and free-warp painting.

DFD 110 BEGINNING WEAVING

Beginning students learn the basics of floor loom weaving, including pattern weaves and double weaves. The main focus of the course rotates from semester to semester and includes rug weaving, tapestry, dyed imagery and ikat, weaving for function, and complex weaves.

DFD 111 INTRODUCTION TO FIBER ARTS

An introduction to a variety of fiber design techniques in order to develop a broad understanding of the fiber arts. Techniques may include block printing, kozo and gut sculpture, felt hat making, dyeing technology, handmade felt, surface embellishment, papermaking and bookmaking. Study of techniques is augmented with slide presentations, visiting artists and field trips.

DFD 113 BEGINNING SILKSCREEN ON FABRIC

This course acquaints the student with printing on fabric through the use of basic silkscreen techniques such as paper stenciling and photo stenciling. Various pattern topics are covered on a rotating basis and include monoprinting, photo techniques, imagery on fabric, surface design and repeat patterning.

DFD 119 FIBER COLLAGE AND EMBELLISHMENT

In this course, students explore the art of collage in which found and handmade fabrics and objects are combined in traditional as well as nontraditional ways. A variety of surface embellishment techniques are also introduced (stitchery, beading etc.). Students create and critique collages and share their knowledge of materials and technique; films, visiting artists, slide lectures and field trips support the students in their explorations.

DFD 120 COLOR AND FIBER

A study of color relationships utilizing Josef Albers's book *Interaction of Color* as a basis for color exercises. The objective of the course is for students to develop an eye for color action and feeling color relatedness. Exercises are executed in color-aid paper and the concepts are translated into various fiber techniques.

DFD 140 FEAR OF DYEING AND COLOR

An in-depth, systematic exploration of the many facets of color as it relates to fiber design through dyeing. Students explore metric-system dyeing of animal, vegetable and manmade fibers utilizing fiber reactive, acidic and disperse dyes. A detailed dye sample notebook is one result of this course, as well as a developed color sense through an exploration of Josef Albers's color theories.

DFD 210 INTERMEDIATE WEAVING

This course builds on the skills acquired in *Beginning Weaving*. The main focus of the course rotates from semester to semester includes rug weaving, tapestry, dyed imagery and ikat, weaving for function and complex weaves.

Prerequisite(s): DFD 110

DFD 213 INTERMEDIATE SILKSCREEN ON FABRIC

This course builds on the skills acquired in *Beginning Silkscreen*. Various pattern topics are covered on a rotating basis and include monoprinting, photo techniques, imagery on fabric, surface design and repeat patterning.

Prerequisite(s): DFD 113

DFD 215 LAYERED IMAGERY AND MONOPRINTING

This course emphasizes experimental and creative uses of the silkscreen. Immediate and one-of-a-kind stencils are used in combination with other mark-making techniques, such as painting and collage. Projects stress a spontaneous, innovative approach to producing unique fabrics or embellishing ready-to-wear articles of clothing. This course is an excellent follow-up to *Materials and Processes Silkscreen* or *Introduction to Silkscreen*.

DFD 222 SHIBORI AND SILK PAINTING

In this course, students learn two complementary but very different techniques for creating brilliantly colored images and patterns on fabric. Shibori is a Japanese bound resist technique similar to, but more sophisticated than, tie-dye. Silk painting and indigo dyeing are also introduced. Assignments stress creative uses of traditional techniques to produce one-of-a-kind art fabric.

DFD 224 BATIK

This course explores the ancient wax-resist technique of batik through experiments with the tjanting tool, brushes and stamps. Students learn to paint directly on fabric with dyes and to extract color from the cloth with bleach solutions. Slide lectures and class critiques support hands-on work. Students develop design sketchbooks and produce a series of samples plus a final project.

DFD 229 ADVANCED FIBER COLLAGE & EMBELLISHMENT

Advanced students establish a personal concept and then research imagery and symbology. A series of drawings are created and a format of expression chosen; wall piece, sculpture, or garment. The idea is presented to the group and the remainder of the class is used to execute the final piece.

Prerequisite(s): DFD 119

DFD 230 AUTOMOBILE INTERIOR COLOR AND DESIGN

Students design and create the soft trim of a vehicle, i.e., seat coverings, flooring, headlining, door panels, etc. There will also be opportunities to choose exterior paint colors as well as pin striping or other exterior detailing. The class will work closely with industry contacts to produce a professionally finished car that speaks to the future of car design.

DFD 240 FABULOUS FABRICS FOR FUNCTION

This course focuses on the creation of one-of-kind textiles for a variety of uses: fashion/wearable art, wall hangings, interiors and furniture. Hand painting and metallics on specialty fabrics and photo-silkscreening are introduced. The course includes a project on repeat patterning. Advanced students may work independently. This course is an excellent follow up to Materials and Processes Silkscreen or Introduction to Silkscreen.

DFD 243 TEXTILE SCIENCE

Students become acquainted with the properties of fibers, their fabrication and application. Textiles are considered from the point of view of the modern consumer, as well as historically. Each component of a textile-fiber, yarn, fabrication and finishing-and how their interrelationship contributes to the serviceability of the textile is included in this course.

DFD 249 SURFACE DESIGN SURVEY

The intensive workshop-style format of this class gives beginners a sampling of both structured and improvisational fabric techniques. Advanced students are able to concentrate on a few methods and create a body of work based on their own imagery and personal direction. Rotating techniques may include polychromatic printing, indigo, photo silkscreen, devore, cyanotype and starch based resists.

DFD 250 SOPHOMORE FIBER DESIGN MAJOR STUDIO

This sophomore studio covers fiber design related projects presented through slide lectures, discussion and assigned exercises. Field trips, visiting artists and periodic meeting with all five Crafts major studios concerning crafts-related subjects are part of this class. Topics rotate from semester to semester and include sketchbook and journal, Joseph Albers color studies, surface exploration, alternative materials, sculptural form and fear of dyeing and color.

DFD 251 SOPHOMORE FIBER DESIGN MAJOR STUDIO

This sophomore studio covers fiber design related projects presented through slide lectures, discussion and assigned exercises. Field trips, visiting artists and periodic meeting with all five Crafts major studios concerning crafts-related subjects are part of this class. Topics rotate from semester to semester and include sketchbook and journal, Josef Albers color studies, surface exploration, alternative materials, sculptural form and fear of dyeing and color.

DFD 260 SCULPTURE FROM A BASKETRY TRADITION

The ancient basketry techniques of twining and coiling have become a popular and well-received contemporary mode of expression for sculptural forms. These two techniques are explored through a series of exercises followed by a final project utilizing these methods in a modern, nontraditional way. Comprehensive slide lectures of historical and contemporary basketry/sculptures and field trips to local museums and galleries to view both historical and contemporary collections are included.

DFD 285 SPECIAL PROJECT 100/200

The Special Projects class is offered on an occasional basis, with course content specific to the area(s) being explored.

DFD 310 ADVANCED WEAVING

This course provides advanced students with the opportunity to undertake independent exploration. Students design their own course of study, with approval of the instructor. The main focus of the course rotates from semester to semester and includes rug weaving, tapestry, dyed imagery and ikat, weaving for function and complex weaves.

Prerequisite(s): DFD 210

DFD 315 PHOTO TECHNIQUES: IMAGERY ON FABRIC

Through guided projects and sketchbook assignments, students develop pictorial ideas and convey them on cloth. Photo silkscreening, cyanotype (blueprinting), disperse dye photo-transfers, collage and piecing are covered in class. Use of a camera is encouraged but not required; drawn and found object imagery may also be used.

DFD 316 ADVANCED WEAVING: TAPESTRY

This class explores the various weaving techniques used to create tapestry. Students learn how to create images and textures using a floor loom. By the close of the semester, each student is required to complete a small tapestry.

Prerequisite(s): DFD 210

DFD 317 ADVANCED LAYERED IMAGERY AND MONOPRINTING

In this course, students pursue photosilkscreening and monoprinting techniques that complement their imagery and interests. Assignments are based on concepts developed through sketchbooks and discussions with the instructor. Emphasis is on creating four (4) major projects that integrate personal statements and technical proficiency.

Prerequisite(s): DFD 215

DFD 320 RUG WEAVING

In this course, students begin this course with a series of woven samples exploring various techniques of rug weaving. Students also learn how to dye wool and linen. Course concludes with the student designing and weaving a rug.

Prerequisite(s): DFD 110

DFD 322 ADVANCED SHIBORI AND SILK PAINTING

In this course, students execute a series of samples in more specialized shibori techniques, using the shibori book by Wada as a textbook. Following the series of samples, students complete four major projects using shibori, sculptural techniques, silk painting, and/or collage, based on their own personal imagery technical interests and instructor guidance.

Prerequisite(s): DFD 222

DFD 324 ADVANCED BATIK

Advanced students have a choice of working with repeat patterning or one-of-a-kind imagery. Formats for batiks may be garments, sculpture, or wall pieces. The class consists of design rendering, sampling of dyes and colors, and final execution of three to five pieces.

Prerequisite(s): DFD 224

DFD 330 ADVANCED AUTO INTERIOR COLOR & DESIGN

This class takes a more conceptual approach to designing the exterior and interior of a vehicle. By allowing the concept to guide the design process, students utilize alternative methods to create varied surfaces of a vehicle interior.

Prerequisite(s): DFD 230

DFD 340 ADVANCED FABULOUS FABRICS FOR FUNCTION

In this course, students create a series of projects related to a personal direction, such as a collection of home furnishings fabrics or table linens, or a fashion collection. Emphasis is on one-of-a-kind functional fabrics and a high degree of technical skill and polished presentation.

Prerequisite(s): DFD 240

DFD 349 ADVANCED SURFACE DESIGN SURVEY

In this course, students choose to specialize in one or two areas that the introductory level class introduces, and creates a body of work that fully explores these techniques while integrating concepts and imagery into the projects. Newer techniques that are just recently made available to the studio artist may also be investigated.

Prerequisite(s): DFD 249

DFD 350 JUNIOR FIBER DESIGN MAJOR STUDIO

This junior studio covers fiber design related projects presented through slide lectures, discussion and assigned exercises. Field trips, visiting artists and periodic meeting with all five Craft major studios concerning crafts-related subjects are part of this class. Topics rotate from semester to semester and include sketchbook and journal, Josef Albers color studies, surface exploration, alternative materials, sculptural form and fear of dyeing and color.

Prerequisite(s): DFD 250, DFD 251

DFD 351 JUNIOR FIBER DESIGN MAJOR STUDIO

This junior studio covers fiber design related projects presented through slide lectures, discussion and assigned exercises. Field trips, visiting artists and periodic meeting with all five Craft major studios concerning crafts-related subjects are part of this class. Topics rotate from semester to semester and include sketchbook and journal, Josef Albers color studies, surface exploration, alternative materials, sculptural form and fear of dyeing and color.

Prerequisite(s): DFD 250, DFD 251

DFD 360 ADVANCED SCULPTURE FROM A BASKETRY TRADITION

The ancient basketry techniques of twining and coiling have become a popular and well-received contemporary mode of expression for sculptural forms. These two techniques are explored through a series of exercises followed by a final project utilizing these methods in a modern, nontraditional way. Comprehensive slide lectures of historical and contemporary basketry/sculptures and field trips to local museums and galleries to view both historical and contemporary collections are included.

Prerequisite(s): DFD 260

DFD 450 SENIOR FIBER DESIGN MAJOR STUDIO

This senior studio covers fiber design related projects presented through slide lectures, discussion and assigned exercises. Field trips, visiting artists and periodic meeting with all five Craft major studios concerning crafts-related subjects are part of this class. Topics rotate from semester to semester and include sketchbook and journal, Josef Albers color studies, surface exploration, alternative materials, sculptural form and fear of dyeing and color.

Prerequisite(s): DFD 350, DFD 351

DFD 451 SENIOR FIBER DESIGN MAJOR STUDIO

This senior studio covers fiber design related projects presented through slide lectures, discussion and assigned exercises. Field trips, visiting artists and periodic meeting with all five Craft major studios concerning crafts-related subjects are part of this class. Topics rotate from semester to semester and include sketchbook and journal, Josef Albers color studies, surface exploration, alternative materials, sculptural form and fear of dyeing and color.

Prerequisite(s): DFD 350, DFD 351

DFD 485 SPECIAL PROJECT 300/400

The Special Projects class is offered on an occasional basis, with course content specific to the area(s) being explored.

DGL 134 HOT GLASS ELEMENTS

In this course, hot furnace glass is used in a variety of techniques including sand casting, hot forming, and blowing to make glass elements for inclusion in sculpture, furniture, or decorative art pieces. OPEN TO ALL MAJORS WITHOUT PERMISSION.

DGL 138 GLASS ELEMENTS

Hot and cold glass techniques are utilized in making parts to be combined with metal and other materials to make a body of work. The course is directed toward students especially interested in multimedia objects, sculpture, collage, furniture, architectural elements, etc. Glass techniques of casting, hot forming, glass blowing, sandblasting, grinding and polishing are also covered. Use of the metal and wood shop is incorporated. Student safety clearance for use of the shops is required.

DGL 140 CAST GLASS

This course covers various mold making techniques for glass, including sand casting, slumping, fusing, pate de verre, hot billet casting, etc. Students explore the unique characteristics of cast glass in vessels, sculpture and panels. Glass elements may be made for inclusion with other materials.

DGL 142 BEGINNING GLASSBLOWING

In this course, students work on a one-to-one basis with the instructor, as well as participate in teamwork with other students. This class takes an extensive look at the techniques used in historical glasswork as well as in contemporary studio work.

DGL 238 ADVANCED GLASS ELEMENTS

This advanced studio is a self-defined and directed exploration of hot and cold techniques concentrating on making parts to be combined with other objects or materials. This class is directed toward individual projects of those students especially interested in multimedia objects, furniture, sculpture, decorative objects etc.

Prerequisite(s): DGL 138

DGL 240 ADVANCED CAST GLASS

This class builds on the skills learned in DGL 140 - Cast Glass. Advanced students, in addition to trying new techniques, may pursue self-directed projects.

Prerequisite(s): DGL 140

DGL 242 INTERMEDIATE GLASSBLOWING

The purpose of this class is to further develop the basic skills and techniques needed to make a blown glass form. Primary skills are reviewed; additional techniques and projects are explored.

Prerequisite(s): DGL 142

DGL 250 SOPHOMORE GLASS MAJOR STUDIO

This sophomore studio covers glass-related projects presented through slide lectures, discussion and assigned exercises. Field trips, visiting artists and periodic meetings with all five Crafts major studios concerning crafts-related subjects are part of this class. Topics rotate from semester to semester and include architectural/environmental issues, tile and modular elements, glass, color and light, contemporary glass history and studio tools and equipment.

DGL 251 SOPHOMORE GLASS MAJOR STUDIO

This sophomore studio covers glass-related projects presented through slide lectures, discussion and assigned exercises. Field trips, visiting artists and periodic meetings with all five Crafts major studios concerning crafts-related subjects are part of this class. Topics will rotate from semester to semester and will include architectural/environmental issues, tile and modular elements, glass, color and light, contemporary glass history and studio tools and equipment.

DGL 285 SPECIAL PROJECTS

The Special Projects class is offered on an occasional basis, with course content specific to the area(s) being explored.

FALL 2008 TEXTURE, PATTERN & SURFACE COLOR IN HOT COLOR Students develop a vocabulary of techniques for the application of texture, color and patterning on hot glass. Simple blown and solid forms are used as the canvas for compositions in relief and color patterns that form visual texture. The course also employs sandblasting and engraving for surface decoration. The course is open to all skill levels.

DGL 342 ADVANCED GLASSBLOWING

In this course, students work on a one-to-one basis with the instructor, as well as participate in teamwork with other students. This class takes an extensive look at the techniques used in historical glasswork as well as in contemporary studio work.

Prerequisite(s): DGL 242

DGL 350 JUNIOR GLASS MAJOR STUDIO

This junior studio covers glass-related projects presented through slide lectures, discussion and assigned exercises. Field trips, visiting artists and periodic meetings with all five Crafts major studios concerning crafts-related subjects are part of this class. Topics rotate from semester to semester and include architectural/environmental issues, tile and modular elements, glass, color and light, contemporary glass history and studio tools and equipment.

Prerequisite(s): DGL 250, DGL 251

DGL 351 JUNIOR GLASS MAJOR STUDIO

This junior studio covers glass-related projects presented through slide lectures, discussion and assigned exercises. Field trips, visiting artists and periodic meetings with all five Crafts major studios concerning crafts-related subjects are part of this class. Topics rotate from semester to semester and include architectural/environmental issues, tile and modular elements, glass, color and light, contemporary glass history and studio tools and equipment.

Prerequisite(s): DGL 250, DGL 251

DGL 450 SENIOR GLASS MAJOR STUDIO

This senior studio covers glass-related projects presented through slide lectures, discussion and assigned exercises. Field trips, visiting artists and periodic meetings with all five Crafts major studios concerning crafts-related subjects are part of this class. Topics rotate from semester to semester and include architectural/environmental issues, tile and modular elements, glass, color and light, contemporary glass history and studio tools and equipment.

Prerequisite(s): DGL 350, DGL 351

DGL 451 SENIOR GLASS MAJOR STUDIO

This senior studio covers glass-related projects presented through slide lectures, discussion and assigned exercises. Field trips, visiting artists and periodic meetings with all five Crafts major studios concerning crafts-related subjects are part of this class. Topics rotate from semester to semester and include architectural/environmental issues, tile and modular elements, glass, color and light, contemporary glass history and studio tools and equipment.

Prerequisite(s): DGL 350, DGL 351

DGL 490 INDEPENDENT STUDY/GLASS

The student works on an independent project with the supervision of an instructor. Departmental approval required.

DME 140 METALSMITHING AND JEWELRY DESIGN

This course is a multilevel studio with an emphasis on fabrication and forming techniques for jewelry and small-scale metals.

DME 144 HOLLOWARE

Functional and nonfunctional objects are derived from the traditional vessel format. Traditional forming operations for sheet metal are explored; experimentation is encouraged.

DME 145 STONE SETTING

This course explores the use of various precious and semi-precious stones within jewelry composition. Techniques presented include: bezel setting, channel setting, as well as gypsy mounts and assorted prong systems. Students learn vocabulary, tool requirements and gain first hand manual proficiencies in the use of stones.

Prerequisite(s): DME 140

DME 160 ALTERNATIVE MATERIALS

Students use titanium, aluminum, steel, plastics, bone, leather, wood, textiles, clay, paper and found objects to replace the traditional metals and stones used to create jewelry.

DME 175 BLACKSMITHING

This course is an intensive study in blacksmithing techniques. Students explore one of the following four topics: 1) traditional forging techniques in decorative iron, 2) pattern development in ferrous and nonferrous metals, 3) contemporary forging techniques in decorative iron, 4) tool-making for the object maker. Topics include terms and vocabulary, related technology, and a survey of these versatile processes with a focus on their historical and contemporary relevance.

DME 240 ENAMELING

The basic techniques of enameling are introduced in this course, with an emphasis on technical proficiency, aesthetics, and design.

DME 241 INTERMEDIATE METALSMITHING & JEWELRY DESIGN

This studio is the second level of exploration concerned with fabrication and forming techniques for jewelry and small scale metals. The emphasis within this course is directed research into topics of technical proficiency, material vocabulary and creative problem solving.

Prerequisite(s): DME 140

DME 244 INTERMEDIATE HOLLOWARE

In this course, students explore functional and nonfunctional objects derived from the vessel format. Experimental forming methods for sheet metal are emphasized. Soldering and welding techniques such as raising and shell-forming for sheet metal are also presented.

Prerequisite(s): DME 144

DME 245 CASTING

In this course, students explore the casting process as it relates to small metal objects. Various molds, waxes and casting materials are used.

DME 250 SOPHOMORE METAL AND JEWELRY MAJOR STUDIO

This sophomore studio covers metalsmithing and jewelry design related projects presented through slide lectures, discussion and assigned exercises. Field trips, visiting artists and periodic meetings with all five Crafts major studios concerning crafts-related subjects are part of this class. Topics rotate from semester to semester and include toolmaking, rendering, surface embellishment, stone setting, mechanism, the business of being an artist, and color on metal.

DME 251 SOPHOMORE METAL AND JEWELRY MAJOR STUDIO

This sophomore studio covers metalsmithing and jewelry design related projects presented through slide lectures, discussion and assigned exercises. Field trips, visiting artists and periodic meetings with all five Crafts major studios concerning crafts-related subjects are part of this class. Topics rotate from semester to semester and include toolmaking rendering, surface embellishment, stone setting, mechanism, the business of being an artist, and color on metal.

DME 275 INTERMEDIATE BLACKSMITHING

In this course, students explore blacksmithing techniques such as the forging of ferrous and nonferrous metals. Topics include terms and vocabulary, related technology, toolmaking and a survey of this versatile process with a focus on its historical and contemporary relevance.

Prerequisite(s): DME 175

DME 285 SPECIAL PROJECTS

The Special Projects class is offered on an occasional basis, with course content specific to the area(s) being explored.

DME 340 ADVANCED METALSMITHING & JEWELRY DESIGN

This is an advanced studio concerned with fabrication and forming techniques for jewelry and small scale metals. Students undertake projects with an emphasis on individual expression, surface embellishment and production strategies.

Prerequisite(s): DME 240

DME 344 ADVANCED HOLLOWARE

In this course, students explore functional and nonfunctional objects derived from the vessel format. Advanced application of conceptual and technical research in merged forms, experimental structures and materials result in objects of personal narrative as well as sculptural and utilitarian significance.

Prerequisite(s): DME 244

DME 345 INTERMEDIATE CASTING

This course is a continuation into the study of casting practices with an emphasis on experimental techniques. Topics include moldmaking, bi-metal casting and stone-in-place casting.

Prerequisite(s): DME 245

DME 350 JUNIOR METAL AND JEWELRY MAJOR STUDIO

This junior studio covers metalsmithing and jewelry design related projects presented through slide lectures, discussion and assigned exercises. Field trips, visiting artists and periodic meetings with all five Crafts major studios concerning crafts-related subjects are part of this class. Topics rotate from semester to semester and include toolmaking, rendering, surface embellishment, stone setting, mechanism, the business of being an artist, and color on metal.

Prerequisite(s): DME 250, DME 251

DME 351 JUNIOR METAL AND JEWELRY MAJOR STUDIO

This junior studio covers metalsmithing and jewelry design related projects presented through slide lectures, discussion and assigned exercises. Field trips, visiting artists and periodic meetings with all five Crafts major studios concerning crafts-related subjects are part of this class. Topics rotate from semester to semester and include toolmaking, rendering, surface embellishment, stone setting, mechanism, the business of being an artist, and color on metal.

Prerequisite(s): DME 250, DME 251

DME 375 ADVANCED BLACKSMITHING

This class covers more advanced blacksmithing techniques. Students explore the forging of ferrous and nonferrous metals. Topics include terms and vocabulary, related technology, toolmaking and a survey of this versatile process with a focus on its historical and contemporary relevance.

Prerequisite(s): DME 275

DME 445 ADVANCED CASTING

This advanced casting studio provides students with the opportunity to conduct individualized research into casting techniques and applications which result in a cohesive body of work directed toward the personal narrative of the student.

Prerequisite(s): DME 345

DME 450 SENIOR METAL AND JEWELRY MAJOR STUDIO

This senior studio covers metalsmithing and jewelry design related projects presented through slide lectures, discussion and assigned exercises. Field trips, visiting artists and periodic meetings with all five Crafts major studios concerning crafts-related subjects are part of this class. Topics rotate from semester to semester and include toolmaking, rendering, surface embellishment, stone setting, mechanism, the business of being an artist, and color on metal.

Prerequisite(s): DME 350, DME 351

DME 451 SENIOR METAL AND JEWELRY MAJOR STUDIO

This senior studio covers metalsmithing and jewelry design related projects presented through slide lectures, discussion and assigned exercises. Field trips, visiting artists and periodic meetings with all five Crafts major studios concerning crafts-related subjects are part of this class. Topics rotate from semester to semester and include toolmaking, rendering, surface embellishment, stone setting, mechanism, the business of being an artist and color on metal.

Prerequisite(s): DME 350, DME 351

DME 490 INDEPENDENT STUDY/METALS

This independent study course is an intensive study of Metalsmithing and Jewelry techniques. The focus will guide the student in hand and machine practices relative to the use of various metals as applied to metal work and jewelry. Areas of focus will be determined by consultation between the supervising instructor and student.

DWD 180 WOODWORKING

This course teaches the basics for woodworking while introducing the woodshop and the equipment necessary for working in wood. Students investigate, through demonstrations and exercises, various techniques used in woodworking.

DWD 185 BEGINNING WOOD FURNITURE

This is an introductory course in the construction of wood furniture. IN THE FALL SEMESTER, this class explores construction with laminates. Students create a piece of furniture of their own design, incorporating plywood combined with hardwoods, wood laminates and plastic laminates. Construction includes the use of bending birch plywood to create curved or custom forms. Techniques used allow a wide range of form possibilities. IN THE WINTER SEMESTER, students are responsible for the design and construction of a chair made of hardwoods using traditional joinery. Grading emphasis is on craftsmanship and design, as they are integral parts of one another. Students must be able to build the furniture they design, and all work must be completed during the term. Classes include demonstrations and critiques with the bulk of the course being individual instruction and work during class time.

DWD 280 ADVANCED WOODWORKING

Students continue to develop techniques in joinery, carving and turning through projects designed to build their visual and technical vocabulary. Specified course work increases the advanced student's understanding of wood as a material for making fine art. Special emphasis is given to finishing processes and additive construction techniques.

Prerequisite(s): DWD 180

DWD 285 ADVANCED WOOD FURNITURE

This is a follow-up course in the production of wood furniture and concentrates on the proper techniques for the construction of cabinetry. Students continue to explore and master joinery techniques and solve the problems of wood expansion and contraction.

Prerequisite(s): DWD 185

126

ENTERTAINMENT ARTS

DMA 101 ANIMATION I

Students explore the fundamental principles of animation, creating convincing character motion involving timing, weight, physics, and body mechanics. Students must fully understand the basics in order to create convincing animation in any medium. This course prepares the foundation for future animation projects.

DMA 111 ANIMATION SURVEY: DRAWING FOR ANIMATION

Basic figure drawing, quick gesture and sequential figure sketch, both nude and clothed, are explored in a series of drawn exercises. Basic techniques of composition, acting and dramatic shot composition are introduced. Students will observe and analyze action from a live model as well as from stills, animated and live action sequences and gain an understanding of posing, motion and weight.

Co-requisite courses: DMA 112

DMA 112 ANIMATION SURVEY: ANIMATION FUNDAMENTALS

Students will gain an understanding of the basic principles of motion, timing, weight and acting through a series of drawn exercises. Techniques of creating both realistic and caricatured action are explored through creating short animated sequence 'pencil tests.'

Co-requisite courses: DMA 111

DMA 120 CREATIVE VISUALIZATION - LECTURE

The emphasis of this course is on developing the storytelling skills and clarity necessary to begin communicating ideas visually. Students will be introduced to visual storytelling techniques, including composition, framing, camera angles, point of view and the dynamics of motion. This lecture course must be taken along with DMA 121.

Co-requisite courses: DMA 121

DMA 121 CREATIVE VISUALIZATION - STUDIO

In conjunction with the information provided in the companion lecture section of this course (DMA 120), students will develop short synopses of their ideas with the goal of enhancing their skills in imaginative writing for visual media. Storyboards will be created as a means of demonstrating story development skills. Still image sequences, hand drawn animatics and other media will be used in projects demonstrating basic visual storytelling principles.

Co-requisite courses: DMA 120

DMA 125 INTRO TO DIGITAL VIDEO

This course is an introduction to the world of video production. With an emphasis on storytelling, students engage in a series of exercises designed to prepare them for writing, planning and directing their own short video productions. Storyboarding, blocking, lighting, cinematography and editing are emphasized in this course. Additionally, students will analyze selected films and videos and begin to develop a critical awareness of cinematic language. OPEN TO NON-MAJORS WITH DEPARTMENTAL APPROVAL.

DMA 201 ANIMATION II

This course continues the development of character animation, further exploring the foundations while introducing acting theory, film language, scene structure and technical skills. Students will refine their drawing and animation skills, working on techniques that include animation clean up, lip sync, timing to music and sound, moving layouts/pans, assisting, timing/slugging and completed production. Comedic and dramatic acting is further explored as well as producing completed sequences, in addition to technical skills such as compiling, presentation and learning to work in different styles.

Prerequisite(s): DMA 101

DMA 202 ANIMATION III

Students study similarities and differences between acting for animators and real world acting, applying concepts to multiple character interaction with sets and props, exploring comedic timing, and conveying emotions. Students build on knowledge from Animation I and II to refine their animation skills working on techniques specifically related in their area of concentration, lip sync and film and character animation production through the creation of a completed animation short.

Prerequisite(s): DMA 201

DMA 211 2D DIGITAL ANIMATION

Introduces the student to time-based animation through basic concepts and theories of compositing sequencing, editing, digitizing, rendering, file management and organization. Students will also learn how to communicate ideas and information through the use of these elements.

DMA 217 INTRODUCTION 3D COMPUTER GRAPHICS

This class will introduce students to the basic concepts and possibilities of computer animation available through Maya. Students will develop a basic understanding of Maya as a program, along with such general animation concepts as modeling, texturing, rendering, fundamental motion and 'point of view' (camera positioning). The goal of this class is to build familiarity with the tools, terminology and ideas involved in modeling and moving in the virtual 3D world.

DMA 225 DIGITAL VIDEO SOUND AND LIGHT

This course carries forward from Digital Cinema with a particular emphasis on the use of light and sound in film-style video production. Students will master the tools involved in location sound recording and studio lighting. The thematic thrust of this course involves the examination, discussion and cinematic uses of light and sound as they relate to visual story telling.

Prerequisite(s): DMA 215, DMA 125

DMA 227 INTERMEDIATE 3D COMPUTER GRAPHICS II

This course builds on the concepts and skills introduced in DMA 217. Students will continue to develop practical and theoretical knowledge of 3D animation and expand their skills using Maya as a program for modeling, texturing, animating, etc.

Prerequisite(s): DMA 217

DMA 228 STOP MOTION I

This class focuses on object, clay and puppet animation. Topics covered will include staging, choreography, direction, acting, stage design and cinematic language. Students will also explore the characteristics of physical space and how movement can be used to suggest weight and gravity. They will investigate light and shadow in scenes and will learn how to create convincing stop motion characters through design, materials and single-frame animation.

Prerequisite(s): DMA 125

DMA 230 EXPERIMENTAL ANIMATION

Students will undertake hands-on exploration of nontraditional ways of creating animations. They will experiment with materials such as charcoal on paper, chalk on blackboard, painting on and scratching off film, cut outs, sand animation, painting on glass and painting with clay, or may choose their own materials. American and international experimental animation will be used as an inspiration and challenge for students in the development of their personal work.

DMA 233 ENVIRONMENTS AND CHARACTERS

This course focuses on the development of environments and characters as they relate to game design and animation. Treatments and synopsis will describe the theme based character back-story, rationale, and visual design. Environments will be developed that consider and are integrated with character design. Students will exit the course with a finished and highly developed portfolio of characters and environments. Originality and innovation will be emphasized.

Prerequisite(s): DMA 120, DMA 121

DMA 246 GAME ART I

This course focuses on the creation of 3D models for realtime applications such as games. Modeling, texturing, lighting, and animation for games are covered as well as how a game production pipeline works.

Prerequisite(s): DMA 217

DMA 255 TRADITIONAL ANIMATION TECHNIQUES I

In this course, students will be introduced to the basic drawing techniques for animators. The emphasis will be on developing accurate and fluid line drawing, with additional skill building in perspective, volumes and line-of-action. The goal is to effectively communicate ideas through line drawing and become familiar with the principles of timing and motion.

Prerequisite(s): DMA 111, DMA 112

DMA 285 SPECIAL PROJECT 100/200

The Special Projects class is offered on an occasional basis, with course content specific to the area(s) being explored.

DMA 305 ADVANCED CAMERA TECHNIQUES

This course focuses primarily on the use of the camera as a visualization tool and affords the student the opportunity to greatly improve their camera techniques through a series of intensive exercises. Blocking, composition, lighting, the lens, and camera angle will all be explored along with advanced shot structure, sequence structure and scene structure. Many examples will be viewed and discussed.

Prerequisite(s): DMA 125, DMA 215

DMA 310 MAQUETTE SCULPTURE

Students create three entertainment sculptures, three to twelve inches high, commonly referred to as maquettes. A maquette is a small sculpture of an animated character intended to be used as a conceptual guide in the creation of a final work. The ability to capture and represent a character in sculpture has many applications in the entertainment and toy industry. Creation of these sculptures are taught from concept drawings, through creation of armatures on suitable presentation bases through to the completion of the final sculptures. They are created in polyform clay.

Prerequisite(s): DMA 120, DMA 121

DMA 312 SOUND DESIGN

The objective of this course is to help the student to understand the conceptual and technical challenges of sound, and the important communication role it plays when combined with visuals. Techniques of recording, generating, editing, synchronizing and manipulating sound data will be covered in-depth as will the conceptual issues of noise, sound and music. The goal is to create a keen awareness of the evocative, informational and temporal possibilities that sound offers in connection to the student's visual work from other classes.

Prerequisite(s): DMA 125

DMA 317 COMPUTER CHARACTER ANIMATION I

With this course, students will begin to learn the skills necessary for effective character animation. Students will continue to develop their understanding of the Maya software and will integrate this with anatomy, pose, convincing motion and character acting. The goal of this course is to seamlessly integrate the software skills learned up to this point with conceptual skills such as character development, expressive movement and cinematic narrative.

Prerequisite(s): DMA 227

DMA 318 STOP MOTION I

This class focuses on object, clay and puppet animation. Topics covered include staging, choreography, direction, acting, stage design and cinematic language. Students will also explore the characteristics of physical space and how movement can be used to suggest weight and gravity. They will investigate light and shadow in scenes and will learn how to create convincing stop motion characters through design, materials and single-frame animation.

Prerequisite(s): DMA 125

DMA 325 DIGITAL PRODUCTION

This course explores the short form video and its relationship to digital technology, focusing specifically on digital post-production and other tools re-contextualizing the video image. The projects for this course are theme-based (light, space and time), providing students with a conceptual root by which to develop their cinematic examinations.

Prerequisite(s): DMA 211, DMA 312, DMA 225 OR DMA 305

DMA 328 STOP MOTION II

This course builds on the cinematic skills learned in Stop Motion I. Students will further refine their skills in creative narratives and distinctive characters. The goal of the course is for students to produce a short film that showcases their acquired skills and their own original aesthetic.

Prerequisite(s): DMA 228

DMA 329 ADVANCED COMPUTER GENERATED ENVIRONMENTS

This advanced CG course builds upon the students prior knowledge of 3D CG and applies that knowledge and skill towards the rendering of realistic and convincing CG still lives, indoor environments, and outdoor environments. New techniques that can enhance image quality and composition will be discussed and demonstrated. Traditional and nontraditional 3D techniques, exploring photorealism, efficient modeling, lighting and texture mapping will also be covered in this course.

Prerequisite(s): DMA 227

DMA 332 ADVANCED STORY CONCEPTS LECTURE

This course will fully examine the development of story and concept in Animation and Digital Media by presenting a number of highly regarded works for study and discussion. Students will discuss their own concepts, written synopsis, proposals and review storyboards that communicate highly sophisticated story ideas both clearly and concisely. Students will then use this work as the pre-production for projects to be conducted in the following semester, Senior Studio. This course emphasizes cinematic language and short story development and must be taken with DMA 333 Advanced Story Concepts-Studio.

Prerequisite(s): DMA 120, DMA 121

Co-requisite courses: DMA 333

DMA 333 ADVANCED STORY CONCEPTS STUDIO

Students will produce concepts, written synopses, proposals and fully developed storyboards that communicate highly sophisticated story ideas both clearly and concisely. Students will then use this work as the pre-production for projects in the following semester, Senior Studio. This course emphasizes cinematic language and short story development and must be taken with DMA 332 Advanced Story Concepts-Lecture.

Prerequisite(s): DMA 120, DMA 121

Co-requisite courses: DMA 332

DMA 335 DIGITAL COMPOSITING

Emphasis is placed on the short form video and the manipulation of footage to include graphic and 3D elements, composited imagery and other visual effects. Students work with concepts that deal with the creation of visual meaning in the production of commercials, title sequences, 'buzz' clips, etc. This course is also recommended for students in 3D animation who wish to integrate their 3D work with live action.

Prerequisite(s): DMA 211 OR DMA 217, DMA 225

DMA 336 GAME ART II

This course focuses on the creation of 3D models for realtime applications such as games. Using the skill sets acquired from Game Art I, students explore the next level of modeling, texturing, lighting, and animation for games and will have a firsthand experience of how to put their 3D creations into a realtime game environment.

Prerequisite(s): DMA 246

DMA 337 STOP MOTION PUPPET CONSTRUCTION

Students construct a high end stop motion puppet of their design. Students' final puppets consist of machine ball and socket armatures and foam latex skins, and will be ready for animation or display presentation. Techniques to be taught include sculpting, mold making, light machining, and model painting. The history of this process will be discussed as well as its importance in understanding other related art forms such as 3D modeling and animated film production.

Prerequisite(s): DMA 228

DMA 338 BASIC WEB DESIGN & PORTFOLIO

This course provides students with the skills and knowledge to design and construct a functional web site for portfolio development. Students learn how to incorporate sound, video and motion and gain an understanding of data compression for the web. Focus is placed on visual design, interface design, user navigation and technical proficiency. Students construct their own web portfolio at the conclusion of this course.

DMA 342 DOCUMENTARY FUNDAMENTALS

This is a course in the aesthetics and techniques of documentary video production. Exercises and assignments emphasize camera work, sound recording and editing, story structure, and interviews. Students devote the bulk of the semester to the production of a short, personal documentary project.

Prerequisite(s): DMA 305, DMA 312

DMA 343 ASSET CREATION FOR GAMES

This class focuses on the creation and advanced application of models, textures, lighting and animations for games. Students use the knowledge gained in DMA 346, Low Poly Modeling, to create assets that are efficient and functional for game play. When possible, students in this course will collaborate with students from another college's Computer Science department, employing a game engine to create game demos.

Prerequisite(s): DMA 336 OR DMA 346

DMA 345 NONTRADITIONAL NARRATIVE/EXPERIMENTAL DIGITAL CINEMA

Emphasis is placed on pushing the boundaries - technologically, spatially and aesthetically - around the notions of narrative. Students explore the history of nontraditional forms in video and film. Students may create single and multi-channel video designed for galleries, alternative and public sites.

Prerequisite(s): DMA 325

DMA 346 LOW POLY MODELING

This course focuses on the creation of environments and characters in 3D computer graphics with a focus on efficiency and technical mastery for low poly modeling, specifically for games. Students, beginning with concept development, will work through a number of assignments designed to translate their ideas into practical and useful models required by the technical limitations of real time rendering. Originality and innovation will be emphasized.

Prerequisite(s): DMA 227

DMA 347 COMPUTER CHARACTER ANIMATION II

This course will continue to develop character animation skills in Maya and provide the student with an understanding of what makes characters and objects 'come to life.' The goal is to work toward finished, professional quality animations that can be included in the digital portfolio and to prepare creative projects and approaches to be carried into the senior level Production Studio classes.

Prerequisite(s): DMA 317

DMA 348 ANIMATION PROJECTS I

Students will explore and experiment with traditional and nontraditional materials and animation processes (paint, clay, sand, cut-out, pixillation, computer graphics, etc.) to create finished animated films. These self-directed collaborative projects are designed to allow the student the opportunity to fully experiment with the creative medium. Story, technique and originality will be emphasized.

Prerequisite(s): DMA 230

DMA 349 ANIMATION PROJECTS II

This course follows Animation Projects I and allows students to continue to explore and experiment with traditional and nontraditional materials and animation processes (paint, clay, sand, cut-out, pixillation, CG, etc.) to create finished animated films. These self-directed collaborative projects are designed to allow the student the opportunity to fully experiment with the creative medium. Story, technique and originality will be emphasized. Note: Some students (transfers) may take this course before Animation Projects I if their schedule requires.

Prerequisite(s): DMA 230

DMA 355 TRADITIONAL ANIMATION TECHNIQUES II

This course continues the development of animation drawing techniques and begins to focus on ideas of sequence, scene and character development. Observation skills will be refined through quick gesture drawings and motion studies. Students will refine their drawing techniques while beginning to understand how these skills and qualities become part of telling stories in animated films.

Prerequisite(s): DMA 255

DMA 365 TRADITIONAL ANIMATION TECHNIQUES III

In-depth techniques for creating full 'traditional' cel animations are explored through exercises using the pencil-test system. Drawing skills will continue to be strengthened but now the focus will be on how they work in series to become 'moving pictures.' Skills required for working with cycles, timing, over-lapping action, reaction, 'weight' and overall frame composition will be intensively developed. This class also features film screenings, and motion analysis of both live-action and animated films. The goal is to produce a complete pose and storyboard reel for future use.

Prerequisite(s): DMA 355

DMA 375 TRADITIONAL ANIMATION TECHNIQUES IV

The skills from the previous courses in this track will be brought together to enable students to develop more complete animated characters. Particular emphasis will be placed on anatomy and movement as it applies to character dynamics for both 2D (traditional) and 3D (computer) animation.

Prerequisite(s): DMA 365

DMA 400 PRACTICUM

This course provides the student with an opportunity to work on client-based projects, research projects, or departmental communication needs under the supervision of faculty. The student will be directed through a real-world, team-based experience from conception to final product, utilizing skills acquired from within their respective concentrations. Must have Senior status to take this course.

Prerequisite(s): DMA 332, DMA 333

DMA 401 CURRENT TOPICS:

This course is a seminar-style class which is designed to cover emerging issues in technology and culture that impact the disciplines represented in Entertainment Arts. Emphasis is placed on in-depth discussions and explorations of professional practices and the societal trends that will shape the future of these disciplines. Intensive reading and research assignments, visits to professional studios and interviews with professionals provides a basis for class discussions. Must have Senior status to take this course.

Prerequisite(s): DMA 332, DMA 333

DMA 410 SENIOR PRODUCTION STUDIO I

The purpose of this class is to allow students to undertake a major independently initiated project that will form the major part of their graduation portfolio, or reel. Since students from all tracks in the curriculum are required to take this class there will be opportunities for students to form teams that include many different skills and tackle ambitious, forward looking projects in a professional manner. Must have Senior status to take this course.

Prerequisite(s): DMA 332, DMA 333

DMA 420 SENIOR PRODUCTION STUDIO II

This is the second of two senior-level studio classes. The purpose of this class is to allow students to continue to undertake a major independently initiated project that will form the major part of their graduation portfolio, or 'reel'. Since students from all tracks in the curriculum are required to take this class, there will be opportunities for students to form teams that include many different skills and tackle ambitious, forward looking projects in a professional manner. Must have Senior status to take this course.

Prerequisite(s): DMA 332, DMA 333

DMA 424 PROFESSIONAL FUTURES

The intent of this class is to prepare the student for entry into the next level of work. Future scenarios in professional studios, corporations, research institutions and graduate education will be discussed, general business and ethics will be addressed and portfolios will be prepared according to the students personal aims and objectives. Must have Senior status to take this course.

Prerequisite(s): DMA 332, DMA 333

DMA 475 ENTERTAINMENT ARTS INTERNSHIP

Participation in an internship experience allows students to use classroom-learned skills in a related employment experience. Students must work a minimum of 135 hours over the course of the entire semester. To participate students must be of junior or senior status with completion of freshman and sophomore studios. Students must have a minimum cumulative GPA of 2.8. Seniors may not be eligible to participate in an internship during their final semester. Transfer students must have attended one semester at CCS in addition to meeting the other eligibility criteria.

DMA 485 SPECIAL PROJECT 300/400

The Special Project class is offered on an occasional basis, with course content specific to the area(s) being explored.

FALL 2008 DOCUMENTARY FUNDAMENTALS This is a course in the aesthetics and techniques of documentary video production. Exercises and assignments emphasize camera work, sound recording and editing, story structure, and interviews. Students devote the bulk of the semester to the production of a short, personal documentary project.

DMA 490 INDEPENDENT STUDY

Independent Study is available to students who are at Junior or Senior level standing with a cumulative grade point average of 3.00 or above. The student may receive approval to work in an area or on a project that is not otherwise offered or addressed in the regular curriculum. Students may receive credit toward graduation for no more than 6 credit hours. The student must submit to the chairperson of the department in which they wish to study, an Independent Study Proposal of 150 words (no less) of the student's plan for study and her/his reason for choosing to study independently. Once the department chairperson provides approval and the instructor for the Independent Study is determined, the faculty member must write an Independent Study Syllabus with education goals, learning outcomes, meeting dates, course expectations, timeline, and due dates.

DMA 505 MOBILITY

Through the College's affiliation with the Association of Independent Colleges of Art and Design, junior or first-semester senior students in good academic standing have the opportunity to spend a semester (Fall or Winter) or full year studying at another member institution in the United States or abroad. Application information is available in the Academic Advising and Registration Office.

DMA 515 STUDY ABROAD

Junior or first-semester senior students in good academic standing have the opportunity to spend a semester (Fall or Winter) or a full year of study at an accredited institution abroad. Information is available from International Student Services.

FINE ARTS

DFA 070 PRE-COLLEGE SUMMER EXPERIENCE

This is a four-week intensive pre-college program consisting of two core studios, art history, and an interdisciplinary major of the student's choice. 90 hours of instruction. Open to high school sophomores, juniors and seniors.

DFA 105 INTRODUCTION TO FINE ARTS

This studio course serves as an introduction to the fundamental disciplines of Fine Arts. Students focus on the development of observational skills and an understanding of the techniques and materials employed in a variety of mediums. Projects encourage basic skills with the development of the creative process. There are demonstrations, lectures and discussions to help further the understanding of studio processes.

DFA 120 INTRODUCTION TO PAINTING

This is a comprehensive course that covers the fundamentals of oil and acrylic painting. Emphasis is placed on the development of technical facility, observational skill and the acquisition of knowledge within the discipline of painting.

DFA 130 INTRODUCTION TO SCULPTURE

Students research and explore sculptural methods and materials through the exploration of both nonrepresentational and figurative approaches.

Prerequisite(s): DFN 120, DFN 121

DFA 150 ANATOMY

This course instructs students in the principles of figure drawing, based on an understanding of both the skeletal and muscular systems of the human body. Methods of instruction include lecture, demonstration and study of the skeleton and anatomical charts as well as live models.

Prerequisite(s): DFN 102

DFA 165 EXPLORING THE BOOK

Explores the interdisciplinary nature of the book form and its content from conception to execution. This class covers all stages of creating a limited edition book, including development of text, instruction of printmaking, letterpress and digital technology, as well as variety of bookbinding techniques.

Prerequisite(s): DFN 102, DFN 117

DFA 200 INTRODUCTION TO FIGURE DRAWING

This course continues to build on the knowledge and skill acquired in anatomy and challenges students to produce larger scale, full-figure work. Emphasis is placed on the development of technical facility as well as the individual's drawing sensibility.

Prerequisite(s): DFN 102, DFA 150 OR DIL 246

DFA 220 INTRODUCTION TO FIGURE PAINTING

This figurative painting course utilizes the painting principles acquired in Introduction to Painting. Emphasis is placed on color theory, value, illusion of form and space, compositional theory and paint application.

Prerequisite(s): DFA 120

DFA 221 LANDSCAPE PAINTING

This course explores a continuum of artists' responses to the visual culture of landscape, in both traditional and contemporary contexts, utilizing the painted surface and the thematic premise of landscape. A variety of techniques, materials and illustrated lectures are presented.

Prerequisite(s): DFA 120

DFA 222 RELIEF PRINTMAKING

This course is an introductory course in Relief Printmaking, executed on a wide variety of surfaces, including wood, plywood, linoleum and engraving blocks. It introduces the student to the procedures, skills and materials necessary to produce editioned images, as well as the flexibility of control that characterizes for successful integration of relief prints into the artist's portfolio. The system used is the traditional one of in-studio demonstration, shared working sessions, and lectures augmented by assignments and out-of-class work assignments.

Prerequisite(s): DFA 105, DFN 102

DFA 223 PORTRAIT

This course explores painting issues as applied to and expressed within the framework of the portrait genre. The class considers the traditional skills needed to capture a likeness as well as the issues of interpretation and content. Students look at implications of scale, methods of mark, the potential of surface, color and composition while exploring the materiality of paint. Students are exposed to a range of past and contemporary masters.

Prerequisite(s): DFA 120

DFA 224 MONOTYPE

This course is an introductory course in Monotype executed on acrylic plates. It introduces the students to the physical and chemical procedures necessary to produce individual as well as editioned images. Students work towards the flexibility of control that characterizes successful integration of monotypes unique images into the artist's portfolio. The system used is traditional, consisting of in-studio demonstration, shared working sessions, and lectures augmented by assignments and out-of-class work assignments. Open to non-majors with departmental approval.

Prerequisite(s): DFN 102, DFN 117

DFA 225 WATERCOLOR

This course is a comprehensive, introductory class in watercolor materials and methods. Students explore a variety of palettes, brush selection, surfaces, papers, and approaches in both traditional and contemporary uses of the medium.

Prerequisite(s): DFA 120

DFA 230 FIGURE SCULPTURE

The systematic study of the human figure is used as the foundation for formal, conceptual and expressive sculptural explorations. Portraiture and full anatomical figure accompany instruction in advanced mold making, modeling and armature-building techniques. Open to nonmajors with departmental approval.

Prerequisite(s): DFA 130

DFA 231 SCULPTURE: FABRICATION

This course is a study in form and sculptural language that focuses on the use of metal and wood. The instruction gained in the course help students gain proficiency in the use of metals and wood as sculptural media. Shop and materials practices as well as safety are covered. Students, through a series of projects, learn a variety of techniques and methods which bring them to a confident skill level using these two media.

Prerequisite(s): DFA 130

DFA 232 CARVING

This course is aimed at providing students with proficiency in subtractive sculpture. Students work predominantly with stone and wood. Students are introduced to simple and advanced carving techniques with manual, electrical and pneumatic tools. A variety of approaches are considered both physically and conceptually. The place of subtractive work in the current art environment is explored and students are exposed to historic and current masters. Open to non-majors with departmental approval.

Prerequisite(s): DFA 130

DFA 233 FOUNDRY TECHNIQUES

This course investigates the interrelationship of process, creativity and concept through various casting techniques. Bronze, iron, aluminum, cement and nontraditional materials are used to explore casting as a process and as a means to a product. Open to non-majors with departmental approval.

Prerequisite(s): DFA 130

DFA 234 SOFT SCULPTURE

This course is directed within the premises of soft sculpture process and being aware of it historically and in the contemporary art world. The students become familiar with different systems of sewing, laminating and pattern making. Although the class has a material and process emphasis, the students are encouraged to explore other materials that may be incorporated appropriately into a project. Open to non-majors with departmental approval.

Prerequisite(s): DFA 130, DFN 118

DFA 240 INTRODUCTION TO LITHOGRAPHY

This course provides the specialized expertise needed to utilize and explore the full scope of lithography. Students are given in-depth instruction on metal plate, stone, transfer and photolithographic techniques in order to produce single and multicolor limited editions.

Prerequisite(s): DFN 102, DFN 117

DFA 243 ADVANCED PRINTMAKING I

This course has been structured to develop advanced as well as basic skills and familiarity in the technical and conceptual skills necessary to make images in a variety of printmaking media. Working with faculty, each student proposes, in writing, a semester-long program of involvement and creative activity resulting in a personally directed body of work. It may cross discipline, combine processes, or be focused on more advanced technical issues. In all cases, it links to the student's conceptual preoccupations in other disciplines.

Prerequisite(s): DFA 222, DFA 255, DFA 240, DFA 260, DFA 224 OR DFA 165

DFA 251 METHODS OF ABSTRACT PAINTING

This painting class develops an understanding of abstract painting as a means of expression. Students are shown the history, techniques and mechanics of abstract painting in order to cultivate a visual and verbal vocabulary. Examples from historical and contemporary abstract paintings are discussed, analyzed and used as the basis for painting projects. Individual and group critiques of student work, homework assignments and a sketchbook of preliminary ideas are used to assess progress. Demonstrations, lectures, videos and other visual examples are given to enhance the studio experience. Open to non-majors with departmental approval.

Prerequisite(s): DFA 120

DFA 252 ADVANCED CARVING

This course is a continuation of DFA 232 and is aimed at further exploring stone/wood as a medium and considerably broadening and strengthening physical skills, as well as developing a more personal conceptual direction. Because of previous experience in this medium, the students are expected to present a larger and more carefully considered body of work.

Prerequisite(s): DFA 232

DFA 255 INTRODUCTION TO INTAGLIO

This course explores intaglio printmaking, one of the most fluidly versatile of the printing processes. In a well-equipped studio surrounded by a wealth of specialized resources, students learn to investigate the medium and to express themselves. The course offers an in-depth overview coupled with hands-on exploration of the diversity of processes of this expressive medium. Instruction focuses on etching, including photo-aided etching, as well as engraving, drypoint, collographs and a variety of nontraditional materials. Open to non-majors with departmental approval.

Prerequisite(s): DFA 105, DFN 102, DFN 117

DFA 260 SILKSCREEN

This course acquaints students with a wide range of screenprinting techniques and approaches using water-based inks and a range of experimental materials. Students discover the medium's flexibility, exploring the inherent cross-connections and expressive possibilities of photomechanical, screen stencil, monotype and digital processes.

Prerequisite(s): DFN 102, DFN 117

DFA 270 ADVANCED FIGURE SCULPTURE

This course is a continuation of the exploration of figuration begun in the DFA 230, Figure Sculpture, course. It is aimed at expanding the student's modeling and casting skills and familiarity with the figure, while building on conceptual understanding of the role of the figure in contemporary sculpture.

Prerequisite(s): DFA 230

DFA 285 SPECIAL PROJECT 100/200

The Special Projects class is offered on an occasional basis, with course content specific to the area(s) being explored.

FALL 2008 LARGE SCALE REPRESENTATIONAL DRAWING - A course for advanced level students interested in the production of very large-scale representational drawings. Topics will include the figure, singly and in groupings, landscape, still-life, narrative and others. Particular issues of planning, production and presentation will be covered.

EXPANDING THE PRINT Students will examine the core definitions of what constitutes a print and explore pluralistic approaches to contemporary printmaking. Emphasis is placed on instruction in traditional techniques while exploring presentation and nontraditional materials. Students are encouraged to identify and explore themes in their work and translate them to a variety printmaking techniques.

HISTORIC METHODS IN PAINTING AND DRAWING A survey of past historic methods not usually available in most studio programs, but significant for an understanding of past masters. Many of these media are experiencing a revival of interest because of their significant physical characteristics. Included will be Encaustic, Fresco, Egg Tempera, Metalpoint drawing and other related media. Past and contemporary masters as well as current developments will be explored.

ADVANCED SCREENPRINT This course is for students that have completed Screen Printing DFA 260. Students are expected to be familiar with screen maintenance and a variety of stencil techniques for screen preparation. Students will concentrate on multi color prints, oversized prints and fine-tuning planning skills. Although the course will have specific guidelines, students will individualize their particular experiences by completing a written proposal in how to implement the guidelines required.

PHOTOSHOP FOR FINE ARTISTS This class explores the fundamentals of Photoshop as they pertain to the fine artist, including basic Photoshop menus, tools and layers. The student will learn how to work in a nondestructive work flow. The student will learn how to properly color correct their images, save their images to the proper file format and resolutions. Scanning, printing and saving images to a DVD for presentation purposes will also be taught. We will also explore a variety of transfer methods of digital images and printing images onto a variety of substrates.

DFA 300 ADVANCED FIGURE DRAWING

Continues exploration of the figure begun in the anatomy and figure drawing classes with emphasis on complex problem solving, including extended value studies, the figure in environment, the use of multiple figures, and the use of figures on a large scale. A variety of drawing mediums are used.

Prerequisite(s): DFA 200 OR DIL 147

DFA 331 ADVANCED WELDING

This course stresses acquisition of welding skills through the use of metalworking equipment. Special attention is given to the problem of metal fabrication as needed in non-fine arts fields. Students are encouraged to apply skills taught in their individual disciplines.

Prerequisite(s): DFA 130

DFA 332 FOUNDRY TECHNIQUES

This course investigates the interrelationship of process, creativity and concept through various casting techniques. Bronze, iron, aluminum, cement and nontraditional materials are used to explore casting as a process and as a means to a product. Open to non-majors with departmental approval.

Prerequisite(s): DFA 130

DFA 334 MIXED MEDIA: ASSEMBLAGE

Assemblage and mixed media artists should develop an aesthetic sense and technical skills in order to blend disparate elements into a visually cohesive form. Discussion centers on the development of themes and ideas, as they relate to found objects that have a previous history. Found items such as aluminum cans, photo albums, old appliances and any other thrift shop gleanings are the primary materials used. Various painting media are used to develop and enhance surfaces. Projects are geared toward trying out various assembling and adhesive methods both formal and informal.

Prerequisite(s): DFA 120, DFN 102, DFN 118

DFA 340 ADVANCED PRINTMAKING

The diverse possibilities of lithography, intaglio and papermaking serve as a focal point for augmenting the extensive primary skills already acquired. As the scope of artistic development and sensibility matures, instruction becomes increasingly individualized.

Prerequisite(s): DFA 220, DFA 221, DFA 130, DFA 240, DFA 255

DFA 343 ADVANCED PRINTMAKING II

This course is structured to develop advanced as well as basic skills and familiarity in the technical and conceptual skills necessary to make images in a variety of printmaking media. Working with faculty, each student proposes, in writing, a semester-long program of involvement and creative activity resulting in a personally directed body of work. It may cross disciplines, combine processes, or be focused on more advanced technical issues. In all cases, it will link to the student's conceptual preoccupations in other disciplines.

Prerequisite(s): DFA 243

DFA 345 ADVANCED PAINTING (CONTEMPORARY ISSUES)

This course addresses advanced painting problems, covering representational and nonrepresentational issues. Students have the opportunity to explore a broad range of materials and techniques and instruction is geared toward individual artistic concerns.

Prerequisite(s): DFA 120, DAH 218

DFA 346 ADVANCED FIGURE PAINTING

This class is designed to vigorously extend ideas explored in Introduction to Figure Painting, with an opportunity to engage in more complex figurative problems. Class discussions include contemporary figure issues. Emphasis is on larger format, longer studies and formal painting concerns.

Prerequisite(s): DFA 120, DFA 220

DFA 350 ADVANCED DRAWING

This course offers students the opportunity to investigate drawing as an independent process of art making. Students develop a personal vocabulary through self-directed works. Instruction is individualized to these specific inquiries.

Prerequisite(s): DFA 220, DIL 246 or DFA 150

DFA 355 ADVANCED SCULPTURE (OBJECT)

This course investigates sculpture object making. Students experiment with a wide range of scale, format, materials and media options, with emphasis on the creation of meaning in personal objects. Presentations and readings provide historical and contemporary context for a deeper understanding of sculpture as object.

Prerequisite(s): DFA 230, DFA 231 OR DFA 332

DFA 360 TIME AND DIGITAL MEDIA

The premise of this course is to go beyond traditional art making materials/media. Students are exposed to sound, video and website programs. Individual projects explore a range of ideas, activities, tools, and techniques. The work of several contemporary artists, who have unique practices and use of documentation and technology as part of their work, is also studied.

Prerequisite(s): DAH 218, DFA 380

DFA 365 INSTALLATION

This course explores the theory and practice of sculptural site activation. Students work in extended mediums of site, space, light, sound and time based technologies like digital imaging and video, investigating sculpture as active experience. An indoor space is available for student use and cooperative interaction is encouraged. Open to non-majors with departmental approval. Must be Junior status.

Prerequisite(s): DFA 130, DFA 251

DFA 380 CONCEPTS AND IMAGES

In this pre-Studio Tutorial course, students will investigate ways of conveying ideas and concepts through visual means. Topical studio assignments and focused critical feedback will deepen the students' understanding of their own creative process within a professional context. All media. Open to non-majors with departmental approval. Must be Junior status.

Prerequisite(s): DAH 218

DFA 400 FINE ARTS SEMINAR

The Fine Arts Seminar, together with the Studio Tutorial, serves as the thesis course for seniors. This class explores critical, aesthetic, theoretical and practical topics essential to the emergence of a professional studio artist. Self-directed historical research presentations, written topical assignments, personal artist statements, along with professional business and legal workshops contribute to a completed personal assessment. Must be Senior status.

Prerequisite(s): DFA 360, DFA 380

DFA 443 ADVANCED PRINTMAKING III

This course has been structured to develop advanced as well as basic skills and familiarity in the technical and conceptual skills necessary to make images in a variety of printmaking media. Working with faculty, each student proposes, in writing, a semester-long program of involvement and creative activity resulting in a personally directed body of work. It may cross disciplines, combine processes, or be focused on more advanced technical issues. In all cases, it will link to the student's conceptual preoccupations in other disciplines.

Prerequisite(s): DFA 343

DFA 450 STUDIO TUTORIAL

The Studio Tutorial is a senior thesis course that integrates the student's individual inquiries into a collaborative learning experience. Students are assigned private or semi-private studio space and a team of instructors reviews student work on a weekly basis. Two formal group critiques are scheduled each semester in which students learn to substantiate their work and express their ideas verbally. All students are required to write a senior thesis accompanied by a slide portfolio of 10 pieces and participate in the Senior Exhibition. Must be Senior status.

Prerequisite(s): DFA 360, DFA 380

DFA 451 STUDIO TUTORIAL

This course is the second in a two course required series of Fine Arts Studio Tutorials that integrates the student's individual inquiries into a collaborative learning experience. Students continue to work in private or semi-private studio space and a team of instructors reviews student work on a weekly basis. Two formal group critiques are scheduled each semester in which students learn to substantiate their work and express their ideas verbally. All students are required to complete a slide portfolio of 10 pieces and participate in the Senior Exhibition. Must be Senior status.

Prerequisite(s): DFA 360, DFA 380

DFA 475 FINE ARTS INTERNSHIP

Participation in an internship experience allows students to use classroom-learned skills in a related employment experience. Students must work a minimum of 135 hours over the course of the entire semester. To participate students must be of junior or senior status with completion of freshman and sophomore studios. Students must have a minimum cumulative GPA of 2.8. Final semester seniors are not eligible for internships. Transfer students must have attended one semester at CCS in addition to meeting the other eligibility criteria. Must be Senior status.

DFA 485 SPECIAL PROJECT 300/400

The Special Projects class is offered on an occasional basis, with course content specific to the area being explored.

FALL 2008 SITE SPECIFIC COLLABORATIVE PROJECT See Fine Arts Department for course description
ADVANCED MONOTYPE Continuation of DFA 224, Monotype. Advanced methods of inking, registration and over-size printing. Utilization of alternative surfaces and materials as printing surfaces will be explored. Post-printing manipulation and collage methods, as well as mixed media printing will be demonstrated and will be available.

Prerequisite(s): DFA 200 OR DIL 246

DFA 490 INDEPENDENT STUDY

Independent Study is available to students who are at Junior or Senior level standing with a cumulative grade point average of 3.00 or above. The student may receive approval to work in an area or on a project that is not otherwise offered or addressed in the regular curriculum. Students may receive credit toward graduation for no more than 6 credit hours. The student must submit to the chairperson of the department in which they wish to study, an Independent Study Proposal of 150 words (no less) of the student's plan for study and her/his reason for choosing to study independently. Once the department chairperson provides approval and the instructor for the Independent Study is determined, the faculty member must write an Independent Study Syllabus with education goals, learning outcomes, meeting dates, course expectations, timelines, and due dates.

DFA 491 FINE ARTS APPRENTICESHIP PROGRAM

The Fine Arts Apprenticeship offers individual participation and direct involvement within the studio of an artist/faculty member. It requires one day per week of assistance and involves various phases of production, maintenance, documentation and inventory. Specific arrangements for day and time are made between the student and faculty. Open to junior and senior Fine Arts majors. Must be used as elective credit. Departmental approval is required.

DFA 500 NEW YORK STUDIO PROGRAM

Students in good standing have the opportunity to study in New York City through the Association of Independent Colleges of Art and Design's New York Studio Program. Further details are available from the Fine Arts Department.

DFA 505 MOBILITY

Through the College's affiliation with the Association of Independent Colleges of Art and Design, junior or first semester senior students in good standing have the opportunity to spend a semester (fall or winter) or full year studying at another member institution in the United States or abroad. Application information is available in the Academic Advising and Registration Office.

DFA 515 STUDY ABROAD

Junior or first-semester senior students in good academic standing have the opportunity to spend a semester (fall or winter) or a full year of study at an accredited institution abroad. Information is available from International Student Services.

FOUNDATION

DFN 101 FOUNDATION DRAWING I

This course is the first course at the undergraduate level and does not assume that the student has any strongly developed drawing skills. It is further assumed that the experienced student will profit by exposure to a systematic exploration of drawing methods. Its primary purpose is to introduce the student to basic concepts in drawing and then, begin to develop more creative and expressive responses. Drawing I moves the student into a more volumetric understanding of drawing as well as considerable emphasis on observational, formal composition and design.

DFN 102 FOUNDATION DRAWING II

This course follows Drawing I as an observational and volumetric approach to drawing. It is assumed that the student has at least a fundamental understanding and the physical skills appropriate to further exploration at this level. This course expands on those skills and concepts and concentrates on developing more creative and expressive experiences in making art. In it, the students explore more advanced problems in drawing with an emphasis on the figure, drawings as a finished work, as well as creative interpretations of assignments.

Prerequisite(s): DFN 101

DFN 117 DESIGN CONCEPTS I

This course is an introduction to the principles, vocabulary and mechanics of two dimensional design, including the exploration and application of color theory. Students explore design concepts through lectures, readings, discussions, hands-on studio assignments and critiques. This is the first course in a two-part design sequence, required to complete the Foundation design curriculum.

DFN 118 DESIGN CONCEPTS II

This course is an introduction to the principles, vocabulary and mechanics of three dimensional design, including the exploration and application of color theory. Students explore design concepts through lectures, readings, discussions, hands-on studio assignments and critiques. This is the second in a two-part design sequence, required to complete the Foundation design curriculum.

Prerequisite(s): DFN 117

DFN 119 DIGITAL FUNDAMENTALS

The introductory course in computer skills is a requirement to complete the Foundation curriculum. Students explore the computer as a tool in support of artist/designer's practice, including software required for the college information system, word processing and creative digital imagery in both pixel and vector based software. Students work with popular software packages, appropriate for design, to gain an understanding of the tools used to create and manipulate digital imagery and to develop a broad understanding of how and why the computer is so prominent in image making today.

DFN 120 MATERIALS & PROCESSES-WOODSHOP

Through a series of small projects, students are introduced to the majority of machines and equipment in the woodshop. A basic understanding and safe operation of the equipment are the main goals of the course. Students are also introduced to a variety of materials that may be incorporated into their own work. Successful completion allows the student future access to the woodshop.

DFN 121 MATERIALS & PROCESSES-METALSHOP

Through a series of focused assignments, students are introduced to a variety of procedures and equipment in the metalshop. Basic understanding of the equipment and its safe usage is fundamental to the course. Cutting, forming, welding and riveting are among the areas covered. Successful completion of this course allows future access to the metalshop.

DFN 122 MATERIALS & PROCESSES-CRAFTS/GLASS

This course instructs the student in the cold working of glass. Students produce decorative or functional objects using glass as the predominant material. Cutting, grinding, hot forming, surface treatments, and joining are covered as well as design considerations particular to the medium. Successful completion of this course allows the student future access to the cold shop.

DFN 123 MATERIALS & PROCESSES-PHOTOGRAPHY

Students are introduced to the materials and processes necessary to create black and white photographs through lectures and hands-on darkroom work. Topics include 35mm camera operation, film processing and black and white printing as well as darkroom health and safety issues, also a brief introduction to studio. This course is available to all majors except photography majors.

DFN 124 MATERIALS & PROCESSES - FABRIC SILKSCREEN/COLLAGE

This course acquaints the student with printing on fabric through the use of basic silkscreen techniques such as paper stencils and photo stencils. Students create a series of samples and finish with photo silkscreen prints that may be wall hangings or functional one-of-a-kind fabric for clothing, interiors, etc. Completion of course allows future access to the silkscreen studio.

DFN 125 MATERIALS & PROCESSES-PRINTMAKING

The primary aim of this course is to introduce and investigate new avenues for self-expression by becoming familiar with printmaking materials and processes. A variety of print media are introduced and projects in each provide the familiarity necessary to go on with personal exploration. Successful completion of this course allows the student future access to the print studios.

DFN 126 MATERIALS & PROCESSES-COMPUTERS

Students gain exposure to digital design techniques using the Macintosh computer. A variety of software is introduced to provide skills necessary for the design of simple projects. Issues of software usage, design concepts and other related areas are covered. Successful completion of the course allows the student access, when available, to campus computers.

DFN 128 MATERIALS & PROCESSES-BOOK ARTS

This course offers an introduction to traditional bookmaking and binding skills. Use of basic construction systems, materials and methods are covered. In addition, there is an emphasis on the possible uses of bindery skills and their applications from design through the fine arts, crafts and computer aided design.

DFN 129 MATERIALS & PROCESSES-JEWELRY

This is an intensive studio experience introducing students to the foundation techniques of metalsmithing and jewelry through methods of piercing, soldering, cold joinery, forging and hollow forming. Successful completion of this course allows the student future supervised access to the studio.

DFN 131 MATERIALS & PROCESSES - FIGURE DRAWING

An intensive course on the basic articulation and structure of the human figure. The course is designed for students who may have little contact with figure work in their majors.

DFN 132 MODEL MAKING

An introductory course in model making, required for all Industrial Design students, as part of the Foundation Department curriculum. The course includes an integrated approach to use of different materials and technologies. The course is project-based, tied to the introductory Industrial Design courses and utilizes resources in the wood, metals, and plastics shops. Students are required to become competent in the model making process.

DFN 133 MATERIALS & PROCESSES - CERAMICS

An introduction to the basic processes within the ceramic field. Included in the course are embossed tile making, slab vessel construction and basic slip casting methods. Various firing techniques of raku, stoneware and salt firing are also demonstrated.

DFN 134 MATERIALS & PROCESSES-BASIC CAMERA & LIGHTING

This course introduces students to both film and digital cameras. Students learn all the camera basics. Classes teach how to light 2D and 3D artwork for portfolio documentation, web documentation and slides. Students will learn basics that can be applied immediately in their other classes.

DFN 150 INTRODUCTION TO STUDIO MAJORS

Students are introduced to the eight studio majors through lectures and hands-on studio work. This course is only open for credit to first semester, undeclared students.

DFN 285 SPECIAL PROJECT 100/200

The Special Projects class is offered on an occasional basis, with course content specific to the area(s) being explored.

DFN 490 INDEPENDENT STUDY

Independent Study is available to students who are at Junior or Senior level standing with a cumulative grade point average of 3.00 or above. The student may receive approval to work in an area or on a project that is not otherwise offered or addressed in the regular curriculum. Students may receive credit toward graduation for no more than 6 credit hours. The student must submit to the chairperson of the department in which they wish to study, an Independent Study Proposal of 150 words (no less) of the student's plan for study and her/his reason for choosing to study independently. Once the department chairperson provides approval and the instructor for the Independent Study is determined, the faculty member must write an Independent Study Syllabus with education goals, learning outcomes, meeting dates, course expectations, timelines, and due dates.

Catalog Year 08/09

Total Credits

126

GRAPHIC DESIGN

DGD 151 TYPOGRAPHY I

Students develop their understanding of two-dimensional design space and the unique nature of type families. Projects aid students in developing an understanding of the principles of typographic aesthetics and methods of organizing typographic messages to achieve a particular hierarchy and read.

DGD 152 TYPOGRAPHY II

Building on the experience in Typography I, projects develop the student's ability to work with text systems such as grids and zones. Solutions integrate word, image, symbol and rhetorical elements in the development of text narratives. Readings and discussion of typographic history are included.

Prerequisite(s): DGD 151

DGD 163 TIME BASED MEDIA

The course introduces students to communication using digital sound and video. The unique conditions influencing typography, image, motion image, sound and narrative are explored in the resolution of assigned projects. Students are introduced to tools, theories, aesthetics, and techniques used to communicate in time.

Prerequisite(s): DGD 151

DGD 259 TYPOGRAPHY III

The course develops the student's ability to use various methods, techniques and materials in the development of a design prototype. Students develop their knowledge of digital management, digital output, the use of materials, and application of processes appropriate to the translation of concepts into finished comprehensives. Students refine their ability to work with text systems first introduced in Typography II.

Prerequisite(s): DGD 152

DGD 263 INTRODUCTION TO WEB DESIGN

The goal of this course is to develop the student's skill and understanding of basic design principles and software used in the creation of web based design solutions. Principles of organizing information developed in Freshman courses are applied in the creation of web-based communication solutions.

Prerequisite(s): DGD 152, DGD 163

Co-requisite courses: DGD 259, DGD 276

DGD 264 INTRODUCTION TO INTERACTIVE MEDIA

The course develops the student's ability to create interactive digital solutions to communication problems and need. User interface, dynamic information hierarchy and communication mapping for interactive digital solutions are key topics considered in the development of interactive solutions.

Prerequisite(s): DGD 263, DGD 276

Co-requisite courses: DGD 277

DGD 276 INTRODUCTION TO VISUAL COMMUNICATION I

The course develops the student's ability to make communication decisions that consider audience, content, sequence, and creative methodologies used in creating unique visual communication solutions. Students are made aware of the diverse possibilities in professional practice through presentation, lecture, and visitations. Process problem solving methodology is emphasized.

Prerequisite(s): DGD 152, DGD 163

Co-requisite courses: DGD 259, DGD 263

DGD 277 INTRODUCTION TO VISUAL COMMUNICATION II

The course develops the student's ability to assess appropriate choices of content and form in the development of solutions directed toward a particular audience. Instructional emphasis is placed on exploration, analysis, and the translation of ideas into intended visual solutions. The course emphasizes the use of a process based ideation methodology.

Prerequisite(s): DGD 276, DGD 259

Co-requisite courses: DGD 264

DGD 311 INTERMEDIATE VISUAL COMMUNICATION I

The course develops the student's understanding of identity systems and branding concepts. Projects outline the process of developing an identity system sensitive to client goals, audience/user, context, content, sequence, cultural references, color and symbolic language. The course focuses on research methodology and the connection of research to concept development and final solution.

Prerequisite(s): DGD 264, DGD 277

DGD 312 INTERMEDIATE VISUAL COMMUNICATION II

The course develops the student's ability to organize a system of communications to achieve a particular set of communication goals. The projects include research into audience demographics and a process methodology directed toward the creation of communication systems targeted to specific audience/user. Emphasis is placed on CONTENT (the underlying thought that provides the criteria and stimulus for form), CONTEXT (the environment, cultural or physical, in which a message or form is perceived and by which it is conditioned), and CONCEPT (the structuring of a relationship among forms and messages to achieve a specific expression within a given project brief.)

Prerequisite(s): DGD 311, DGD 317

DGD 317 BUSINESS AND PROFESSIONAL PRACTICES TECHNIQUES

The course develops the student's understanding of design office professional practices. Students are made aware of what it means to write a brief, billing procedures, file management and other issues relevant to design office business practices. Students develop their knowledge of digital pre-press, binding methods, the mechanics of paper, and techniques used to translate concepts into print communications and interactive solutions.

Prerequisite(s): DGD 264, DGD 277

DGD 343 TIME BASED MEDIA II

The goal of the course is to expand the student's understanding of how messages are created in time using typography, image, sound and sequence. Projects develop the student's ability to create time base messages for projects such as digital motion graphics, film titles, dynamic information design and other applications where digital time base messages represent an appropriate channel of communication.

Prerequisite(s): DGD 264

DGD 353 TYPOGRAPHY IV

The course develops the student's understanding of the subtle possibilities in typographic expression. Projects explore the beginning phase of designing new type families based on an examination of historic models and contemporary concepts of font construction. Solutions consider the practical and theoretical possibilities in contemporary typographic communication.

Prerequisite(s): DGD 264, DGD 277

DGD 365 INTERACTIVE MEDIA I

The goal of the course is to develop the student's understanding of the unique communication conditions affecting the structure and nature of information in web based interactive communication. Concepts evaluate the nature of information mapping, appropriate navigational systems and an ideation methodology appropriate to developing effective interactive web communication.

Prerequisite(s): DGD 264, DGD 277

DGD 366 INTERACTIVE MEDIA II

The course develops the student's applied understanding of new media. Projects include topics relevant to defining client need, assessing user interface, developing information structures, navigation conditions and consideration of audience/user. The course exposes students to theories of cognition and perception relevant to communications based in motion and interactive media.

Prerequisite(s): DGD 365 or DGD 365

DGD 367 INTERACTIVE SOUND

The course develops the student's understanding of the role of sound in interactive communication. Sound has the ability to suggest mood, elevate awareness and denote particular functions or activities. The specific nature of sound will be analyzed in its role as a signifier and rhetorical component in interactive and time-based solutions.

Prerequisite(s): DGD 264

DGD 372 ENVIRONMENTAL DESIGN

Projects develop the student's understanding of methods of organizing wayfinding systems and human factors issues as they apply to three-dimensional communication problems. The course acquaints students with the function of color, typography, image and materials used in creating environmental communication solutions.

Prerequisite(s): DGD 264, DGD 277

DGD 373 PUBLICATION DESIGN

The course develops the student's understanding of the unique conditions related to the design of publications, (particularly books). Assignments require students to assess the nature of the intended audience, the publications content, author's intent, the goals of the publication and the intended exchange with the reader in developing a visual response.

Prerequisite(s): DGD 277 or DAD 234

DGD 374 INFORMATION DESIGN

The course develops the student's ability to make complex data understandable to the user. Students will creatively use methods integrating symbols, images, formats, communication structures and language to develop solutions to applied projects making complex data expressive, interesting, and accessible to defined end users. Projects include a combination of print and interactive media.

Prerequisite(s): DGD 264, DGD 277

DGD 378 INTERFACE DESIGN

The course develops the student's ability to create user centered interface solutions. Projects consider the role of interactivity using color, image, sound and motion in the process of creating engaging interface concepts. Information mapping and hierarchical information systems are key themes in the process of creating appropriate solutions to particular interactive problems.

Prerequisite(s): DGD 264

DGD 379 PACKAGE DESIGN

The course develops the student's understanding of unique conditions related to effective packaging design. Projects consider client need, product assets, audience/user demographics and explores the unique conditions effecting dimensional construction, point-of-purchase and display of package products.

Prerequisite(s): DGD 277

DGD 380 EDITORIAL DESIGN

The course develops the student's understanding of the structure and conditions effecting magazine design. Students are asked to consider the point of view of particular audiences in developing solutions that respond with sensitivity to cultural demographics.

Prerequisite(s): DGD 277

DGD 399 GRAPHIC DESIGN PRACTICUM - JUNIORS

Students acquire practical experience that parallels the processes and methods used in design offices. Students work on client-based projects with the assistance of a faculty supervisor. Projects follow all the steps in the design process, including client contact, concept development, client presentations and the resolution of an appropriate communication response in printer or interactive.

Prerequisite(s): DGD 264, DGD 277

DGD 400 GRAPHIC DESIGN PRACTICUM - SENIORS

Students acquire practical experience that parallels the processes and methods used in design offices. Students work on client-based projects with the assistance of a faculty supervisor. Projects follow all the steps in the design process, including client contact, concept development, client presentations and the resolution of an appropriate communication response in printer or interactive.

Prerequisite(s): DGD 264, DGD 277

DGD 411 ADVANCED VISUAL COMMUNICATION I

This course develops the student's understanding of complex communication systems. Assignments consider the underlying conditions such as economic, political, cultural, administrative, and collaboration that facilitate excellence in communication design practice. Projects aid the student in developing an effective personal design methodology. Information search and research are emphasized in the process of giving meaningful form to refined communication solutions. Projects, readings, lectures and research consider the strategic role of visual communication.

Prerequisite(s): DGD 312, DGD 317

DGD 412 ADVANCED VISUAL COMMUNICATION II

The course develops the student's knowledge of advanced narrative concepts. Projects explore the formal and conceptual potential of language, communication structures, images and image/text/format interrelationships. Discussions include reference to the language of design and relevant elements in visual communication theory. The course includes required research and reading relevant to historical and contemporary themes appropriate to advanced issues in visual communication.

Prerequisite(s): DGD 411

DGD 460 PRESENTATION TECHNIQUES/PORTFOLIO

The course develops a student's collective body of work into a focus statement representing their abilities as a designer. The course is dedicated to the review, analysis, preparation and/or improvement of the individual's portfolio. Based on personal goals and faculty assessment, students develop mechanisms to position themselves in the professional market. These would include resume, websites, print, communications, and other appropriate personal marketing material.

Prerequisite(s): DGD 411

DGD 465 INTERACTIVE MEDIA III

The course develops a student's knowledge of complex interactive media application as it relates to themes such as pervasive computing and integrated interactive communication strategy. Projects explore the practical and theoretical development and applications of advanced interactive concepts. The particular conditions of cognition and construction of meaning in participatory, multi-sensory environments is considered as it relates to objective user based communication.

Prerequisite(s): DGD 366

DGD 466 INTERACTIVE MEDIA IV

The course develops the student's understanding of integrated new media solutions. Projects develop prototypes that research and respond to unique conditions in new media communications combining interface, timebased, narrative and interactive approaches to solve complex communication need. The conditions of active/passive user, performance narrative, levels of engagement and the cultural transformation based on the use of new media are central themes.

Prerequisite(s): DGD 465

DGD 475 GRAPHIC DESIGN INTERNSHIP

Participation in an internship experience allows students to use classroom-learned skills in a related employment experience. Students must work a minimum of 135 hours over the course of the entire semester. To participate students must be of junior or senior status with completion of freshman and sophomore studios. Students must have a minimum cumulative GPA of 2.8. Seniors may not be eligible to participate in an internship during their final semester. Transfer students must have attended one semester at CCS in addition to meeting the other eligibility criteria.

Prerequisite(s): DGD 264, DGD 277

DGD 485 SPECIAL PROJECT

The Special Project course is offered on an occasional basis, with course content specific to the area being explored.

Prerequisite(s): DGD 264, DGD 277

DGD 490 INDEPENDENT STUDY

Independent Study is available to students who are at Junior or Senior level standing with a cumulative grade point average of 3.00 or above. The student may receive approval to work in an area or on a project that is not otherwise offered or addressed in the regular curriculum. Students may receive credit toward graduation for no more than 6 credit hours. The student must submit to the chairperson of the department in which they wish to study, an Independent Study Proposal of 150 words (no less) of the student's plan for study and her/his reason for choosing to study independently. Once the department chairperson provides approval and the instructor for the Independent Study is determined, the faculty member must write an Independent Study Syllabus with educational goals, learning outcomes, meeting dates, course expectations, timelines, and due dates.

Prerequisite(s): DGD 264, DGD 277

DGD 501 DESIGN STUDIES IN EUROPE

The program is an intense three week studio program for advanced communication design students. Students complete projects working with faculty from Europe. The program includes lectures, studio visits and visits to museums and collections. Contact the department for application and portfolio requirements.

DGD 505 MOBILITY

Through the College's affiliation with the Association of Independent Colleges of Art and Design, junior or first-semester senior students in good academic standing have the opportunity to spend a semester (Fall or Winter) or full year studying at another member institution in the United States or abroad. Application information is available in the Academic Advising and Registration Office.

DGD 515 STUDY ABROAD

Junior or first-semester senior students in good academic standing have the opportunity to spend a semester (Fall or Winter) or a full year of study at an accredited institution abroad. Further information is available from International Student Services.

Catalog Year 08/09

Total Credits

126

ILLUSTRATION

DIL 147 FIGURE ILLUSTRATION I

In this course students are exposed to a variety of drawing experiences, methods and materials, using line, light and volume to explore the human form.

DIL 158 PERSPECTIVE

This course is designed to teach students methods for mechanical and freehand perspective drawing. Topics covered are volumetric drawing, equal and unequal spacing in perspective, one point (parallel perspective), two point perspective, three point perspective, inclined perspective, ellipses (as well as the difference between ellipses, circles in perspective and ovals), and tonal values as they relate to atmospheric perspective and the rendering formula of highlight, light, shadow, shadow core, reflected light, and reflected shadow. Also taught are the understanding of light refraction and rendering of cast shadows and the use of hard, intermediate and soft edges to achieve a sense of dimension.

Prerequisite(s): DFN 101

DIL 159 ILLUSTRATION TECHNIQUES

Students develop skill in using color to define form, light, space and time and learn to employ professional working methods in their use of watercolor, gouache, markers, pen and ink and appropriate papers.

Prerequisite(s): DFN 101, DIL 147

DIL 172 PICTORIAL PROBLEM SOLVING

This course uses a pictorial problem-solving approach to explore the development of visual language. Students investigate the use of spatial relationships, visual perspective, mood, light and dark, composition and scale to direct the viewer's attention within the picture plane.

Prerequisite(s): DFN 101, DIL 147

DIL 231 ILLUSTRATION TECHNIQUES II

This course familiarizes students with the process and techniques required to use opaque media (oil paint and acrylics) in the creation of illustrations for editorial and narrative projects as well as for portraiture. The emphasis is on pictorial problem solving along with the development of a personal approach that meets client needs and deadlines.

Prerequisite(s): DIL 159, DIL 247

DIL 246 ANATOMICAL FIGURE ILLUSTRATION

This course provides students with a comprehensive survey of the entire human skeleton and major muscle areas as they relate to figure illustration. Focusing on human anatomy lectures, composition, proportion, and life drawings, students create their own anatomy sketchbooks. Study of the head, hands, and feet is a major part of this course, along with figure construction, using photo reference. Figure sculpture is also incorporated as the students create their own bone and muscle studies out of clay. A variety of media and illustration techniques are used.

Prerequisite(s): DIL 147, DIL 159 OR DFA 150

DIL 247 FIGURE ILLUSTRATION II

Through the introduction of a variety of media, this course further explores and analyzes light, shadow, value and form in relation to the human figure in various settings and situations.

Prerequisite(s): DIL 147, DIL 159

DIL 258 CREATIVE PERSPECTIVE

This course is a continuation of Perspective. It covers advanced uses of mechanical and freehand perspective such as plan projection, drawing, orthographic drawing and curvilinear perspective as it is applied in the field of Entertainment and Traditional Illustration. Projects are given that utilize this information and contribute to the creation of environments that have a sense of spatial dimension based on linear and atmospheric perspective. The process of ideation leading to the completion of the finished illustrations are also explored. Students maintain a sketchbook of volumetric drawings that pertain to the various illustration projects completed during the semester.

Prerequisite(s): DIL 158, DFN 102

DIL 261 IMAGE MAKING I

Projects develop a student's ability with digital tools and concepts. There is an initial emphasis on sketching and shading using Walcom tablet. Radiative color theory is explored and students are introduced to website construction, allowing them to place earlier work which is imported using digital cameras and scanners. Current industry applications are utilized.

Prerequisite(s): DIL 159, DIL 172

DIL 270 ILLUSTRATION AND DESIGN

This course introduces basic design concepts, use of image, color, principles of typographic composition, structure and message hierarchy. Students participate in a four-week printmaking experience integrated with new technologies. Industry standard programs and applications are utilized.

Prerequisite(s): DIL 159

DIL 281 ILLUSTRATION SURVEY

In this course students are introduced to the demands of a rapidly changing and diverse illustration field. Projects are explored in both traditional and entertainment related areas to develop narrative image making skills. Fundamental picture-making processes are stressed, including development of thumbnails and comps for the creation of finished art. Use of reference, as well as creating images and characters from imagination, is explored.

Prerequisite(s): DIL 159, DIL 172

DIL 285 SPECIAL PROJECT 100/200

The Special Projects class is offered on an occasional basis, with course content specific to the area(s) being explored.

Prerequisite(s): DIL 147

DIL 304 OBJECT DRAWING

The course develops the student's ability to observe objects and structural space in their essential states as either geometric forms or in simple perspective. This reductive way of seeing enhances the student's ability to conceptualize and invent convincing functional objects and environments through the development of effective drawing systems and formulas. Surface rendering is also explored.

Prerequisite(s): DIL 246 OR DFA 150, DIL 247, DIL 281

DIL 305 THE FIGURE IN THE ENVIRONMENT

This course addresses the figure in relation to architectural, advertising and editorial applications. Work is created in the studio and on location with the objective of developing, through experience, the essential observation skills necessary to create convincing figure-based imagery. Attention focuses on atmospheric and perceptual, shape, light and temperature. Use of a camera is required.

Prerequisite(s): DIL 246, DFA 150, DIL 247

DIL 311 ILLUSTRATING WITH TRANSPARENT MEDIUMS

This course explores the use of transparent dyes and watercolors in illustration and teaches appropriate methods of handling color and washes as well as brush techniques. Students are encouraged to experiment with different grounds and boards. The styles and techniques of professional illustrators working in transparent mediums are studied. Assignments include figure, product, editorial and fashion illustration.

Prerequisite(s): DIL 246, DIL 247

DIL 314 POSTER ILLUSTRATION

This course explores various procedures and professional methods used in creating and developing powerful, dynamic solutions. Students learn how to clearly communicate the one idea or symbol associated with a poster. This course takes students from preliminary sketches to finished art and involves the use of many mediums (oils, acrylics, etc) and techniques.

Prerequisite(s): DIL 246, DFA 150, DIL 247

DIL 315 PERIOD COSTUME ILLUSTRATION

The primary focus of this course is to enhance the student's ability to incorporate the essence of a time period into a figure illustration. Students light, pose and photograph costumed models. The photos are utilized as reference to create paintings that illustrate individuals living in another time or place. Course content is used in the following print markets: historical fiction and nonfiction book illustrations, textbook illustrations, magazines, romance novels, game-box covers.

Prerequisite(s): DIL 247, DIL 246

DIL 317 INTERMEDIATE ILLUSTRATION AND DESIGN

Students explore more complex issues in dealing with text and image, translating ideas into visual message constructs that effectively combine the two in symbiotic relationships. Students engage in problems that demand research, creation and management of numerous visual and informational elements within a given visual product.

Prerequisite(s): DIL 261, DIL 270

DIL 318 THE APPLICATION OF SURREALISM TECHNIQUE

This course is a study of both the representation and fantastic surrealist, optical and Trompoloi, and naive artist. The object of the course is to understand the meaning and essential concepts of these art forms. Four assignments are given in which application is made to advertising.

Prerequisite(s): DIL 246 OR DFA 150, DIL 247

DIL 325 PEN & INK/DIGITAL PAINTING

Students learn to incorporate traditional drawing and computer painting processes to produce finished projects. Conceptual figure invention, design principles and the use of both traditional and digital tools are explored. The creation of rendered pen and ink drawings are utilized as the foundation for producing digital paintings. Personal and classical character development and traditional painting techniques are used to produce mass-production quality CMYK images. Projects are developed to meet industry standards for entertainment companies; i.e., comics, syndication, editorial illustration and TV.

Prerequisite(s): DIL 247, DIL 261

DIL 326 GREETING CARDS, PRINTS & COLLECTIBLES

In this course, students explore and develop craft and principles for the creation of art for greeting cards, novelties and other retail and merchandising markets. Students research and develop products which can potentially be mass-produced and marketed. Students also develop a list of potential clients and contacts for the products they produce. Production methods and procedure for creation of finished work is open to individual exploration. Students have the option of using traditional or digital tools, or three dimensional mediums.

Prerequisite(s): DIL 147, DIL 261

DIL 327 FASHION & LIFESTYLE ILLUSTRATION

In this course students focus on mixed markets of fashion and pop culture. This is not a fashion course in the traditional sense, but it is established for students interested in fashion and lifestyle markets. An individual approach and experimentation with different media in the handling of figures and products is emphasized. Projects include editorial illustration for fashion and pop culture periodicals, illustrations to promote beauty and lifestyle products, clothing lines, and development of a personal brand.

Prerequisite(s): DIL 247, DIL 261

DIL 331 ADVANCED ILLUSTRATION TECHNIQUES

This course familiarizes students with the process and techniques required to use opaque media (oil paint and acrylics) in the creation of illustrations for editorial and narrative projects as well as for portraiture. The emphasis is on pictorial problem solving along with the development of a personal approach that meets client needs and deadlines.

Prerequisite(s): DIL 246, DIL 281

DIL 333 TRADITIONAL COMICS

Emphasis is placed on exploration and development of conceptual character and storytelling abilities critical to the creation of a 'universe' based on personal visual language. Classical and personal character development and storytelling methods are covered. Conceptual figure invention, design principles, and traditional and digital tools are utilized.

Prerequisite(s): DIL 261, DIL 350

DIL 335 INTRODUCTION TO STORYBOARDING

This course offers fundamental instruction needed for development of visualization skills and vocabulary applied in the production of storyboards for cinema, gaming, animatics, television and advertising. Students learn to utilize traditional drawing mediums to produce finished projects. Assignments cover composition, storytelling, camera angles and moves and presentation values to meet industry standards. Open to non-majors with Departmental Approval.

Prerequisite(s): DIL 246, DIL 247

DIL 336 ADVERTISING & CINEMATIC STORYBOARDING

This course facilitates training in speed drawing, perspective, conceptual story development and cinematic language capabilities utilized for the creation and design of storyboards. These skills prepare students with narrative conceptualization capabilities that can be utilized in pre-production in a variety of entertainment-related areas such as advertising, film, animation and video game development.

Prerequisite(s): DIL 247, DIL 335

DIL 337 EXPLORING PERSONAL IMAGERY

In this course students develop portfolio-quality work through assignments designed with a concentrated focus on visual skills to create personal language. The process reinforces the significance of conceptual thumbnails, finished pencils, color comprehensives and finished art. Real-world projects require that students focus on thought processes, research and deadlines, while creating successful conceptual illustrations. Assignments are structured for editorial, magazine and book markets.

Prerequisite(s): DIL 261, DIL 247

DIL 338 INTERPRETIVE ILLUSTRATION

Using drawing and painting, this class encompasses different aspects of fashion, costume, editorial, stylization and design as they pertain to the figure. The class works from models as well as photographic reference to develop finished assignments.

Prerequisite(s): DIL 246 OR DFA 150, DIL 247

DIL 339 CHARACTER DEVELOPMENT

In this course students explore and learn craft and principles used for the creation of personal and classical character development for storytelling. Conceptual figure invention, design principles and investigation of imagination supported by research is encouraged for development of traditional and nontraditional characters. Both traditional and digital tools, including three-dimensional media, are utilized to create finished work.

Prerequisite(s): DIL 246, DIL 247

DIL 347 FIGURE IN MOTION

In this course, students learn to see, analyze and sketch images from the perspective of visual storytelling by capturing the essence of mood, movement, attitude and drama in expressive line, shadow and tone. Subjects range from the human form to animals, landscapes and objects. Various media are explored.

Prerequisite(s): DIL 246, DIL 247

DIL 348 HEAD DRAWING AND PORTRAIT PAINTING

Fundamentals and construction, as well as likeness and rendering are covered in the drawing portion of this class. Color, mood, and form and technique are emphasized in the painting portion. Materials used include graphite, charcoal, Prismacolor, pastels, markers, gouache, acrylics, and oils. Outside assignments concentrate on expressions, caricature, formal portraiture and advertising applications.

Prerequisite(s): DIL 246, DIL 247

DIL 349 INVENTED ENVIRONMENTS

Students learn to develop environments that create a sense of place and time. Students explore visual translations of invented environments, defined by perspective, and gain an understanding of form in dimensional environments. Various media are covered.

Prerequisite(s): DIL 246 OR DFA 150, DIL 261, DIL 247, DIL 270, DIL 281

DIL 350 SEQUENTIAL STORYTELLING

This course explores the narrative storytelling and production procedures for developing graphic novels, comics, storyboards and animatics. Assignments are developed from situations directly observed, imagined or conceptualized to increase the student's awareness and perception of time, which is required for the logical layout and design of stories. Use of a camera is required.

Prerequisite(s): DIL 246, DIL 247, DIL 261

DIL 356 SCIENCE FICTION & FANTASY PAINTING

Students explore the use of the materials and methods of painting in addressing the particular issues and demands of working within the comics and book publishing areas. Projects require students to research and develop appropriate visual solutions for traditional and new market opportunities within a genre. Emphasis is placed on development of traditional painting processes, procedures and development of personal style.

Prerequisite(s): DIL 247, DIL 281

DIL 361 IMAGE MAKING II

Projects are structured to respond to particular image communication goals. Students become familiar with the use of Adobe Illustrator and Adobe Indesign programs.

Prerequisite(s): DIL 261, DIL 270

DIL 362 BOOK COVER ILLUSTRATION

Students are introduced to the riches of book illustration, from the past to the present. The styles and techniques of the world's most significant illustrators in the fields of children's books, poetry and the novel are surveyed. Assignments consist of creating new covers and text illustrations for existing books, fairy tales, short stories, etc. Students are free to illustrate stories of their own for one of the assignments.

Prerequisite(s): DIL 246 OR DFA 150, DIL 247, DIL 261, DIL 270, DIL 281

DIL 363 CHILDREN'S BOOK ILLUSTRATION

Projects explore the characteristic of children's book illustration, including age, gender and culture. A variety of techniques are explored relevant to the translation of a story into visual form. Professional conditions and business practices connected to the profession of children's book illustration are considered. Sketchbooks are an important component in the overall project mix.

Prerequisite(s): DIL 246, DIL 247

DIL 364 ENTERTAINMENT ILLUSTRATION

Students select three or four areas of interest such as film, theatre and other numerous forms of entertainment. Assignments include matte art, storyboards, set design, animation, poster art, production design, model making, etc.

Prerequisite(s): DIL 246, DIL 247

DIL 383 EDITORIAL PAINTING

Projects require students to analyze a given text, consider audience demographics and develop appropriate translation of the text into a visual narrative with emphasis on creative and personal solutions.

Prerequisite(s): DIL 247, DIL 281

DIL 384 ADVANCED ILLUSTRATION AND DESIGN

Projects which require students to analyze a text with consideration to audience demographics are introduced. Students are taught to develop methodologies for pictorial problem solving utilizing both traditional and digital applications.

Prerequisite(s): DIL 261, DIL 270

DIL 385 TRADIGITAL ILLUSTRATION

This course is based upon the concept of creating convincing digital illustrations that capture what the student already does with traditional media. An emphasis is placed on the exchange between traditional and digital mediums, in addition to an emphasis on successfully incorporating the use of software programs into ones' workflow process. Experimentation by combining both digital and traditional mediums is strongly encouraged and is vital for student's success in the class.

Prerequisite(s): DIL 261, DIL 331

DIL 417 PRINT MEDIA & HAND LETTERING

Students explore more complex issues in dealing with text and image, translating ideas into visual message constructs that combine the two in symbiotic relationships. Students explore both hand drawn and digitally generated text in a variety of illustration projects that allow for expressive language development.

Prerequisite(s): DIL 261, DIL 270

DIL 419 IMAGE MAKING III

This class enhances the student's understanding of digital reproduction processes, including color correction, file preparation and website development workflows. Class assignments include development of marketing materials using print and HTML websites for a career in illustration.

Prerequisite(s): DIL 361 OR DIL 325

DIL 441 ADVANCED PAINTING FOR ILLUSTRATORS

Students explore the use of the materials and methods of painting to address the issues and demands of the contemporary market. The fundamentals of color theory, composition, concept, individual drawing ability and style are also addressed.

Prerequisite(s): DIL 331, DIL 383

DIL 446 ADVANCED GESTURAL DRAWING AND MOTION

This course covers the basic principles of traditional line and cell animation. Students learn how to transfer drawings into movement and action.

Prerequisite(s): DIL 247

DIL 458 BEYOND THE PORTFOLIO

This course, which must be taken in the first semester of the senior year, will focus on the review, analysis, preparation and/or improvement of graduate portfolios. Students are prepared for the necessary promotion of themselves to the business and art communities. Artwork and/or writing completed for the class is intended for promotion of the individual.

Prerequisite(s): DIL 361 OR DIL 325, DIL 384 OR DIL 335

DIL 458 PORTFOLIO PRESENTATION

This course, which must be taken in the first semester of the senior year, will focus on the review, analysis, preparation and/or improvement of graduate portfolios. Students are prepared for the necessary promotion of themselves to the business and art communities. Artwork and/or writing completed for the class is intended for promotion of the individual.

Prerequisite(s): DIL 361 OR DIL 325, DIL 384 OR DIL 335

DIL 475 ILLUSTRATION INTERNSHIP

Participation in an internship experience allows students to use classroom-learned skills in a related employment experience. Students must work a minimum of 135 hours over the course of the entire semester. To participate students must be of junior or senior status with completion of freshman and sophomore studios. Students must have a minimum cumulative GPA of 2.8. Seniors may not be eligible to participate in an internship during their final semester. Transfer students must have attended one semester at CCS in addition to meeting the other eligibility criteria.

Prerequisite(s): DIL 246, DIL 247, DIL 261

DIL 483 ILLUSTRATION STUDIO A

Students write a brief assessing their own picture-making process and goals. Through this process of self-assessment, students develop an understanding of their own mediums, with the guidance of their instructor.

Prerequisite(s): DIL 384 OR DIL 335

DIL 484 ILLUSTRATION STUDIO B

With the assistance of an instructor, senior students create their artist statements. The work created in this course establishes the artists' point of entry into the illustration market.

Prerequisite(s): DIL 384 OR DIL 335

DIL 485 SPECIAL PROJECT 300/400

The Special Project class is offered on an occasional basis, with course content specific to the area being explored.

Prerequisite(s): DIL 261, DIL 270

DIL 490 INDEPENDENT STUDY

Independent Study is available to students who are at Junior or Senior level standing with a cumulative grade point average of 3.00 or above. The student may receive approval to work in an area or on a project that is not otherwise offered or addressed in the regular curriculum. Students may receive credit toward graduation for no more than 6 credit hours. The student must submit to the chairperson of the department in which they wish to study, an Independent Study Proposal of 150 words (no less) of the student's plan for study and her/his reason for choosing to study independently. Once the department chairperson provides approval and the instructor for the Independent Study is determined, the faculty member must write an Independent Study Syllabus with educational goals, learning outcomes, meeting dates, course expectations, timelines and due dates.

DIL 500 NEW YORK STUDIO PROGRAM

Juniors and first semester Seniors in good academic standing have the opportunity to study in New York City through the Association of Colleges of Art and Design's New York Studio Program (NYSP). **TO REGISTER:** Students must meet with their Academic Advisor and their Department Chair or Administrator and begin the application process no later than March 1st for Fall NYSP or October 1st for Winter NYSP. Students must also complete the New York Studio Program Approval Form, available from their department, obtain the required signatures and submit the form to the Academic Advising and Registration Office along with the Registration Form. The Academic Advising and Registration Office is located on the first floor, Yamasaki Building.

Prerequisite(s): DIL 246 OR DFA 150, DIL 247, DIL 261, DIL 270, DIL 281

DIL 505 MOBILITY

Through the College's affiliation with the Association of Independent Colleges of Art and Design, junior or first-semester senior students in good academic standing have the opportunity to spend a semester (fall or winter) or full year studying at another member institution in the United States or abroad. Application information is available in the Academic Advising and Registration Office.

Prerequisite(s): DIL 246, DIL 247, DIL 261, DIL 270, DIL 281

DIL 515 STUDY ABROAD

Junior or first-semester senior students in good academic standing have the opportunity to spend a semester (fall or winter) or a full year of study at an accredited institution abroad. Information is available from International Student Services.

Prerequisite(s): DIL 246, DIL 247, DIL 261, DIL 270, DIL 281

INDUSTRIAL DESIGN

DAU 310 VEHICLE PACKAGING

This course gives transportation design students thorough knowledge of all of the elements that must be incorporated and adhered to when developing a feasible vehicle design. This class is required for Junior transportation students only.

Prerequisite(s): DID 232 OR DTR 232, DID 233 OR DTR 233

DAU 320 JUNIOR AUTOMOTIVE DESIGN STUDIO

Open to junior-level automotive design majors, this course covers design principles, drawing, rendering techniques and clay modeling for students concentrating on pursuing a career in automotive design or the design of automotive industry related products. Projects sponsored by automotive industry companies are a regular part of this class. There are projects covering both the exterior and interior designs of vehicles.

Prerequisite(s): DID 232 OR DTR 232, DID 233 OR DTR 233

DAU 321 JUNIOR AUTOMOTIVE DESIGN STUDIO

Open to junior-level automotive design majors, this course covers design principles, drawing, rendering techniques and clay modeling for students concentrating on pursuing a career in automotive design or the design of automotive industry related products. Projects sponsored by automotive industry companies are a regular part of this class. There are projects covering both the exterior and interior designs of vehicles.

Prerequisite(s): DAU 320 or DID 320

DAU 402 ADVANCED VISUAL COMMUNICATION (ALIAS)

Designed to strengthen the transportation student's electronic drawing and rendering skills to a professional level while at the same time fostering conceptual thinking. The work from this class becomes an important part of the student's portfolio. Students use Alias software running on Silicon Graphics IRIS workstations.

Prerequisite(s): DID 320 OR DAU 320, DID 321 OR DAU 321, DID 362

DAU 420 SENIOR AUTOMOTIVE DESIGN STUDIO

This course focuses on the design of vehicle interiors and looks in-depth at the many complex elements that are inherent in this product. Projects are sponsored on a rotating basis by various automobile manufacturers. The second semester is devoted to projects involving a product plan, technical specification, sketches and a finished model. The students select their own vehicles to design.

Prerequisite(s): DID 320 OR DAU 320, DID 321 OR DAU 321

DAU 421 SENIOR AUTOMOTIVE DESIGN STUDIO

This course undertakes two major projects lasting one semester each. The first semester focuses on the design of vehicle interiors and looks in-depth at the many complex elements that are inherent in this product. The projects are sponsored on a rotating basis by various automobile manufacturers and involves a product plan, technical specification, sketches and a finished model. The students select their own vehicles to design.

Prerequisite(s): DID 320 OR DAU 320, DID 321 OR DAU 321

DAU 475 INDUSTRIAL DESIGN INTERNSHIP

Participation in an internship experience allows students to use classroom-learned skills in a related employment experience. Students must work a minimum of 135 hours over the course of the entire semester. To participate students must be of junior or senior status with completion of freshman and sophomore studios. Students must have a minimum cumulative GPA of 2.8. Seniors may not be eligible to participate in an internship during their final semester. Transfer students must have attended one semester at CCS in addition to meeting the other eligibility criteria.

DPR 113 VISUAL COMMUNICATION I

In this course, students are instructed how to express their design ideas in a concise, compelling and efficient way. Emphasis is on dry media such as pastels, markers and colored pencils. Some types of paper used include vellum, bond paper and half-tone paper. The importance of accurate perspective and clear rendering of form is stressed.

DPR 125 FRESHMAN INDUSTRIAL DESIGN STUDIO I

This course orients students to the fundamental design process used by industrial designers. Problem identification, concept development, ideation sketching, form development, orthographic projection and mock-up building are introduced. These subjects cannot be covered comprehensively in this short course, but a student should demonstrate a basic understanding of the methodology used in industrial design after completing this course.

DPR 126 FRESHMAN INDUSTRIAL DESIGN STUDIO II

Students take either a product design studio or an automotive design studio. This course focuses the process on more specific design problems. Automotive studio emphasizes the importance of understanding proportion and the aesthetics of innovation form; special emphasis is also placed on the ability to efficiently communicate ideas in 2D sketches. Product studio introduces the possibilities and constraints evolving in this diverse area of industrial design and the importance of creativity, idea generation and visual communication.

Prerequisite(s): DID 125

DPR 201 VISUAL COMMUNICATION II

This course covers advanced industrial design 2-D visualization techniques for sophomore-level Product Design students.

Prerequisite(s): DID 113

DPR 202 VISUAL COMMUNICATION III

This advanced visual communication course covers many traditional industrial design visualization techniques. Emphasis is on developing the ability to efficiently communicate design ideas in a convincing manner using perspective, color, value and lighting to define form.

Prerequisite(s): DID 113, DPR-201

DPR 221 DESIGN THEORY

This course helps students understand the complexity of the design process with exploration and ideation methodologies. Written, verbal and graphic presentation techniques are used to develop design concepts. Emphasis is placed on the generation of ideas and concepts. Students then focus on a design problem or opportunity and communicate a solution.

Prerequisite(s): DID 113, DID 125, DPR 125 OR DTR 125, DID 126, DPR 126 OR DTR 126

DPR 222 DESIGN THEORY II

This course teaches design exploration and ideation methodologies. Written, verbal and graphic presentation techniques are used to develop and present design concepts. Emphasis is placed on the generation of ideas and concepts. Students then focus on a design problem or opportunity and communicate a solution.

Prerequisite(s): DID 113, DID 125, DPR 125 OR DTR 125, DID 126, DPR 126 OR DTR 126

DPR 231 2D/3D MODELING & RENDERING

This course introduces orthographic drawing on the computer leading to basic 3-D computer modeling and rendering. It is extremely important that Industrial Design students comprehend the principles of orthographic projection.

Prerequisite(s): DID 125, DPR 125 OR DTR 125, DID 126, DPR 126 OR DTR 126

DPR 232 SOPHOMORE PRODUCT DESIGN STUDIO

This course comprehensively covers the industrial design process. Students use the skills learned in supporting classes to convey design solutions in 2D sketches, 3D study models and finished models.

Prerequisite(s): DID 125, DPR 125 OR DTR 125, DID 126, DPR 126 OR DTR 126

DPR 233 SOPHOMORE PRODUCT DESIGN STUDIO

Comprehensively covers the industrial design process. Students use the skills learned in supporting classes to convey design solutions in 2D sketches, 3D study models and finished models. Many of these studio classes are sponsored by industry.

Prerequisite(s): DID 125, DPR 125 OR DTR 125, DID 126, DPR 126 OR DTR 126

DPR 262 3D MODELING & RENDERING I

In this course, students learn to utilize a 3-D software package. Students create basic objects, display and render models, export and import models and modify objects.

Prerequisite(s): DID 231 OR DPR 231

DPR 331 JUNIOR PRODUCT DESIGN STUDIO

Comprehensively covers the industrial design process. Students use the skills learned in supporting classes to convey design solutions in 2D sketches, 3D study models and finished models. Many of these studio classes are sponsored by industry.

Prerequisite(s): DID 201 or DPR 201, DID 202 or DPR 202, DID 232 or DPR 232, DID 233 or DPR 233

DPR 332 JUNIOR PRODUCT DESIGN STUDIO

Comprehensively covers the industrial design process. Students use the skills learned in supporting classes to convey design solutions in 2D sketches, 3D study models and finished models. Many of these studio classes are sponsored by industry.

Prerequisite(s): DID 201 or DPR 201, DID 202 or DPR 202, DID 232 or DPR 232, DID 233 or DPR 233

DPR 333 PRESENTATION TECHNIQUES

This course develops a student's ability to package their collective body of work into a family of marketing tools representing their abilities as a designer. The course focuses on the review, analysis, preparation and/or improvement of the student's portfolio. Based on personal goals and faculty assessment, students develop mechanisms to professional market. These would include resume, websites, print, communications, and other appropriate personal marketing material.

DPR 357 HUMAN FACTORS

This course covers methods of researching and applying information about human physical and behavioral characteristics in order to design safer and more effective products and environments.

Prerequisite(s): DID 232, DPR 232 or DTR 232, DID 233, DPR 233 or DTR 233

DPR 362 3D MODELING & RENDERING II

This course introduces students to advanced 3D modeling and rendering techniques using ALIAS software on the Silicon Graphics platform. The class expands the student's knowledge of nurb tools, extrusions, patches, skinning and surface treatments. Models are rendered using full-color palettes, multi-source lighting and texture mapping. Basic animation is covered to prepare the student for advanced skills.

Prerequisite(s): DID 262

DPR 363 3D MODELING & RENDERING III

This course extends the CAD 2D capabilities of 3D computer modeling and rendering using ALIAS software running on SGI workstations. Projects are selected on the basis of their application to Industrial Design studios and the Industrial Design portfolio. Advanced surface modeling and production tools are emphasized.

Prerequisite(s): DID 362

DPR 371 SCIENCE & TECHNOLOGY

This course covers the fundamentals of materials and manufacturing processes. Mass production methods in metal and plastic are the focus, including the fabrication of individual parts and the assembly of completed products. Students are taught a basic understanding of the limitations and possibilities of modern manufacturing methods.

Prerequisite(s): DID 232 OR DPR 232 OR DTR 232, DID 233 OR DPR 233 OR DTR 233

DPR 431 SENIOR PRODUCT DESIGN STUDIO

This course is open to students of senior standing only. The courses comprehensively cover design processes and combine skills learned in supporting classes to convey design solutions in 2D sketches, 3D study models and finished models. Many of these studio classes are sponsored by industry.

Prerequisite(s): DID 331 OR DPR 331, DID 332 OR DPR 332

DPR 432 SENIOR PRODUCT DESIGN STUDIO

This course is open to students of senior standing only. The course comprehensively covers design processes and combines skills learned in supporting classes to convey design solutions in 2D sketches, 3D study models and finished models through presentations. The work from the studio becomes projects in the students' portfolio and is exhibited in the student show. Many senior studio classes are industry sponsored.

Prerequisite(s): DID 331 OR DPR 331, DID 332 OR DPR 332

DTR 025 TRANSPORTATION DESIGN

Automotive perspective drawing, sketching and rendering techniques are developed through a series of assignments in this class. The class concentrates on cultivating efficient, professional 2D techniques for depicting the complex forms of automobile bodies. The class is taught by professional designers working in the auto industry.

DTR 113 VISUAL COMMUNICATION I

In this course, students are instructed how to express their design ideas in a concise, compelling and efficient way. Emphasis is on dry media such as pastels, markers and colored pencils. Some types of paper used include vellum, bond paper and half-tone paper. The importance of accurate perspective and clear rendering of form is stressed.

DTR 125 FRESHMAN INDUSTRIAL DESIGN STUDIO I

This course orients students to the fundamental design process used by industrial designers. Problem identification, concept development, ideation sketching, form development, orthographic projection and mock-up building are introduced. These subjects cannot be covered comprehensively in this short course, but a student should demonstrate a basic understanding of the methodology used in industrial design after completing this course.

DTR 126 FRESHMAN INDUSTRIAL DESIGN STUDIO II

Students take either a product design studio or an automotive design studio. This course focuses the process on more specific design problems. Automotive studio emphasizes the importance of understanding proportion and the aesthetics of innovation form; special emphasis is also placed on the ability to efficiently communicate ideas in 2D sketches. Product studio introduces the possibilities and constraints evolving in this diverse area of industrial design and the importance of creativity, idea generation and visual communication.

Prerequisite(s): DID 125

DTR 201 VISUAL COMMUNICATION II

This course covers advanced industrial design 2D visualization techniques for sophomore-level Transportation Design students.

Prerequisite(s): DID 113

DTR 202 VISUAL COMMUNICATION III

This advanced visual communication course covers many traditional industrial design visualization techniques. Emphasis is on developing the ability to efficiently communicate design ideas in a convincing manner using perspective, color, value and lighting to define form.

Prerequisite(s): DID 113, DTR 201

DTR 221 DESIGN THEORY

This course helps students understand the complexity of the design process with exploration and ideation methodologies. Written, verbal and graphic presentation techniques are used to develop design concepts. Emphasis is placed on the generation of ideas and concepts. Students then focus on a design problem or opportunity and communicate a solution.

Prerequisite(s): DID 113, DID 125 OR DTR 125, DID 126 OR DTR 126

DTR 222 DESIGN THEORY II

This course teaches design exploration and ideation methodologies. Written, verbal and graphic presentation techniques are used to develop and present design concepts. Emphasis is placed on the generation of ideas and concepts. Students then focus on a design problem or opportunity and communicate a solution.

Prerequisite(s): DID 113, DID 125 OR DTR 125, DID 126 OR DTR 126

DTR 231 2D/3D MODELING & RENDERING

This course introduces orthographic drawing on the computer leading to basic 3-D computer modeling and rendering. It is extremely important that Industrial Design students comprehend the principles of orthographic projection.

Prerequisite(s): DID 125 OR DTR 125, DID 126 OR DTR 126

DTR 232 SOPHOMORE TRANS DESIGN STUDIO

Open to sophomore level transportation design majors, this course covers design principles, drawing, rendering techniques and clay modeling for students concentrating on pursuing a career in automotive design or the design of automotive industry related products. Projects sponsored by automotive industry companies are a regular part of this class. There are projects covering both the exterior and interior designs of vehicles.

Prerequisite(s): DID 125 OR DTR 125, DID 126 OR DTR 126

DTR 233 SOPHOMORE TRANSPORTATION DESIGN STUDIO

Open to sophomore level transportation design majors, this course covers design principles, drawing, rendering techniques and clay modeling for students concentrating on pursuing a career in automotive design or the design of automotive industry related products. Projects sponsored by automotive industry companies are a regular part of this class. There are projects covering both the exterior and interior designs of vehicles.

Prerequisite(s): DID 125 OR DTR 125, DID 126 OR DTR 126

DTR 262 3D MODELING & RENDERING I

In this course, students learn to utilize a 3-D software package. Students create basic objects, display and render models, export and import models and modify objects.

Prerequisite(s): DID 231 OR DTR 231

DTR 320 JUNIOR TRANSPORTATION DESIGN STUDIO

Open to junior-level transportation design majors, this course covers design principles, drawing, rendering techniques and clay modeling for students concentrating on pursuing a career in automotive design or the design of automotive industry related products. Projects sponsored by automotive industry companies are a regular part of this class. There are projects covering both the exterior and interior designs of vehicles.

Prerequisite(s): DID 232 OR DTR 232, DID 233 OR DTR 233

DTR 321 JUNIOR TRANSPORTATION DESIGN STUDIO

Open to junior-level transportation design majors, this course covers design principles, drawing, rendering techniques and clay modeling for students concentrating on pursuing a career in automotive design or the design of automotive industry related products. Projects sponsored by automotive industry companies are a regular part of this class. There are projects covering both the exterior and interior designs of vehicles.

Prerequisite(s): DID 320 OR DTR-320

DTR 331 JUNIOR TRANSPORTATION DESIGN STUDIO

This course comprehensively covers the industrial design process. Students use the skills learned in supporting classes to convey design solutions in 2D sketches, 3D study models and finished models. Many of these studio classes are sponsored by industry.

Prerequisite(s): DID 201 OR DTR 201, DID 202 OR DTR 202, DID 232 OR DTR 232, DID 233 OR DTR 233

DTR 357 HUMAN FACTORS

This course covers methods of researching and applying information about human physical and behavioral characteristics in order to design safer and more effective products and environments.

Prerequisite(s): DID 232 OR DPR 232 OR DTR 232, DID 233 OR DPR 233 OR DTR 233

DTR 362 3D MODELING & RENDERING II

This course introduces students to advanced 3D modeling and rendering techniques using ALIAS software on the Silicon Graphics platform. The class expands the student's knowledge of nurb tools, extrusions, patches, skinning and surface treatments. Models are rendered using full-color palettes, multi-source lighting and texture mapping. Basic animation is covered to prepare the student for advanced skills.

Prerequisite(s): DID 262 OR DTR 262

DTR 363 3D MODELING & RENDERING III

This course extends the CAD 2D capabilities of 3D computer modeling and rendering using ALIAS software running on SGI workstations. Projects are selected on the basis of their application to Industrial Design studios and the Industrial Design portfolio. Advanced surface modeling and production tools are emphasized.

Prerequisite(s): DID 362 OR DTR 362

DTR 371 SCIENCE & TECHNOLOGY

This course covers the fundamentals of materials and manufacturing processes. Mass production methods in metal and plastic are the focus, including the fabrication of individual parts and the assembly of completed products. Students are taught a basic understanding of the limitations and possibilities of modern manufacturing methods.

Prerequisite(s): DID 232 OR DPR 232 OR DTR 232, DID 233 OR DPR 233 OR DTR 233

DTR 402 ADVANCED VISUAL COMMUNICATION (ALIAS)

Designed to strengthen the transportation student's electronic drawing and rendering skills to a professional level while at the same time fostering conceptual thinking. The work from this class becomes an important part of the student's portfolio. Students use Alias software running on Silicon Graphics IRIS workstations.

Prerequisite(s): DID 320 OR DTR 320, DID 362 OR DTR 362

DTR 420 SENIOR TRANSPORTATION DESIGN STUDIO

This course undertakes two major projects lasting one semester each. The first semester focuses on the design of vehicle interiors and looks in-depth at the many complex elements that are inherent in this product. The projects are sponsored on a rotating basis by the U.S. automobile manufacturers. The second semester is devoted to the capstone project, which involves a product plan, technical specification, sketches and a finished model. The students select their own vehicles to design.

Prerequisite(s): DID 320 OR DTR 320, DID 321 OR DTR 321

DTR 421 SENIOR TRANSPORTATION DESIGN STUDIO

This course undertakes two major projects lasting one semester each. The first semester focuses on the design of vehicle interiors and looks in-depth at the many complex elements that are inherent in this product. The projects are sponsored on a rotating basis by the U.S. automobile manufacturers. The second semester is devoted to the capstone project, which involves a product plan, technical specification, sketches and a finished model. The students select their own vehicles to design.

Prerequisite(s): DID 320 OR DTR 320, DID 321 OR DTR 321

Catalog Year 08/09

Total Credits

126

INTERIOR DESIGN

DIN 127 FRESHMAN INTERIOR DESIGN STUDIO I

Students are introduced to the technical drawing and graphic communication skills required for success in the field of interior design. A variety of black and white media used to communicate design concepts and create ideation sketches and presentation techniques are explored. Emphasis is on understanding concepts that develop creative thinking processes.

DIN 128 FRESHMAN INTERIOR DESIGN STUDIO II

This course emphasizes further exploration of technical illustration approaches that can be combined to produce informative presentations. Focus is on perspective techniques, section and isometric drawing, developing color plans, elevations and illustrations for presentations. A variety of approaches to color media may be introduced, along with continued hand lettering exercises from which students develop presentation skills appropriate to the interior design field. Prismacolor, markers, pastel and watercolor may be incorporated.

Prerequisite(s): DIN 127

DIN 130 RESIDENTIAL INTERIOR DESIGN STUDIO

Emphasis is on residential design projects in which students develop methods for creative problem solving. Students learn to create plans and package their ideas from preliminary design concepts. The study of basic design elements and principles are considered. Contemporary issues relative to interior design are explored, as well as issues that relate to human needs, functions and spatial proportions in the built environment.

Prerequisite(s): DIN 127

DIN 205 TEXTILES

Textile design and construction will be surveyed. Students will identify and explore woven, knitted, off-loom and finishing techniques, as well as performance characteristics, basic textile chemistry and testing procedure. Health and safety standards that affect the selection, specification and application of textiles in the interior environment will be examined.

DIN 220 AUTO CAD I/ARCHITECTURAL DRAWING

Students are acquainted with computer-aided drafting (CAD) for interior design by constructing detailed documents and plans. The course is designed to introduce students to the technologies used in the interior design field for the appropriate preparation of documents. Students' expand their knowledge of dimensioning spaces through the development of plans, elevations, sections, interior details and other standard conventions that are part of construction documents.

Prerequisite(s): DIN 127, DIN 128, DIN 130

DIN 231 SOPHOMORE INTERIOR DESIGN STUDIO I

The student explores the design of a large-scale mixed use residential/mercantile space through creative thinking and problem solving. Students learn to design for public spaces, based on planning and programming techniques introduced in DIN 130 (Residential Interior Design). Preliminary sketches, plans, and research as well as verbal presentations are required.

Prerequisite(s): DIN 127, DIN 128, DIN 130

DIN 232 SOPHOMORE INTERIOR DESIGN STUDIO II

The student explores the design of commercial spaces within a specialized environment. Students incorporate creative design solutions to unique situations while resolving common issues related to public facilities. More complex application of design principles and procedures are achieved. Model making or building is required. Students interact with practicing professionals, critics and jurors.

Prerequisite(s): DIN 127, DIN 128, DIN 130, DIN 220, DIN 231

DIN 251 DESIGN SOURCES AND MATERIALS

Students are acquainted with materials used for the design of interior spaces, both commercial and residential. Visits to suppliers, product shows and guest lectures designated by the instructor, are requirements of the course. Products, information sources for materials and finishes, their properties, specification and installation techniques are examined, in addition to building student awareness of code regulations for interior environments.

DIN 261 ENVIRONMENTAL PSYCHOLOGY AND HUMAN FACTORS

Human perception of the environment influences behavior, mood and productivity. Students develop awareness of ergonomics and anthropometrics in terms of human dimensions and movement. Proxemics, the study of personal space needs, are also explored while visual perception and dynamics of color are applied in three-dimensional spaces. The psychological needs of special populations (impaired, elderly, children, etc.) will also be investigated. This course provides students with an awareness of how human needs at home and in the workplace influence design decisions and impact quality of life.

DIN 270 AUTO CAD II/ARCHITECTURAL DRAWING

Students advance their AutoCad skills developed in DIN 220 to produce a comprehensive set of CAD documents to coincide with their studio project. This course develops 2D and 3D drafting skills to provide an introduction to DIN 311. Custom built-ins, millwork details, lighting design plans, as well as finish schedules and specifications, complete the set of drawings. Building systems (mechanical, electrical, structural, etc.) are explored to provide an understanding of building components in residential and commercial structures.

Prerequisite(s): DIN 220

DIN 311 INTERIOR MODELING AND ANIMATION I

This studio introduces students to computer modeling, rendering and animation of 3-D forms and the use of computers in applying textures to surfaces, within architectural interiors. Lighting principles, camera placement and movement will introduce students to 3-D modeling and animation.

Prerequisite(s): DIN 270

DIN 313 INTERIOR MODELING AND ANIMATION II

This advanced studio emphasizes walk-through animation of interior studio projects. Digital output of stills and animation make strong additions to senior portfolios.

Prerequisite(s): DIN 311

DIN 331 JUNIOR INTERIOR DESIGN STUDIO I

This comprehensive design studio incorporates the specialized attributes of lighting while creating design solutions for a large-scale project. Students apply AutoCad technology and knowledge of building codes in presenting design solutions.

Prerequisite(s): DIN 232

DIN 332 JUNIOR INTERIOR DESIGN STUDIO II

The focus of this class is a comprehensive studio design problem that involves a large-scale commercial space. Projects require the application of concepts of programming space analysis, planning and creative problem solving. A set of plans, working sketches and models, presentation materials and research, as well as verbal presentations may be required. Design issues to be resolved challenge students to develop innovative solutions for the built environment, while providing for the health, safety and welfare of the public.

Prerequisite(s): DIN 331, DIN 351, DIN 311

Co-requisite courses: DIN 363

DIN 351 LAWS, CODES AND STANDARDS

This course reviews the legal standards employed by professional interior designers to determine code requirements in primarily commercial settings. Students develop an understanding of the use of reference materials and research procedures as they apply to interior design. BOCA, NFPA, ADA and ADAAG are referenced as well as the International Building Codes.

DIN 363 LIGHTING TECHNOLOGY AND APPLICATIONS

Students learn about the appropriate selection of lighting for specification in interior environment applications. Lighting principles and technologies are facilitated through the design problems created in the studios.

Prerequisite(s): DIN 232

DIN 430 EMPHASIS-INTERIOR DESIGN STUDIO

Students at the senior level are given the opportunity to explore a particular aspect of interior design. Students choose between Exhibit, Furniture and Set Design and work on an independent project that includes a complete set of construction documents, 2D images and a walkthrough in either 3D Max or AutoViz.

Prerequisite(s): DIN 270, DIN 313, DIN 431

DIN 431 SENIOR INTERIOR DESIGN STUDIO I

A professional project encompassing knowledge and skills gained in previous years, is developed. Projects may include an internship, workshop or mentor experience and is meant to be an intensive culmination/integration project that highlights the student's portfolio.

Prerequisite(s): DIN 351, DIN 332

DIN 432 SENIOR INTERIOR DESIGN STUDIO II

A professional project encompassing knowledge and skills of previous years is developed. Projects may include an internship, workshop or mentor experience and is meant to be an intensive culmination/integration project that highlights the student's portfolio. The project uses parallel requirements to the NCIDQ (National Certification for Interior Qualification) exam in order to prepare students for this certification examination.

Prerequisite(s): DIN 431

DIN 434 BUSINESS PRACTICES SEMINAR

Fundamentals of the business of interior design are covered including operations, communications and the ethical, legal and financial responsibilities of the practitioner. NCIDQ standards are followed through practice examinations. Students are given the opportunity to review their portfolios. Emphasis is placed on effective design presentation for interviewing and communicating with industry professionals and prospective clients. All aspects of a design practice are explored from the initial client contact and include the business practices specific to the industry.

Prerequisite(s): DIN 332

DIN 475 INTERIOR DESIGN INTERNSHIP

Participation in an internship experience allows students to use classroom-learned skills in a related employment experience. Students must work a minimum of 135 hours over the course of the entire semester. To participate students must be of junior or senior status with completion of freshman and sophomore studios. Students must have a minimum cumulative GPA of 2.8. Seniors may not be eligible to participate in an internship during their final semester. Transfer students must have attended one semester at CCS in addition to meeting the other eligibility criteria.

DIN 485 SPECIAL PROJECT 300/400

The Special Project class is offered on an occasional basis, with course content specific to the area being explored.

Prerequisite(s): DIN 220, DIN 332

DIN 490 INDEPENDENT STUDY

Independent Study is available to students who are at Junior or Senior level standing with a cumulative grade point average of 3.00 or above. The student may receive approval to work in an area or on a project that is not otherwise offered or addressed in the regular curriculum. Students may receive credit toward graduation for no more than 6 credit hours. The student must submit to the chairperson of the department in which they wish to study, an Independent Study Proposal of 150 words (no less) of the student's plan for study and her/his reason for choosing to study independently. Once the department chairperson provides approval and the instructor for the Independent Study is determined, the faculty member must write an Independent Study Syllabus with educational goals, learning outcomes, meeting dates, course expectations, timelines, and due dates.

DIN 505 MOBILITY

Through the College's affiliation with the Association of Independent Colleges of Art and Design, junior or first semester senior students in good academic standing have the opportunity to spend a semester (fall or winter) or a full year studying at another member institution in the United States or abroad. Application information is available in the Academic Advising and Registration Office.

DIN 515 STUDY ABROAD

Junior or first semester senior students in good academic standing have the opportunity to spend a semester (fall or winter) or a full year of study at an accredited institution abroad. Information is available from International Student Services.

LIBERAL ARTS

DAH 121 ART AND CULTURE OF ANCIENT CIVILIZATION

Introduces the aesthetic qualities and meanings of the art produced in the Ancient Near East, Egypt, Greece, Rome and China from 25,000 B.C. to 400 A.D. Students study the structure and design of buildings (temples, pyramids, palaces, tombs), as well as the techniques of ancient painting (fresco and vase painting), sculpture (bronze, terra-cotta and marble) and such crafts as jewelry and textiles. In order to understand the original contexts of ancient art, governments, economics, religion and topography of the land are also considered. In addition, the application of technology to architecture and city planning in ancient cultures is explored.

DAH 122 ART AND CULTURE IN THE AGES OF FAITH

Explores the world's major religions - Judaism, Christianity, Islam, Buddhism and Hinduism - and their art. The course examines the origin of Hinduism and Buddhism in the East, and traces their extension in the West and considers the spread of Judaism and the rise of Islam. The foundation of Christianity and its development through medieval monasteries, pilgrimage churches, and the great Gothic cathedrals will be studied.

DAH 123 ART AND CULTURE IN AGES OF DISCOVERY

Covers the period from the Renaissance through 1945, including such styles as Neoclassicism, Baroque, Rococo, Romanticism, Impressionism and Expressionism, providing a broad perspective of knowledge and ideas about the development of art and culture that forms the foundation for upper level courses in art.

DAH 200 ART & CULTURE: AGES OF DISCOVERY

Ages of Discovery is a survey of Western Art and visual culture from the late Middle Ages to the twentieth century. Other than to present an outline history of Western art, this course seeks to introduce students cumulatively to the critical concepts and vocabulary in the study of art history, visual culture, art appreciation and historiography of art, that is, the study of the writing about art and its history. The course will seek to introduce students to historically relevant accounts of the philosophical, religious, poetic and technological contexts of art as well as to introduce new forms of historical thinking on the relevance of the recognition of social, political and economic, (race, class and gender) in the understanding of both the making of art and its audience. A grade of 'C' or better is required.

Prerequisite(s): DFS 100, DEN 108, Minimum grade C

DAH 201 ART HISTORY SURVEY

DAH 201 is a survey of nonwestern art and visual culture. The geographic and chronological era will change based on the expertise of the faculty member/s teaching the course. A grade of 'C' or better is required.

Prerequisite(s): DFS 100, DEN 108, Minimum grade C

DAH 201 ASIAN VISUAL CULTURE: AN INTRODUCTION

This course is an introduction to Asian visual culture through a series of case studies in visual narration in a wide variety of media and formats from India, Southeast Asia, China and Japan. At the same time, the course seeks to locate individual narratives in the larger narrative traditions and the socio-political contexts from which they emerge. The focal narratives range from painted and sculpted cycles in the architectural space of public monuments, to individual hand scrolls and manuscripts that have more limited and private audiences and viewing protocols. This course will examine each work of art in its particular cultural contexts, including its patron, maker, and original consumers. We will study the use of visual narratives in the construction of ideals by emperors, religious devotees and scholars construct. In this light we will study visual narratives that have accompanying verbal texts as well as those that stand alone. A grade of 'C' or better is required.

Prerequisite(s): DFS 100, DEN 108, Minimum grade C

DAH 206 HISTORY OF AMERICAN ILLUSTRATION

Focuses on printed art in America from pre-1890 through the 1950's. The influence of illustrators on the attitudes and customs of their times is the focus. Using a format of study by decade, the course explores the making of pictures to tell a story regardless of medium. A more theoretical approach is used in discussions of the great teachers and of women in illustration.

Prerequisite(s): DEN 108, DAH 121, DAH 122 OR DAH 123, Minimum grade C

DAH 210 HISTORY OF ANIMATION AND DIGITAL MEDIA

This two-part course includes seven weeks devoted to animation and seven weeks to digital media. The animation portion covers the origins, history and techniques of traditional, puppet, 3D and experimental animation. All genres are explored with an emphasis on the creators and their innovations in their particular political and professional context. The digital media portion covers the emergence of digital media as an innovative means of expression, reviews the work of major artists working in the field today and illustrates how the digital media are influencing the social and the cultural character of our society.

Prerequisite(s): DEN 108, DAH 121, DAH 122 OR DAH 123, Minimum grade C

DAH 213 HISTORY OF PHOTOGRAPHY

Concentrates on significant social and political events that occurred from the invention of photography in 1839 through its many stages of development to the present day. The course further reflects on how photography continues to influence cultures globally.

Prerequisite(s): DEN 108, DAH 121, DAH 122 OR DAH 123, Minimum grade C

DAH 218 CONTEMPORARY ART HISTORY

A broad survey of current issues in painting, sculpture, performance art, film, poetry, photography, music and other crossover art forms. Artists and their works are presented through slides, tape recordings, films, videos, and readings.

Prerequisite(s): DEN 108, DAH 121, DAH 122 OR DAH 123, Minimum grade C

DAH 221 HISTORY OF INTERIOR DESIGN

A comprehensive survey of the historical development of interior design with emphasis on furniture and the decorative arts. The course explores the designs and materials of Egypt, the Classical Mediterranean, the Medieval World and Tudor-Elizabethan England. It examines the influence of Islam on Spanish design and that of the French monarchy on Baroque, Rococo, and Neo-classical styles. It concludes with the technological developments and their impact on designs of the late 19th and 20th centuries. Lectures and on-site study of museum collections provide direct experience of the decorative arts.

Prerequisite(s): DEN 108, DAH 121, DAH 122 OR DAH 123, Minimum grade C

DAH 241 HISTORY OF MODERN DESIGN

Surveys the most important design currents in Europe and America from 1850 to 1915 as manifested in the applied arts. It begins with the major Victorian sub-styles and then covers the Aesthetic Movement, Art Nouveau and the Arts and Crafts Movement, all of which are examined by means of examples drawn from a wide range of disciplines: architecture, the decorative arts, graphic design, transportation design, etc.

Prerequisite(s): DEN 108, DAH 121, DAH 122 OR DAH 123, Minimum grade C

DAH 242 HISTORY OF MODERN DESIGN I

Continues the survey of design currents in Europe and America as manifested in the applied arts between 1915-1960. It begins with the birth of modernism (De Stijl and the Bauhaus), then covers Art Deco, modernism in the post-World War II period and Expressionist modernism. Each style is examined by means of examples drawn from the widest possible range of disciplines: architecture the decorative arts, graphic design and transportation design, which includes automobile and aircraft design.

Prerequisite(s): DEN 108, DAH 121, DAH 122 OR DAH 123, Minimum grade C

DAH 247 HISTORY OF GRAPHIC DESIGN

This course surveys the historical and nonhistorical innovations that have taken place in graphic design from 1850 to the present. Students will discuss the impact of various technologies and their influence on the resulting forms and functions of the objects/images presented. The social and political climate of past cultures and their contextual relationship with design will be considered. Thus, students will come to understand design as visual communication that speaks of its time and place.

Prerequisite(s): DEN 108, DAH 121, DAH 122 OR DAH 123, Minimum grade C

DAH 251 HISTORY OF CRAFTS

This course surveys the major developments within the craft tradition that have influenced contemporary studio practices and cultural acceptance. Emphasis is on the many social and cultural contexts that have shaped the path of artistic production. Particular focus will center on nineteenth and twentieth century innovations and their impact on today's craft, craftsman and culture.

Prerequisite(s): DEN 108, DAH 121, DAH 122 OR DAH 123, Minimum grade C

DAH 261 HISTORY OF ADVERTISING

This course explores the evolution of advertising throughout the 20th century. From the creative revolution in the 60's to the proliferation of alternative media and the World Wide Web, students will study the trends, technology, agencies and people in this creative industry.

Prerequisite(s): DEN 108, DAH 121, DAH 122 OR DAH 123, Minimum grade C

DAH 285 SPECIAL PROJECT 285

The Special Project class is offered on an occasional basis, with course content specific to the area being explored.

FALL 2008 CONCEPTS AND METHODS OF VISUAL CULTURE This course examines a range of visual media, painting, photography, design, digital, and their cultural environments. The approach taken will be both structural and historical, presenting several critical frameworks and then using them to analyze specific examples of visual culture and their time periods. The course will consider the visual through multiple dimensions, aesthetics, economics, politics, sociology, etc. Heavy emphasis will be placed on the student's ability to absorb visual culture theory and apply it to written assignments.

Prerequisite(s): DEN 108, DAH 121, DAH 122 OR DAH 123, Minimum grade C

DAH 301 CLASSICAL ART AND EARLY MEDIEVAL

Explores the roots of Western civilization in the classical Greco-Roman tradition. Since architecture and sculpture are the hallmarks of this period, major Greek and Roman monuments will be highlighted. The course will also discuss this classical tradition as the source of early Christian art, Byzantine art and early medieval art, including Romanesque.

Prerequisite(s): DEN 108, DAH 121, DAH 122 OR DAH 123, Minimum grade C

DAH 305 19TH CENTURY EUROPEAN ART

Covers Neoclassicism, Romanticism, Realism, Impressionism, and Post-impressionism, including such artists as David, Delacroix, Courbet, Monet, Manet, Van Gogh, and Gauguin.

Prerequisite(s): DEN 108, DAH 121, DAH 122 OR DAH 123, Minimum grade C

DAH 306 HISTORY OF AMERICAN ILLUSTRATION

Focuses on printed art in America from pre-1890 through the 1950's. The influence of illustrators on the attitudes and customs of their times is the focus. Using a format of study by decade, the course explores the making of pictures to tell a story regardless of medium. A more theoretical approach is used in discussions of the great teachers and of women in illustration.

Prerequisite(s): DEN 108, DAH 121, DAH 122 OR DAH 123, Minimum grade C

DAH 307 20TH CENTURY ART IN EUROPE

This course focuses on artists' response to the sweeping social, philosophical and political changes that began in the late nineteenth century, including Expressionism, Cubism and Futurism. Students will explore the work of modernists who affronted their audiences in order to bring about changes in perception, including the artists of the Dada movement, who mocked art and society, and the Surrealists, who explored the unconscious as a resource for art. Artists studied include Henri Matisse, Wassily Kandinsky, Franz Marc, Pablo Picasso, Marcel Duchamp, Salvador Dali and Max Ernst.

Prerequisite(s): DEN 108, DAH 121, DAH 122 OR DAH 123, Minimum grade C

DAH 308 SURVEY OF AMERICAN ART

This course covers American artists of the eighteenth and nineteenth centuries, including the limner painters and the gravestone sculptors, the Hudson River School, the expatriates and the American impressionists. Artists studied include James McNeill Whistler, John Singer Sargent, Winslow Homer and Thomas Eakins.

Prerequisite(s): DEN 108, DAH 121, DAH 122 OR DAH 123, Minimum grade C

DAH 310 RENAISSANCE AND MANNERIST ART

In the sixteenth century, as ancient manuscripts began to be rediscovered, translated and made available to European humanists such as Petrarch, society turned in a more worldly direction. Artists began adding classical themes to their devotional repertoires and more frequently directed their attention to the problems of life on earth. This class covers painters, architects and sculptors, including Botticelli, Leonardo da Vinci and Michelangelo in Italy, and Jan Van Eyck, Hieronymous Bosch, Albrecht Durer and Hans Holbein in northern Europe. Mannerism as an outgrowth of the Renaissance will also be discussed.

Prerequisite(s): DEN 108, DAH 121, DAH 122 OR DAH 123, Minimum grade C

DAH 311 GO FIGURE: 20th CENTURY FIGURATIVE ART

This course is a survey of the diverse forms of figuration that have emerged in the 20th century (1900-2000). Through a chronological survey of various figural styles, such as Cubism, Surrealism, Figurative Expressions, and Photo-realism, the aesthetic, social, and political intentions of many 20th century artists will be set forth. In a century seemingly dominated by the emergence of abstraction, this survey will present the history and centrality of figuration in sculpture, painting, photography, and performance art.

Prerequisite(s): DEN 108, DAH 121, DAH 122 OR DAH 123, Minimum grade C

DAH 312 BAROQUE AND ROCOCO

The Baroque style is a reaction to the balance and harmony of the Renaissance. Baroque introduces drama and complex movement in painting, sculpture, and architecture. Works by Bernini, Caravaggio, El Greco, Rembrandt and Rubens are considered. Rococo, in turn, responds to Baroque by introducing a light and playful mood in art. The paintings of Boucher, Fragonard, and Watteau exemplify the style.

Prerequisite(s): DEN 108, DAH 121, DAH 122 OR DAH 123, Minimum grade C

DAH 313 HISTORY OF PHOTOGRAPHY

Concentrates on significant social and political events that occurred from the invention of photography in 1839 through its many stages of development to the present day. The course further reflects on how photography continues to influence cultures globally.

Prerequisite(s): DEN 108, DAH 200, DAH 201, or two courses from: DAH 121, DAH 122, DAH 123, Minimum grade C

DAH 314 HISTORY OF ANIMATION AND DIGITAL MEDIA

This two-part course includes seven weeks devoted to animation and seven weeks to digital media. The animation portion covers the origins, history and techniques of traditional, puppet, 3D and experimental animation. All genres are explored with an emphasis on the creators and their innovations in their particular political and professional context. The digital media portion covers the emergence of digital media as an innovative means of expression, reviews the work of major artists working in the field today and illustrates how the digital media are influencing the social and the cultural character of our society.

Prerequisite(s): DEN 108, DAH 200, DAH 201, or two courses from: DAH 121, DAH 122, DAH 123, Minimum grade C

DAH 318 CONTEMPORARY ART HISTORY

A broad survey of current issues in painting, sculpture, performance art, film, poetry, photography, music and other crossover art forms. Artists and their works are presented through slides, tape recordings, films, videos, and readings.

Prerequisite(s): DEN 108, DAH 200, DAH 201, or two courses from: DAH 121, DAH 122, DAH 123, Minimum grade C

DAH 321 HISTORY OF INTERIOR DESIGN

A comprehensive survey of the historical development of interior design with emphasis on furniture and the decorative arts. The course explores the designs and materials of Egypt, the Classical Mediterranean, the Medieval World and Tudor-Elizabethan England. It examines the influence of Islam on Spanish design and that of the French monarchy on Baroque, Rococo, and Neo-classical styles. It concludes with the technological developments and their impact on designs of the late 19th and 20th centuries. Lectures and on-site study of museum collections provide direct experience of the decorative arts.

Prerequisite(s): DEN 108, DAH 200, DAH 201, or two courses from: DAH 121, DAH 122, DAH 123, Minimum grade C

DAH 325 GERMAN EXPRESSIONISM

Banned and condemned as 'degenerate' by the Nazis, German Expressionism survived to become one of the most important art movements of the twentieth century. This course examines the movement from its beginnings as a reaction against Impressionism and realism to the almost total deathblow it was dealt by Hitler. Artists studied include Ernst Kirchner, Emil Nolde, Wassily Kandinsky, Hans Beckmann, Kathe Kollwitz, Paula Modersohn-Becker and Oskar Kokoschka.

Prerequisite(s): DEN 108, DAH 121, DAH 122 OR DAH 123, Minimum grade C

DAH 330 20TH CENTURY ART IN AMERICA

This course covers such movements as the Ash Can School, the Regionalists and the Social Realists, who focused on representing American urban and rural environments, as well as the Abstract Expressionists and color-field painters, who left behind the world of traditional representation for explorations of energy and the quietude of meditation. Students will also explore the interaction of American and European artists as evidenced in such movements as Minimalism, Photo-realism, Conceptualism, and Neo-Expressionism.

Prerequisite(s): DEN 108, DAH 121, DAH 122 OR DAH 123, Minimum grade C

DAH 336 FROM DAWN TO DECADENCE: THE ART AND ARCHEOLOGY OF ANCIENT EGYPT

The history of Egyptian art and architecture from the Predynastic period to the Roman occupation and the beginning of Christianity, with an additional focus on the methods and achievements of the archaeologists and Egyptologists who have discovered and studied the ancient remains.

Prerequisite(s): DEN 108, DAH 121, DAH 122 OR DAH 123, Minimum grade C

DAH 339 HISTORY OF DETROIT ARCHITECTURE

For over three hundred years Detroit has reflected the major movements in American architecture. This course will examine the evolution of architectural styles from French Colonial, the 'Revivals' during the nineteenth century, Detroit's Golden Age of Art Deco and post Modernism through slide- illustrated lectures, museum visits and on site tours.

Prerequisite(s): DEN 108, DAH 121, DAH 122 OR DAH 123, Minimum grade C

DAH 341 HISTORY OF MODERN DESIGN

This course examines the social, economic, political, and cultural forces that influence modern design. Beginning with the Industrial Revolution and continuing to present day, this course introduces the prominent designers, their ideas, their influences, and the historical context in which they worked. The course covers a variety of media and discusses design in the United States, Europe, and Asia.

Prerequisite(s): DEN 108, DAH 200, DAH 201, or two courses from: DAH 121, DAH 122, DAH 123, Minimum grade C

DAH 344 WOMEN IN THE VISUAL ARTS

Explores the various roles of women in the art world, both as artists and subjects, from 1550 to the present. Figures studied include Artemisia Gentileschi, Elisabeth Vigee-Lebrun, Angelica Kauffmann, Mary Cassatt, Georgia O'Keeffe, Louise Nevelson and Judy Chicago. Topics include feminist imagery, politics and contemporary feminist criticism.

Prerequisite(s): DEN 108, DAH 121, DAH 122 OR DAH 123, Minimum grade C

DAH 347 HISTORY OF GRAPHIC DESIGN

This course surveys the historical and nonhistorical innovations that have taken place in graphic design from 1850 to the present. Students will discuss the impact of various technologies and their influence on the resulting forms and functions of the objects/images presented. The social and political climate of past cultures and their contextual relationship with design will be considered. Thus, students will come to understand design as visual communication that speaks of its time and place.

Prerequisite(s): DEN 108, DAH 200, DAH 201, or two courses from: DAH 121, DAH 122, DAH 123, Minimum grade C

DAH 351 HISTORY OF CRAFTS

This course surveys the major developments within the craft tradition that have influenced contemporary studio practices and cultural acceptance. Emphasis is on the many social and cultural contexts that have shaped the path of artistic production. Particular focus will center on nineteenth and twentieth century innovations and their impact on today's craft, craftsman and culture.

Prerequisite(s): DEN 108, DAH 121, DAH 122 OR DAH 123, Minimum grade C

DAH 353 ART OF CHINA, JAPAN & AFRICA

Introduces the art of China, Japan and Africa and discusses the major forms, functions and materials typical of the art produced by each culture as well as its aesthetic theories, value systems and social, philosophical and religious traditions.

Prerequisite(s): DEN 108, DAH 121, DAH 122 OR DAH 123, Minimum grade C

DAH 355 ART COLLECTING, PATRONAGE AND CONNOISSEURSHIP

Students will gain a broad appreciation of how the issues surrounding art collecting, patronage and connoisseurship affect artists, culture, commerce and society. The potential impact upon your emerging careers will be explored. Using the tools of critical thinking and basic research across disciplines and explore how knowledge and information spill from one discipline to another. New learning will be demonstrated in class participation, occasional papers, oral presentation and your individual Project Demonstrating Excellence (PDE).

Prerequisite(s): DEN 108, DAH 121, DAH 122 OR DAH 123, Minimum grade C

DAH 357 ICONOGRAPHY AND MYTHOLOGY

Explores key figures of the Bible and Greek and Roman mythology, including Zeus, Jesus, Romulus and Remus, the apostles, the saints and the prodigal son, and the works of art they have inspired.

Prerequisite(s): DEN 108, DAH 121, DAH 122 OR DAH 123, Minimum grade C

DAH 359 NORTHERN RENAISSANCE ART

A survey of the art of northern Europe from the end of the Gothic era, ca. 1330, through the High Renaissance of the 1570's. While the primary emphasis is on oil painting, the graphic arts, manuscript illumination and sculpture will also be studied.

Prerequisite(s): DEN 108, DAH 121, DAH 122 OR DAH 123, Minimum grade C

DAH 361 HISTORY OF ADVERTISING

This course explores the evolution of advertising throughout the 20th century. From the creative revolution in the 60's to the proliferation of alternative media and the World Wide Web, students will study the trends, technology, agencies and people in this creative industry.

Prerequisite(s): DEN 108, DAH 121, DAH 122 OR DAH 123, Minimum grade C

DAH 371 ARCHITECTURE

Introduces a broad cross section of architectural styles and designs and the architects who created them. The personal philosophies of particular American architects will also be discussed. The course will begin with revival architecture in United States during the eighteenth and nineteenth centuries and will end with Post-Modernism.

Prerequisite(s): DEN 108, DAH 121, DAH 122 OR DAH 123, Minimum grade C

DAH 372 TWENTIETH CENTURY ARCHITECTURE

This course will explore the major developments in Western architecture from the beginning to the end of the twentieth century. Domestic, corporate, educational and cultural structures will be discussed and analyzed as examples of modernist and post-modernist aesthetic and social practice. Among notable architects to be considered are Frank Lloyd Wright, Walter Gropius, Le Corbusier, Mies van der Rohe, Eero and Eliel Saarinen, Albert Kahn, Minoru Yamasaki, Philip Johnson, Robert Venturi and Frank Gehry.

Prerequisite(s): DEN 108, DAH 121, DAH 122 OR DAH 123, Minimum grade C

DAH 375 AFRICAN AMERICAN ART HISTORY

Introduces the art produced by African American artists from the 1770's to the late 1940's, including the music and literature of the Harlem Renaissance. Uses slide lectures, videos and other forms of presentation, along with gallery and museum visits, to present a vast store of art that has been largely ignored.

Prerequisite(s): DEN 108, DAH 121, DAH 122 OR DAH 123, Minimum grade C

DAH 410 EARLY ITALIAN RENAISSANCE

Survey of the architecture, sculpture and painting in Tuscany during the 13th, 14th and 15th Centuries, with particular attention to the works produced in Pisa, Lucca, Siena and Florence.

Prerequisite(s): DEN 108, DAH 121, DAH 122 OR DAH 123, Minimum grade C

DAH 485 SPECIAL PROJECT 300/400

The Special Project class is offered on an occasional basis, with course content specific to the area being explored.

Prerequisite(s): DEN 239, DAH 121, DAH 122 OR DAH 123, Minimum grade C

DAH 510 STUDY ABROAD: RENAISSANCE-20TH CENTURY

This course allows students to visit major monuments and art sites in global cities (as appropriate). Contemporary art galleries flourish in these cities and are visited as possible. Although a variety of artistic periods are studied on the trip, the relationship of ideas and styles is an ongoing topic of discussion.

Prerequisite(s): DEN 108, DAH 121, DAH 122 OR DAH 123, Minimum grade C

DAS 213 BUSINESS PRACTICES PRESENTATION

This course prepares students to function as professional artists and/or designers. It provides an introduction to contemporary business theories, trend analysis, and branding techniques and practices. As well, students will learn and use basic project management principles, project costing models, and the elements of business plan design.

Prerequisite(s): DEN 108, Minimum grade C

DAS 485 SPECIAL PROJECT

The Special Projects class is offered on an occasional basis, with course content specific to the area being explored.

FALL 2008 ART & MADNESS IN MODERN CULTURE Madness has been of interest to philosophers, psychologists, social scientists - as well as to artists. The history of art, culture and literature is filled with 'mad or Romantic geniuses.' This course proposes a comparative examination of the transition of 'marginalized' forms of representation from 'insanity' into the field of aesthetic and cultural practice by a consideration of the art and drawing of the insane (from asylums), short story (Edgar Allan Poe), poetry (Sylvia Plath), painting (Van Gogh, Surrealism, de Kooning), and film (Ingmar Bergman's 'Through a Glass Darkly'). The course seeks a balance between critical theory (Plato, Romanticism, Avant-Garde, Feminism), close reading (engaging each person's affective response), and developments in the changing status of the scientific, social and intellectual situation of works. Credit can be placed as Art History or English or Philosophy.

Prerequisite(s): DEN 239, DAH 121, DAH 122 OR DAH 123, Minimum grade C

DAS 490 INDEPENDENT STUDY

Independent Study is available to students who are at Junior or Senior level standing with a cumulative grade point average of 3.00 or above. The student may receive approval to work in an area or on a project that is not otherwise offered or addressed in the regular curriculum. Students may receive credit toward graduation for no more than 6 credit hours. The student must submit to the chairperson of the department in which they wish to study, an Independent Study Proposal of 150 words (no less) of the student's plan for study and her/his reason for choosing to study independently. Once the department chairperson provides approval and the instructor for the Independent Study is determined, the faculty member must write an Independent Study Syllabus with education goals, learning outcomes, meeting dates, course expectations, timelines and due dates.

Prerequisite(s): DEN 108

DEN 106 ENGLISH FOR INTERNATIONAL STUDENTS

International students are introduced to Western culture through reading and writing assignments.

DEN 107 COMPOSITION I: WRITING WORKSHOP

An introductory composition course, DEN 107 Composition I: Writing Workshop challenges students to write a well planned cogent, college-level essay in standard English. The course stresses foundational skills including brainstorming, drafting, composing introductions and conclusions, editing for surface grammatical errors, revising essay content, and presenting before a group. One must pass DEN 107 with a grade of 'C' or higher.

DEN 108 COMPOSITION II: THE ART OF ARGUMENTATION

This course challenges students to read and assess a variety of written and visual texts and then respond in a college-level essay incorporating carefully crafted research and argumentation. The course stresses important academic skills including essay planning and organization, researching and citing sources in the MLA (Modern Language Association) style, composing introductions and conclusions, revising, and presenting before a group. Placement is through the English Placement Exercises. One must pass DEN 108 with a grade of 'C' (2.00) or higher.

DEN 239 SURVEY OF WORLD LITERATURE

This course offers a rich, multicultural perspective on literature - from classic American and European texts, to important works from Asian, African, and Middle Eastern cultures. Students will be challenged to read and analyze for content, style, and form, investigate texts through library research, learn to apply literary terminology, and compose critical essays utilizing primary and secondary sources.

Prerequisite(s): DEN 108, Minimum grade C

DEN 303 POETRY WRITING WORKSHOP

This workshop will focus primarily on the art and craft of generating strong poems. Students in the workshop will review each others' work with revision and ultimately publication as a goal. There will also be some discussion of the current poetry market, literary journals etc., and how the new poet can break into the market.

Prerequisite(s): DEN 239

DEN 305 CONTEMPORARY POETRY

Introduces the basic elements and forms of poetry, as well as major poets, with an emphasis on contemporary works.

Prerequisite(s): DEN 239

DEN 306 INTRODUCTION TO FILM

This course is designed to give students an introduction to film as an art worthy of critical attention. It should help students develop the ability to think, discuss and write about film in an academic context. Students can expect to be challenged by the material from the text and by the films in the course.

Prerequisite(s): DEN 239

DEN 307 CREATIVE WRITING WORKSHOP

Students are encouraged to take a professional attitude toward their own writing and that of others, experimenting with language and forms in terms of public audiences. The works of published writers, like the exhibits of artists, are used as models and resources. Individual instructors choose a specific emphasis.

Prerequisite(s): DEN 239

DEN 309 MODERN AMERICAN DRAMA

Since the Greek tragedies, dramatists have explored the dynamics of family life under the pressures of external forces, whether these are the Gods, the State, or society. Twentieth century American playwrights have similarly dealt with these forces. The plays we will study are by: Eugene O'Neill, Tennessee Williams, Clifford Odets, Arthur Miller, Edward Albee, August Wilson, David Mamet, and Sam Shepard.

Prerequisite(s): DEN 239

DEN 310 THE FAIRY TALE

The student will study saga, folktale, Marchen, and ethnic, third world and 'classic' forms, and will examine visual and filmic interpretations. Works read will include: The Brothers Grimm, Hans Christian Andersen, Charles Perrault and some modern adaptations. Some attention will be paid to illustration art. Work load: two discursive essays and an original fairytale in 2D format.

Prerequisite(s): DEN 239

DEN 311 SHAKESPEARE

Shakespeare's plays provide perhaps the greatest range of experience and thematic complexity of any writer in English. He is also a writer of great stylistic range and virtuosity. The class reads, discusses, and views selected major plays that reveal the reasons for Shakespeare's greatness and the nature of his universality.

Prerequisite(s): DEN 239

DEN 312 IMAGINING THE SHORT STORY

This course is devoted to conceptualizing and writing the short story. Students work on both formulating and visualizing unique and original plot, character and setting through various writing and meditation exercises. The course uses existing work that best demonstrates archetypal themes, such as fairy tales and Shakespearean plays, as a springboard for the first illustrated short story. From there students study the short stories of Magical Realist writers and read the short work of contemporary authors known for their imaginative skill and exuberant way with language. Students develop specific skills for illustrating each of the stories written for the course.

Prerequisite(s): DEN 239

DEN 325 WOMEN'S LITERATURE

This course looks at some of the dilemmas facing women as writers, artists and individuals, based upon the literature written both by and about them. Readings include two short novels and a series of short fiction, essays, poetry, etc.

Prerequisite(s): DEN 108, Minimum grade C, DEN 239

DEN 327 FILM AND LITERATURE

This course investigates the relationship between some major American novels and the films based on them. The course examines the alterations involved in the transition from novel to movie, emphasizing both literary and cinematic values: light design, landscape and location, art direction, costuming, as well as characterization, music, pace, and ideas. Some possible novels include: *The Great Gatsby*, *Being There*, *Lolita*, *Remains of the Day*, *Enemies*, and *A Love Story*.

Prerequisite(s): DEN 108, Minimum grade C, DEN 239

DEN 330 THE PSYCHOLOGICAL NOVEL

Students read fiction that explores the landscapes of characters' minds from works of Fyodor Dostoyevsky, Virginia Wolff, James Joyce, and William Faulkner, among others.

Prerequisite(s): DEN 239

DEN 340 HEMINGWAY AND SALINGER

The course will offer in-depth examination of the lives and works of two of the most well loved and influential writers of the twentieth century. Nobel laureate Hemingway wrote extensively about his experiences abroad and in Michigan. His stylistic innovations have influenced countless contemporary American authors. The reclusive J.D. Salinger is also an American author of mythic proportions. We will examine each author's biography, short stories, and novels as well as literary criticism and interviews. What exactly makes their reputations so remarkable?

Prerequisite(s): DEN 239

DEN 360 TOLKIEN: LORD OF THE RINGS

This course is intended to be a close examination of the contexts in which they are written. Peter Jackson's recent films will also be viewed and discussed.

Prerequisite(s): DEN 239

DEN 375 CROSSING CULTURES / CONTEMPORARY WORLD LITERATURE

This course will focus on the 'outsider', the individual who makes his/her way through a sometimes hostile world, as seen through the eyes of authors for outside the 'mainstream' of American culture, and around the world. Various literary individuals within the worlds of fiction, poetry and creative nonfiction are examined.

Prerequisite(s): DEN 108, Minimum grade C, DEN 239

DEN 410 AFRICAN AMERICAN AUTHORS

This course introduces students to major African American authors of the 20th and 21st centuries, including Morrison, Ellison, Wright, Hurston, Mosley, and Gaines.

Prerequisite(s): DEN 239

DEN 411 RUSSIAN LITERATURE

This course will introduce students to the great literature of Russia, through the writings of one of its most well known and beloved literary craftsmen, Leo Tolstoy (Count Lev Nikolayevich Tolstoy). We will read selections from his short fiction, the novel Anna Karenina, and entries from his Calendar of Wisdom. We also will read selected documents of historical, social, and critical significance, as collected in the Norton Critical Editions of his work.

Prerequisite(s): DEN 239

DEN 485 SPECIAL PROJECT:

The Special Project class is offered on an occasional basis, with course content specific to the area being explored.

Prerequisite(s): DEN 108, Minimum grade C, DEN 239

FALL 2008 WONDROUS MACHINE: CARS IN AMERICAN LITERATURE AND FILM. This course explores the myriad and changing roles of the automobile in American culture. Through numerous examples of car culture in literature and film, this course interrogates, celebrates, and ponders both the past and future of one of modern technology's most remarkable and influential inventions. A survey of literary and cinematic case studies will be used in the course to establish an ongoing, theoretically geared discussion of the Wondrous Machine.

Prerequisite(s): DEN 108, minimum grade C, DEN 239

THE AMERICAN NOVEL. We orient ourselves, we define ourselves, in emotional, temporal, physical space. DEN 485: The American Novel explores important American texts which convey a strong sense of place, or, in other words, emotional, political and/ or cultural environments, from the early urbanism and social realism of Sister Carrie, to the rise of modernism, urban anonymity, and apocalyptic fantasies in The Day of the Locust, and ultimately, to post modern experiments, including the graphic novel, which test the boundaries of our accepted notions of time and space and identity.

Prerequisite(s): DEN 108, minimum grade C, DEN 239

DEN 490 INDEPENDENT STUDY

Independent Study is available to students who are at Junior or Senior level standing with a cumulative grade point average of 3.00 or above. The student may receive approval to work in an area or on a project that is not otherwise offered or addressed in the regular curriculum. Students may receive credit toward graduation for no more than 6 credit hours. The student must submit to the chairperson of the department in which they wish to study, an Independent Study Proposal of 150 words (no less) of the students plan for study and her/his reason for choosing to study independently. Once the department chairperson provides approval and the instructor for the Independent Study is determined, the faculty member must write an Independent Study Syllabus with education goals, learning outcomes, meeting dates, course expectations, timelines and due dates.

Prerequisite(s): DEN 108, minimum grade C, DEN 239

DFS 100 WAYS OF KNOWING

The required freshman seminar, 'Ways of Knowing', is the gateway to liberal arts courses at CCS. It provides the entering college student with the necessary skills and methodologies to discover the pleasure, and challenge, of inquiry (asking compelling questions), research (investigating answers from many sources: academic, professional and personal), and inter-relationship (discovering that all knowledge, all 'ways of knowing' may be intricately connected in a balanced synthesis.) The ultimate goal is to become inspired and, in turn, inspire others with thoughtful reading, writing, and presenting.

DFS 100 WAYS OF KNOWING: DETROIT THE MODERN CITY IN HISTORICAL CONTEXT

Detroit's shocking decline since the Second World War has inspired a lament not only for this particular city, but for the modern American city. Born in the moment when young, industrial capitalism shaped urban landscapes and forged significant local relationships between capital and the community, the modern city seemed to promise a wonderful, ordered future. A veritable symbol of the progress of the nation, the modern city was characterized by the architectural and technological triumphs broadly construed as signs of the progress of American civilization. Deindustrialization, social inequality, and infrastructure decline have left many modern cities unable to manage basic urban operations much less 'retool' for the contemporary world. Detroit is a modern city and we will explore what that means not only in Detroit's past but for Detroit's future.

DFS 100 WAYS OF KNOWING: THE CONCEPT OF CULTURE

According to Raymond Williams, culture is one of the two or three most complicated words in the English language. The term culture describes a broad range of activities, from the most refined and privileged forms of high art to the most common aspects of everyday life. This course considers several of the major perspectives (i.e., ways of knowing) used to analyze culture and its social, aesthetic, economic, and political dimensions. Readings are intended to raise questions about the ways in which culture both binds some people together and differentiates them from others, the role it plays in promoting social stability and fostering change, and the appropriate methods for its study. Particular emphasis is placed on the role played by visual culture producers, artists, craftspersons, designers, illustrators, photographers, etc. The course is a discussion driven seminar with substantial reading, researching, and writing requirements. Students are expected to participate in all discussions, present readings to one another, and lead discussion where appropriate.

DFS 100 WAYS OF KNOWING: INTRODUCTION TO DADA AND SURREALISM

The end of the nineteenth century in Europe saw the emergence of many movements in literature and art which, curiously, wished to deny the validity of art and literature and the attraction to established standards and principles of beauty and elegance. Sometimes this denial became quite violent and took many forms, most importantly the form called avant-garde in the context of experimental cultures. This course on Dada and Surrealism seeks to introduce students to the understanding of the culture of the avant-garde through accessible presentations of the ideas, works, and performances of the thinkers, poets and artists who identified around the world the French West Indies, Japan, New York, etc. as Dadaists and Surrealists. Especially this course will try to introduce students to the interdisciplinary nature of avant-garde practices to enable an understanding of how the study of avant-garde art subsequently shaped the study of literature and art from the latter part of the twentieth century. A significant part of this course will be teaching students how to write Surrealist automatic and dream texts as well as Dada sound poems.

DFS 100 WAYS OF KNOWING: AN INTERDISCIPLINARY SEMINAR IN LITERATURE & CULTURE/ART HISTORY (FILM)

This introductory class is devoted to the theme of encounters. There is no culture whose literature does not accord foundational importance to the experience of encounter. To give some examples of the ways and forms of the encounter in the Western tradition: the meeting of Spirit or Form with the indeterminate or what is formless/without form (God's breath in Genesis); the experience of the divine (the Bacchae of Euripides, or Maya Deren's experience of the white darkness); the meeting of different languages in History and Myth (the Tower of Babel) and in translation with the remnants, residues and echos of a living culture (Dickens); even madness (Mrs. Dalloway). Through an exploration of literature (poetry and the novel), anthropology and film, this course seeks to explore the way in which the experience of encounter not only facilitates an understanding of literary experience but facilitates an understanding of cultural experience in transition.

DFS 100 WAYS OF KNOWING: MEANING AND MEDIATION

In communications theory, a medium is defined generally as a means or mechanism for producing, distributing, and accumulating meaning. Traditional theory (for example, William Laswell's formula 'Who's says what to whom in what channel to what effect?') presumes optimum communication as being transparent, that is, minimizing the distortion of the intervening mechanism, thereby allowing the receiver to understand the sender's true message. In contrast, this class presumes that there is no meaning outside of mediation, that message and medium are necessarily interdependent. Particular emphasis is placed on the role of visual culture producers animators, artists, cinematographers, craftspersons, designers, illustrators, photographers, etc. in the communications process. The course is a discussion driven seminar with substantial reading, researching, and writing requirements. Students are expected to participate in all discussions, present readings to one another, and lead discussion where appropriate.

DFS 100 WAYS OF KNOWING: INTRODUCTION TO AMERICAN CULTURE

This is an interdisciplinary investigation into American history, culture, and identity. As a seminar, it will be a small, discussion driven learning environment with substantial reading, researching, and writing requirements. Students will be expected to participate in all discussions, present readings to their colleagues, and lead discussion where appropriate.

DHS 276 AMERICAN HISTORY TO 1865

This lecture-discussion course surveys U.S. political, social and economic history from the founding of indigenous cultures to the end of the Civil War. The course focuses on nation building, examining the effects of economic growth, an increasingly diverse population, territorial expansion, political culture and sectional conflict on national development. Students examine whether by 1865 America constituted a nation or merely a collection of separate ethnic, religious enclaves coexisting in the same boundaries. Additionally, the course explores ideas about freedom, and how those ideas changed in the first three centuries of U.S. history and investigates debates about freedom and how the same word could convey very different meanings to different groups of people.

Prerequisite(s): DEN 108, Minimum grade C

DHS 277 MODERN AMERICA:1863 - PRESENT

This survey course explores the major themes, topics and developments in Modern American history, including the growth of the modern State; changes in the meaning of equality; the role of the United States in the world; and immigration and growth of a pluralist nation.

Prerequisite(s): DEN 108, Minimum grade C

DHS 285 SPECIAL PROJECT 285

The Special Project class is offered on an occasional basis, with course content specific to the area being explored.

FALL 2008 AMERICAN CULTURE & MUSIC FROM PURITAN TO PUNK This course focuses on the interdisciplinary study of American culture through its music. Students explore the cultural interrelationship of the social, political, economic, historical and aesthetic influences that have formed the context and development of American music genres. The course emphasizes popular, innovative and sometimes experimental musical forms and their basis in individual communities; and in that process, explores what seems to have made them 'speak' to our ancestors and to us. The course also explores how the rise of mass-market music and the music industry has affected this history. Classes combine discussion of reading materials, discussion of films and videotapes, presentations from guest musicians and music historians, and, above all listening to music.

Prerequisite(s): DEN 108, Minimum grade C

DHS 330 THE EXPERIENCE OF WAR

Examines the experience of war in the twentieth century and how it has been treated by numerous writers and artists. Novels, films, and a number of art works provide the materials for discussion.

Prerequisite(s): DEN 108, Minimum grade C

DHS 338 SHOPPERS, ADVERTISERS AND RETAILERS: CONSUMPTION AND AMERICAN CULTURE

This course will offer students an introductory survey to the cultural, intellectual, social, and institutional histories of consumption in the United States. In particular we will pay attention to four issues: the development of the mass market at the end of the nineteenth century, the cultural and institutional histories of advertising and marketing, consumption and the construction of gender, race and sexuality and the long-running debate over the social effects of consumption.

Prerequisite(s): DEN 108, Minimum grade C

DHS 341 RELIGION AND AMERICAN CULTURE

This course examines the place of religion in the history of American culture. However, rather than focusing on 'official' religious history, our work will be concerned with religion as a lived experience. Through music, literature, oration, film, mass media, material culture and vernacular practices, we will consider how Americans have used religion to negotiate race, class, gender, sexuality, ethnicity, and nationality throughout our nation's history.

Prerequisite(s): DEN 108, Minimum grade C

DHS 345 20TH CENTURY AMERICAN HISTORY

This course will examine the main events and movements in America during the 20th century. Topics such as civil rights, student protests, the depression and the Vietnam war will be covered. Texts will include both imaginative and analytical works, and lecture/discussions will be supplemented by films and videos.

Prerequisite(s): DEN 108, Minimum grade C

DHS 351 WOMEN IN HISTORY

Examines American women's lives, patterns of thought, values, experiences, and social and political action from the colonial period to the present. Required readings will be wide-ranging, from literary works to feminist theory.

Prerequisite(s): DEN 108, Minimum grade C

DHS 352 HISTORY OF MASS MEDIA

This course seeks to introduce students to the institutional and social history of mass media in the United States. Beginning with the emergence of the Colonial press, this course will examine the ways in which the mass media have been active participants in the construction of social reality. In doing so, this course will attempt to balance history of media technology with that of its perception, all the while paying special attention to its identity as a profit-making industry.

Prerequisite(s): DEN 108, Minimum grade C

DHS 485 SPECIAL PROJECT 300/400

The Special Project class is offered on an occasional basis, with course content specific to the area being explored.

FALL 2008 AMERICAN CULTURE & MUSIC: PURITAN TO PUNK This course focuses on the interdisciplinary study of American culture through its music. Students explore the cultural interrelationship of the social, political, economic, historical and aesthetic influences that have formed the context and development of American music genres. The course emphasizes popular, innovative and sometimes experimental musical forms and their basis in individual communities; and in that process explores what seems to have made them 'speak' to our ancestors and to us. Students also explore how the rise of mass-market music and the music industry has affected this history. Classes combine discussion of reading materials, discussion of films and videotapes, presentations from guest musicians and music historians, and, above all listening to music.

Prerequisite(s): DEN 108, Minimum grade C

DHS 490 INDEPENDENT STUDY

Independent Study is available to students who are at Junior or Senior level standing with a cumulative grade point average of 3.00 or above. The student may receive approval to work in an area or on a project that is not otherwise offered or addressed in the regular curriculum. Students may receive credit toward graduation for no more than 6 credit hours. The student must submit to the chairperson of the department in which they wish to study, an Independent Study Proposal of 150 words (no less) of the student's plan for study and her/his reason for choosing to study independently. Once the department chairperson provides approval and the instructor for the Independent Study is determined, the faculty member must write and Independent Study Syllabus with education goals, learning outcomes, meeting dates, course expectations, timelines and due dates.

Prerequisite(s): DEN 108, Minimum grade C, DEN 239

DHS 500 A CULTURAL HISTORY OF DETROIT

Detroit holds a unique position in the collective imagination of Americans. From frontier outpost to 'arsenal of democracy', Detroit has been both a romantic symbol of the struggle for national sovereignty and the icon of U.S. industrial supremacy. The birthplace of important cultural and social movements, Detroit's shocking decline since the Second World War alternately has been seen as a warning and a challenge to various urban stakeholders. This graduate-level course will introduce students to the city's past through a critical reading of a variety of texts, both literal and visual.

DLE 400 WHAT MAKES MODERN ART MODERN

This seminar will explore the following: (i) art becomes modern when art is rejected; (ii) there is no modern art without poetry, philosophy, ethics or the political; (iii) art becomes modern when the poet Charles Baudelaire realizes the city as an active subject in art; (iv) the city and anti-art produce an avant-garde which claims to refuse art. Broadly speaking, the course will not be concerned with the claim of a particular movement or artist as the beginning of modern and/or avant-garde activity; instead the course will be concerned with the practices, attitudes and values that make for distinctively modern conceptions of artistic activities, of which the following will be emphasized: the city, poetry, spectacle and performance. There will be a special section in the course devoted to the city and film. Students will be encouraged to devise creative responses in film, photography, digital media, drawing, painting, sculpture etc.-to their environment.

Prerequisite(s): DEN 108, DAH 200, DAH 201, or two courses from: DAH 121, DAH 122, DAH 123, Minimum grade C

DNS 230 BASIC MATH SKILLS

This course gives students a basic understanding of the skills required for arithmetic operations, beginning algebra, fundamentals of geometry and mathematical problem solving approaches. This selection of topics is designed to develop students' mathematical reasoning skills with an emphasis on problem solving. Course content may be applied to analysis of data in the social sciences and K-12 education arenas, and throughout the art and design fields.

DNS 285 SPECIAL PROJECT 285

The Special Project class is offered on an occasional basis, with course content specific to the area being explored.

Prerequisite(s): DEN 108, Minimum grade C

DNS 320 MEMORY, SLEEP, AND DREAMS

Topics include dreams as forecast, deja-vu vs. precognition, differing memory abilities, Soviet sleep research, the importance placed on dreams by other cultures, and how artists are influenced by sleep and dreams. Memory studies include theories of brain activity and computer stimulation, including their application to personal memory habits.

Prerequisite(s): DEN 108, Minimum grade C

DNS 326 TECHNOCULTURE

Follows the history of technology as it emerges from scientific discoveries such as quantum and subatomic particle changes and capitalizes on the new means they have made available. These include aleatory and electronic music and the new combination of sounds made possible by sampling.

Prerequisite(s): DEN 108, Minimum grade C

DNS 345 EARTH SCIENCE

Earth, though a very small part of a vast universe, provides the resources that support our modern society and the ingredients necessary to maintain life. This course is designed to introduce students to the basic principles and contemporary advances in Earth Science through four units that emphasize broad and up-to-date coverage of basic topics and principles in geology, oceanography, meteorology, and astronomy.

Prerequisite(s): DEN 108, Minimum grade C

DNS 370 SCIENCE AND LITERATURE IN 20TH CENTURY

This course examines the relationship between changes in world view resulting from twentieth century scientific discoveries and innovations in literature, and other artistic forms. Issues include relativity, quantum theory, uncertainty principle, and problems in logic and mathematics. Literature includes works by Joyce, Burroughs, T.S. Eliot, Italo Calvino, and Gabriel Garcia Marquez.

Prerequisite(s): DEN 108, Minimum grade C

DNS 380 THE EXPERIENCE OF TIME

Examines the personal experience of time as it is measured and defined in the various scientific disciplines, then studies the differing roles that time plays within various art forms, including film, photography, music, dance, and the visual arts.

Prerequisite(s): DEN 108, Minimum grade C

DNS 382 OPTICS, COLOR AND LIGHT

Charts the development of current light and color theory from the Greek philosophic tradition, the Latin and Arabic Middle Ages, the Renaissance, and the Enlightenment to the present. In accordance with the Greek approach to the study of light, which was based on physical, philosophical and physiological concepts, this course examines the eye, the physical qualities of light and the philosophical explanations for nature of light. Contemporary color theories in painting, photography and graphics are discussed, as well as recent technologies (holography, lasers, fiber optics and computer imaging) and their ethical implications.

Prerequisite(s): DEN 108, Minimum grade C

DNS 383 MATH AND THE IMAGINATION

This course includes an overview of mathematical concepts, especially those important for the arts. The history of the number system, Euclidean and nonEuclidean geometries, color problems, topology, symbolic logic and computer graphics are considered. Designed for novices as well as those with computational skills, this course includes a special section on math anxiety.

Prerequisite(s): DEN 108, Minimum grade C

DNS 485 SPECIAL PROJECT 300/400

The Special Project class is offered on an occasional basis, with course content specific to the area being explored.

Prerequisite(s): DEN 108, Minimum grade C

DNS 490 INDEPENDENT STUDY

Independent Study is available to students who are at Junior or Senior level standing with a cumulative grade point average of 3.00 or above. The student may receive approval to work in an area or on a project that is not otherwise offered or addressed in the regular curriculum. Students may receive credit toward graduation for no more than 6 credit hours. The student must submit to the chairperson of the department in which they wish to study, an Independent Study Proposal of 150 words (no less) of the student's plan for study and her/his reason for choosing to study independently. Once the department chairperson provides approval and the instructor for the Independent Study is determined, the faculty member must write an Independent Study Syllabus with education goals, learning outcomes, meeting dates, course expectations, timelines, and due dates.

Prerequisite(s): DEN 108, Minimum grade C, DEN 239

DPL 331 PHILOSOPHY OF THE ARTS

The purpose of this course is to take the student on an in-depth tour of some of the major philosophical issues concerning art. We will be examining and criticizing theories about the nature of art and about its role in human society. Students will gain new insights about art, an understanding of philosophical method, and especially, an appreciation for how and why art is a proper object of philosophical inquiry. No prior background in either philosophy or art will be presupposed.

Prerequisite(s): DEN 108, Minimum grade C

DPL 350 CONTEMPORARY MORAL ISSUES IN ART

The course will first examine such important theoretical questions in ethics as: Is morality objective or relativistic? Are there real moral truths and are they knowable to us? What, if anything, justifies our moral judgments? We will also investigate normative theories including Utilitarianism, Egoism and other Consequentialist views along with the relationship of art to society.

Prerequisite(s): DEN 108, Minimum grade C

DPL 351 AMERICAN POLITICAL PHILOSOPHY

American political and cultural identity finds its roots on the ideas and writings of great historical thinkers trying to make sense of the world. This class will provide an extensive overview of Western Political Thought and the European and American philosophers who contributed to what we now consider the 'common sense' of our political and cultural system. Readings will include: Machieavelli, Nietsche, John Locke, Thomas Jefferson, W.E.B.Dubois and more contemporary thinkers such as John Rawls, Susan Okin and Dr. Martin Luther King Jr. Through them we will trace the evolution of American political thought and ideals.

Prerequisite(s): DEN 108, Minimum grade C

DPL 352 ISSUES IN CONTEMPORARY AMERICA: STUDIES IN ETHICS AND PHILOSOPHY

This class will provide a forum in which students can participate in an open discourse on current political, social and cultural issues. Students will research and apply ethical and philosophical theories to important issues in contemporary society. The ability to develop and articulate views on critical issues is necessary to function effectively in the world community.

Prerequisite(s): DEN 108, Minimum grade C

DPL 355 SOCIAL STRATEGIES AND PHILOSOPHIES

What is the role and responsibility to society of the artist who is equipped with the skills to create an alternative reality? In a rapidly changing postmodern world in which there are few absolutes on which to rely, it is often difficult to determine who we are and where we fit society. The class will create the space for a thoughtful examination of various theories of reality, ethics and justice as they apply to the visual arts. Students will explore the writings of such diverse theorists as Umberto Eco, Jean Baudrillard and John Rawls. Attention will be given to all popular mediums which provide the language for the visual text in our culture in transition.

Prerequisite(s): DEN 108, Minimum grade C

DPL 370 THE PURSUIT OF MEANING

This course will explore the question of what is meaning in human experience. Reading and discussion will embrace an interdisciplinary investigation of the philosophical, anthropological, educational, sociological, and psychological dimensions of this pursuit.

Prerequisite(s): DEN 108, Minimum grade C

DPL 430 POLITICS AND POPULAR CULTURE

Political and social movements are often represented in symbols and images. The course will examine these symbols in art, film and literature and determine their impact in political action and attitudes.

Prerequisite(s): DEN 108, Minimum grade C

DPL 485 SPECIAL PROJECT 300/400

The Special Project class is offered on an occasional basis, with course content specific to the area being explored.

Prerequisite(s): DEN 108, Minimum grade C

DPL 490 INDEPENDENT STUDY

Independent Study is available to students who are at Junior and Senior level standing with a cumulative grade point average of 3.00 or above. The student may receive approval to work in an area or on a project that is not otherwise offered or addressed in the regular curriculum. Students may receive credit toward graduation for no more than 6 credit hours. The student must submit to the chairperson of the department in which they wish to study, an Independent Study Proposal of 150 words (no less) of the student's plan for study and her/his reason for choosing to study independently. Once the department chairperson provides approval and the instructor for the Independent Study is determined, the faculty member must write an Independent Study Syllabus with educational goals, learning outcomes, meeting dates, course expectations, timelines and due dates.

Prerequisite(s): DEN 108, Minimum grade C, DEN 239

DSS 211 INTRO TO SOCIOLOGY

Introduces basic issues in the study of human groups such as socialization and the family, social mobility and stratification, the effects of technology and revolution, and the functioning of political systems.

Prerequisite(s): DEN 108, Minimum grade C

DSS 221 INTRODUCTION TO PSYCHOLOGY

Introduces students to basic principles and theories of human growth, motivation, action, cognition, personality, and social interaction.

Prerequisite(s): DEN 108, Minimum grade C

DSS 230 BASIC MATH SKILLS

This course gives students a basic understanding of the skills required for arithmetic operations, beginning algebra, fundamentals of geometry and mathematical problem solving approaches. This selection of topics is designed to develop students' mathematical reasoning skills with an emphasis on problem solving. Course content may be applied to analysis of data in the social sciences and K-12 education arenas, and throughout the art and design fields.

DSS 241 CULTURAL SEMIOTICS

Students will investigate cultural codes and their significance in society. Visual communicators will find this helpful in their development as artists and designers. **STUDENTS FROM ALL MAJORS (except Advertising Design, Fine Arts, Graphic Design, Illustration & Entertainment Arts) MUST OBTAIN PERMISSION FROM THE LIBERAL ARTS CHAIR TO REGISTER FOR THIS COURSE.**

Prerequisite(s): DEN 108, Minimum grade C

DSS 251 MEDIA STUDIES

Students are exposed to theories, philosophies, aesthetics, techniques, historical issues and contemporary conditions influencing film, video and digital motion message making.

Prerequisite(s): DEN 108, Minimum grade C

DSS 285 SPECIAL PROJECT 285

The Special Project class is offered on an occasional basis, with course content specific to the area being explored.

Prerequisite(s): DEN 108, Minimum grade C

DSS 310 ART THERAPY MODELS

Explores theoretical approaches to art therapy historically and the role of the art therapist in assisting others to reach their highest potentials. Visual and diagnostic components, levels of expression and influences of imagery are addressed through case studies and art therapy.

Prerequisite(s): DEN 108, Minimum grade C

DSS 311 EXPRESSIVE ART THERAPY

Visual art making, music and dance can all be used in therapeutic settings to enhance treatment for mentally, physically, and emotionally impaired populations. This class presents theories and concepts of expressive arts therapies through lectures and experiential activities. Participation in various therapeutic modalities is required.

Prerequisite(s): DEN 108, Minimum grade C

DSS 316 CHILDHOOD AND THE IMAGINATION

This course combines a study of literary works in which children or childhood plays a significant role with a history of attitudes and ideas about children from the ancient world to the present, from the child as object of sciences to occasion for fantasy. Children's drawings and recent medical discoveries regarding the development of children are included.

Prerequisite(s): DEN 108, Minimum grade C

DSS 320 PSYCHOLOGY OF PERCEPTION

How do we see and what are we seeing? What are the mechanics of the eye, the activities of the brain, the roles of illusion, and the function of images in the mind and in communication? This course uses the neuro-biological model of the brain to explore discoveries in perception and Rudolf Arnheim's Visual Thinking to explore the complexities of visual imagery.

Prerequisite(s): DEN 108, Minimum grade C

DSS 324 PSYCHOLOGY OF CREATIVITY

Explores the psychology of the creative process, the psychology of the creative artist, and the interaction between the two.

Prerequisite(s): DEN 108, Minimum grade C

DSS 328 GENDER AND SOCIETY

An examination of gender and social life including the impact of gender roles on men and women and the collective creation and maintenance of a gendered society.

Prerequisite(s): DEN 108, Minimum grade C

DSS 330 PSYCHOLOGY OF ADJUSTMENT

Explores what psychologists have learned about issues including stress, anxiety, self-esteem, problem-solving, and decision making. Emphasis is placed on an accurate perception of reality and a positive self-concept.

Prerequisite(s): DEN 108, Minimum grade C

DSS 337 ABNORMAL PSYCHOLOGY

Explores the nature of abnormal psychology and human behavior. This course will examine the major psychological disorders, their symptomatic criteria and treatment.

Prerequisite(s): DEN 108, Minimum grade C

DSS 350 DEVELOPMENTAL PSYCHOLOGY

Covers physical, intellectual, emotional and social patterns of human development throughout the life span. Includes the study of the full breadth of human experience from infancy to old age and the major psychological theories for describing, explaining, and predicting developmental changes.

Prerequisite(s): DEN 108, Minimum grade C

DSS 351 AMERICAN POLITICAL PHILOSOPHY

American political and cultural identity finds its roots on the ideas and writings of great historical thinkers trying to make sense of the world. This class will provide an extensive overview of Western Political Thought and the European and American philosophers who contributed to what we now consider the 'common sense' of our political and cultural system. Readings will include: Machieavelli, Nietsche, John Locke, Thomas Jefferson, W.E.B. Dubois and more contemporary thinkers such as John Rawls, Susan Okin and Dr. Martin Luther King Jr. Through them we will trace the evolution of American political thought and ideals.

Prerequisite(s): DEN 108, Minimum grade C

DSS 375 THEORIES OF PERSONALITY

Examines the theories of major figures in psychology, including Freud, Jung, Rogers, Adler and Skinner, and the therapeutic applications developed from their theories.

Prerequisite(s): DEN 108, Minimum grade C

DSS 383 MATHEMATICS AND THE IMAGINATION

Includes an overview of mathematical concepts, especially those important for the arts. The history of the number system, Euclidian and nonEuclidian geometries, color problems, topology, symbolic logic, and computer graphics are considered. Designed for novices as well as those with computational skills, this course includes a special section on math anxiety.

Prerequisite(s): DEN 108, Minimum grade C

DSS 420 ART THERAPY EXPERIENTIALS

Art therapy is used to revitalize unique creative expression and to reconnect to inner wisdom: View of artist's self development through personal art. Field practicums to observe art therapy in practice and in the utilization of imagery.

Prerequisite(s): DEN 108, Minimum grade C

DSS 485 SPECIAL PROJECT 300/400

The Special Project class is offered on an occasional basis, with course content specific to the area being explored.

Prerequisite(s): DEN 108, Minimum grade C

Photography

Freshman Year

First Semester = 15 Credit Hours

| Earned | Course # | Course Title | Credits |
|--------|----------|--------------------------------------|---------|
| | DFN 117 | Design Concepts I | 3 |
| | DFN 101 | Foundation Drawing I | 3 |

PHOTOGRAPHY

DPH 111 PHOTOGRAPHIC PRACTICE:FROM HALIDE TO PIXEL

The course addresses the historical, cultural and artistic significance of photography as a medium. It also examines the many roles that photography plays in mass media, both in art and commerce. It introduces students to the technology of photography, from traditional to digital processes. Through lectures, demonstrations, field trips, shooting assignments and critiques, this course addresses both the complexity of, and opportunities in, the field of photography.

DPH 151 BLACK AND WHITE PHOTOGRAPHY

This course emphasizes visual communication through creative black and white photography. Camera technique, composition and darkroom skills are addressed. Attention on the interrelationship of subject, technique and intent is stressed.

Prerequisite(s): DPH 111

DPH 155 BASIC DIGITAL IMAGING FOR PHOTOGRAPHERS

Using the computer as a tool, students develop an understanding of digital photographic imaging capabilities and related outsourcing options.

DPH 209 INTERMEDIATE PHOTOGRAPHIC DIGITAL METHODS

This course explores more advanced applications of Photoshop, as well as more creative options for output of digital images. The expressive possibilities of digital photo-manipulation are emphasized, and technical problem solving regarding scanning and output are addressed.

Prerequisite(s): DPH 155, DPH 111

DPH 210 PHOTOGRAPHIC FINE ART CONCEPTS

Through assignments, readings, discussions and critiques, the student is encouraged to explore and experiment with image making strategies that derive from a personal perspective. Readings introduce the student to issues and ideas surrounding the practice and critical understanding of fine art photography.

Prerequisite(s): DPH 155, DPH 111

DPH 211 STUDIO LIGHTING I

This course addresses the fundamentals of photography using controlled lighting both within a studio context and on location. Students are introduced to aesthetic, technical and creative problem solving strategies, within a controlled lighting context. This is accomplished through intensive hands-on experience, the history of applied and fine art photography, lectures, demonstrations, shooting assignments and critiques.

Prerequisite(s): DPH 151, DPH 155

DPH 214 COLOR THEORY & PRACTICES I

This course introduces students to theories of color use and the practical applications as it is related to traditional and digital photography. Thorough oral and slide lectures, the history of color theory and color photography are addressed. Assignments are based on digital input, digital printing and traditional RA-4 printing, to illustrate the principles of color theory.

Prerequisite(s): DPH 111, DPH 151, DPH 155

DPH 251 STUDIO LIGHTING II

This course is a continuation of Studio Lighting I, which utilizes controlled lighting both in the studio and on location. Students perfect view-camera techniques and continue their exploration of controlled studio lighting techniques. Emphasis is on achieving a high level of technical, aesthetic and conceptual excellence. Note: Students are required to use a 4X5 camera for this course.

Prerequisite(s): DPH 151, DPH 155, DPH 211

DPH 254 COLOR THEORY & PRACTICES II

This course, a continuation of DPH 214, focuses on color management and color output as related to the digital print. Assignments continue to deepen the students understanding of aesthetics as it applies to the color image. Additional assignments emphasize 4x5 transparency film and its role in commercial photography.

Prerequisite(s): DPH 214

DPH 285 SPECIAL PROJECT 100/200

The Special Projects class is offered on an occasional basis, with course content specific to the area(s) being explored.

Prerequisite(s): DPH 111

DPH 306 PHOTOJOURNALISM

Both the journalistic and illustrative approaches to picture making is addressed through slide lectures, videos, demonstrations, critiques and field trips. This course begins a concentrated study of the genre through history, practice, and through instructor and student initiated assignments.

Prerequisite(s): DPH 251;

DPH 307 SOCIAL DOCUMENTARY PHOTOGRAPHY

Social documentary is a long-standing tradition within the medium of photography, ranging from the first uses of the objective photograph as document to contemporary uses of the straight photograph. Fine black and white printing and exposure techniques are emphasized, as well as the archival printing process.

Prerequisite(s): DPH 251

DPH 308 PLATINUM/PALLADIUM PRINTING

The image produced by this nonsilver technique has unparalleled beauty and offers infinite control over image characteristics. The course also covers the process of making enlarged negatives and the use of highlight/shadow masks for a wide range of contact printing processes.

Prerequisite(s): DPH 251

DPH 311 ADVANCED STUDIO LIGHTING I

This course emphasizes the commercial and conceptual issues related to making images in a controlled lighting context. Advanced creative problem-solving strategies are introduced to foster consistency in terms of style, lighting, craft, camera, technique, etc. Lectures, studio and location demonstrations, shooting assignments and critiques are included.

Prerequisite(s): DPH 251

DPH 313 ADVANCED PHOTOGRAPHIC FINE ART CONCEPTS

This course continues the student's concentrated study in personal fine art photography. A greater emphasis is placed on the development of a personal perspective and philosophy as it relates to the student's work. Through lectures, readings, discussions and field trips the student is encouraged to develop a greater understanding of the creative, conceptual and technical characteristics of their work, and to place that work within a contemporary context. The required readings focus on Post-Modernism and other contemporary movements in photography and art.

Prerequisite(s): DPH 210, DPH 251

DPH 351 ADVANCED STUDIO LIGHTING II

Students are introduced to advanced applied photography problem-solving strategies to foster consistency in terms of style, lighting, craft camera technique, etc. Lectures, studio and location demonstrations, shooting assignments and critiques are utilized to foster the student's ability to assemble a professional applied photography portfolio.

Prerequisite(s): DPH 311

DPH 353 ADVANCED PHOTOGRAPHIC FINE ART FORMS

This course continues the student's development in personal fine art photography through lectures, field trips and critiques. An emphasis is placed on the development of a personal artistic language through the introduction to photo sculpture, performance, installation, etc. Students are encouraged to explore nontraditional approaches to photography outside the two dimensional format.

Prerequisite(s): DPH 210, DPH 251

DPH 358 ADVANCED DIGITAL PHOTO MEDIA

This course emphasizes creative image making using Photoshop, and other image-making software. Image output and an introduction to interactive environments including websites and CD ROM are covered.

Prerequisite(s): DPH 209

DPH 364 ADVANCED DIGITAL OUTPUT

This course explores more advanced methods of printing with Digital printers. Topics covered include scanning control, color management, printing profiles of different media, and advance Photoshop imaging techniques.

Prerequisite(s): DPH 151, DPH 155

DPH 411 PHOTO THESIS PROJECT I

In this course, students must demonstrate proficiency in their specific area of photography by producing a cohesive portfolio. Each student works under the guidance of his or her chosen faculty mentor. A comprehensive description of the intended work schedule must be submitted by the student and approved by the mentor and the department chair. It is the student's responsibility to adhere to the agreed upon work schedule and meet with his/her mentor on a regular basis and to attend all group meetings and seminars.

Prerequisite(s): DPH 313, DPH 351, DPH 353

DPH 451 PHOTOGRAPHY THESIS PROJECT II

A continuation of DPH411 Photography Thesis Project I. Students must demonstrate proficiency in a specific area of photography by producing a cohesive body of work. It is the student's responsibility to strictly adhere to the agreed upon work schedule and meet with his or her advisor on a regular basis and attend all group meetings and seminars which the advisor or department chair schedules.

Prerequisite(s): DPH 411

DPH 475 PHOTOGRAPHY INTERNSHIP

Participation in an internship experience allows students to use classroom-learned skills in a related employment experience. Students must work a minimum of 135 hours over the course of the entire semester. To participate students must be of junior or senior status with completion of freshman and sophomore studios. Students must have a minimum cumulative GPA of 2.8. Seniors may not be eligible to participate in an internship during their final semester. Transfer students must have attended one semester at CCS in addition to meeting the other eligibility criteria.

DPH 485 SPECIAL PROJECT 300/400

The Special Project class is offered on an occasional basis, with course content specific to Photo majors.

Prerequisite(s): DPH 251, DPH 254

DPH 490 INDEPENDENT STUDY

Independent Study is available to students who are at Junior and Senior level standing with a cumulative grade point average of 3.00 or above. The student may receive approval to work in an area or on a project that is not otherwise offered or addressed in the regular curriculum. Students may receive credit toward graduation for no more than 6 credit hours. The student must submit to the chairperson of the department in which they wish to study, an Independent Study Proposal of 150 words (no less) of the student's plan for study and her/his reason for choosing to study independently. Once the department chairperson provides approval and the instructor for the Independent Study is determined, the faculty member must write an Independent Study Syllabus with educational goals, learning outcomes, meeting dates, course expectations, timelines and due dates.

DPH 500 NEW YORK STUDIO PROGRAM

Students in good standing have the opportunity to study in New York City through the Association of Independent Colleges of Art and Design's New York Studio Program. Further details are available from the Photography Department.

DPH 505 MOBILITY

Through the College's affiliation with the Association of Independent Colleges of Art and Design, junior or first semester senior students in good academic standing have the opportunity to spend a semester (fall or winter) or full year studying at another member institution in the United States or abroad. Application information is available in the Academic Advising and Registration Office.

DPH 515 STUDY ABROAD

Junior or first semester senior students in good academic standing have the opportunity to spend a semester (fall or winter) or a full year of study at an accredited institution abroad. Information is available from International Student Services.

STUDENT LIFE PROGRAMS

SLP 007 CCS EXPERIENCE

The CCS Experience course is designed to acclimate new CCS students to campus culture, academic expectations and life as a college student. The course strives to equip new students with the skills needed to be successful students and artists/designers while providing the support needed to meet the challenges set before them by CCS. Students will be required to make weekly entries into a sketch book and journal, participate in a group research project and community service project and other assignments. Topics for this course will include career exploration, transitioning into college life, Blackboard skills, technology on campus, presentation skills, personal budgeting, and community service. The course will also strive to assess student strengths and weaknesses relative to college success and to act as a support system for new CCS students.
